

Group Backs Loans to States For Jobless Pay

Favors Authorizing U. S. to Advance Cash To Extend Benefits

Washington —P— The senate finance committee today approved a house-passed bill authorizing the federal government to advance money to the states for a temporary extension of unemployment benefits. The vote was 11-4.

Chairman Harry F. Byrd (D-Va.) said the anti-recession measure, endorsed by the Eisenhower administration, will be brought up for action in the senate next Tuesday.

The committee rejected by a 10-4 vote a substitute proposal of Sen. Paul H. Douglas (D-Ill.) to liberalize the emergency measure and to strengthen the unemployment insurance system on a permanent basis.

Douglas, who called the house bill ineffective, said the fight will be carried to the senate.

Optional for States
A key feature of the bill, and a center of controversy, makes state participation in the emergency program optional.

Participating states could draw federal funds to extend by as much as 50 per cent the number of weeks in which insured workers who have exhausted their benefits could draw unemployment compensation.

In most states this would mean an additional 13 weeks, but both the amount of benefits and their duration vary from state to state.

The cost of the program, assuming all states participate, has been estimated somewhat in excess of \$600 million.

However, the bill provides reimbursement of the federal advance. The payroll tax on employers in participating states would be increased, beginning in 1963, unless the money had been otherwise repaid by the states.

Supporters of the house measure contend that it preserves states rights, but opponents argue that few states would be likely to participate because the cost would put their employers at a competitive disadvantage.

Listed as voting for the substitute measure urged by Douglas, in addition to Douglas, were Sens. Robert Kerr (D-Okla.), Albert Gore (D-Tenn.) and George W. Malone (R-Nev.).

Panama Declares State of Siege

Panama —P— The government declared a state of siege today while national guardsmen fought to regain control of the city from rioting students and hoodlums. Gunfire killed a boy and wounded at least six other persons.

Guardsmen hurled tear gas grenades at rioters who charged through the streets armed with clubs, rocks and bottles.

The first confirmed death was that of an unidentified boy shot in the chest. Government broadcasts said he was hit by a sniper and not by troops.

One Panama City radio station reported two persons dead and many wounded. Another broadcast listed the names of six persons — including children — admitted to a hospital with bullet wounds.

Man Drowns After Falling From Bridge

New London — Jerry Catencamp, 23, 69 Brix street, Clintonville, a construction worker on the Northport bridge, was drowned today in the Wolf river when a raft on which he was working tipped.

Catencamp and Ronald Allen, 18, Shiocton, were removing plank forms from concrete on the underside of the County Trunk X bridge from a scaffolding on a raft about 10:15 this morning when the rope holding the raft broke and the raft tipped.

Catencamp grasped the beams on the bridge and hung on for about three minutes and then fell into the river and drowned. Allen jumped from the scaffolding into the raft, which grounded itself.

New London firemen and Lyle McCully, of the Waupaca county traffic patrol, dragging the river, recovered the body about 10:45. The Heuer and Sievers Funeral home is making funeral arrangements.

Catencamp is the son of Mr. and Mrs. Eugene Catencamp, 98 Hemlock street, Clintonville.

Douglas, who called the house bill ineffective, said the fight will be carried to the senate.

The Wunderlich Brothers Construction company, Appleton, is building the highway bridge.

Regents Will Appeal Ruling

Challenge Decision On Illegal Ousting Of College Professor

Madison —P— The board of regents of state college voted unanimously today to appeal a recent court decision which held that they had illegally ousted a Superior State college professor from his job.

The board passed a resolution requesting the attorney general to make the appeal to the Wisconsin Supreme court on their behalf. There was no debate on the question.

The decision, handed down by Judge Richard Bardwell in circuit court for Dane county, was sharply critical of the way in which the regents conducted a hearing which upheld the firing of Prof. George Ball. Bardwell also ordered the board to give Dr. Ball a new hearing.

Favors Appeal
Lewis Magnuson, regent from Oshkosh, said the board should appeal the case in an effort to determine exactly what its rights and powers were in conducting hearings.

"The statutes merely say we must conduct a hearing but they don't say how we're supposed to do it," he said.

Ball was given notice of his dismissal more than a year ago in a letter from Jim Dan Hill, president of the Superior institution. Hill, in the letter, advised Ball to "seek employment elsewhere."

New President Named For Platteville College

Madison —P— Bjarne R. Ullsvik, 46, administrative assistant to the president of Illinois State Normal university at Normal, was named president of the state college at Platteville today.

He was named by the board of regents of state colleges to succeed C. O. Newlin, who retires in September.

Each Side Accuses Other as French and Tunisians Clash

The Pilot of This Plane, Wolodymyr Rondiak, 50, New Haven, Conn., escaped with cuts and bruises when it dived into the roof of a home near the Ansonia, Conn., airport. The occupants of the house were away at the time. The nose and cab of the plane dropped into the living room of the house. The cause of the crash was not determined immediately. (AP Wirephoto)

Ike Orders Study of Firm Rapped On Contract

President's Action Prompted By Midair Crash in Maryland

Washington —P— President Eisenhower today ordered his air coordinating committee to make a special study aimed at eliminating midair collisions "to the maximum degree."

The White House said Eisenhower's action was prompted by the collision in Maryland Tuesday of an air national guard jet and a commercial airliner. That crash took a dozen lives.

At the same time, Eisenhower arranged to confer later in the day with two house members who are members of a committee investigating the Tuesday crash.

Rep. Prince Preston (D-Ga.) said he and Rep. Cliff Cleveland (R-Ohio) got word from the White House that Eisenhower would see them.

Offer Stopgap Plan
Preston and Cleveland are the top members of a house appropriations subcommittee which was rebuffed by federal air officials last night on a subcommittee stopgap plan aimed at halting civilian-military air crashes.

The subcommittee voted to take the issue directly to Eisenhower. Preston said a White House aide, Jack Anderson, came to his office this morning with word of the appointment.

Eisenhower's air coordinating committee is headed by retired air force Lt. Gen. Elwood R. Quesada.

The White House announced

ment by Press Secretary James C. Hagerty said:

"At the request of the president, E. R. Quesada, chairman of the air coordinating committee, will hold a series of special meetings of his committee, starting tomorrow, designed to further accelerate air safety actions and to eliminate to the maximum degree possible mid-air collisions."

"Mr. Quesada will report as soon as possible to the president on measures already taken on recommendations to the congress and on the results of these special meetings."

"The committee is responsible for coordinating national aviation policies where more than one federal agency is involved."

New Jersey Nike Missile Base Is Rocked by Blast

Middletown, N. J. —P— An explosion rocked the U. S. Army Nike guided missile base here today. State police reported there were several dead and injured.

The base is one of 10 in northern New Jersey designed to guard the New York metropolitan area.

State police said ambulances were on the way to the base. The base is equipped with the Nike Ajax. The missile is designed to bring down planes flying at altitudes up to 60,000 feet.

It is liquid fueled, about 20 feet long, and about a foot in diameter. Its booster weighs slightly more than a ton.

Fair's Fair but Frost Ain't, Weatherman

Wisconsin — Fair and much cooler tonight with frost likely in most sections away from Lake Michigan. Friday will be fair and cool. The low tonight will be in the 30s north and in the low 40s extreme southeast. Outlook for Saturday is for fair and a little warmer.

Appleton temperatures for the 24-hour period ending at 10 o'clock this morning: High 75; low 47. Temperature at 11:15 this morning, 54, with the wind from the north at 18 miles an hour and the barometer at 29.88 inches. Precipitation .15 inches. Weather map on Page B 15.

Sun sets tonight at 8:20, rises Friday morning at 5:19; moon sets tonight at 11:36. Prominent stars are Antares, Spica and Jupiter.

Cost of Living Reaches New Peak in April

Federal Officials Look for 'Peaking Out' During Summer

Washington —P— Another record high in housewives' grocery costs sent the government's living cost index to a new peak in April.

Officials who announced the new rise today had some good news for consumers, however. They said some food prices are declining in May and that the over-all living cost level seems to be "peaking out," or reaching a somewhat stable level for the summer months.

Ewan Clague, labor department statistics commissioner, told a news conference that "in a broad general way I'd say the index has shot its bolt—there's no question about it, the big rises are now over."

The government index rose two-tenths of 1 per cent between March and April, reaching 123.5 per cent of the 1947-49 base period.

Food Prices Rise
The April rise was wholly due to higher food prices, particularly fresh fruits and vegetables. Prices for meats and fish also were higher.

The April living cost level was 3.5 per cent above April, 1957. It represented the 18th increase in the last 20 months. It has declined only once in the last 28 months.

The new living cost rise means a pay increase to about half a million workers based on labor contracts geared partly to changes in the government index. Most of the workers will receive boosts on June payrolls of about two or three cents an hour. Some will get as high as five cents an hour additional.

An additional 750,000 workers would normally receive living cost pay adjustments based on the April index increase. This includes employees of the major auto companies. Labor contracts for these workers are expiring at the end of this month.

Truman, Stevenson to Speak at Party Dinner

Chicago —P— Former President Harry S. Truman and Adlai E. Stevenson will be main speakers at a \$100-a-plate Democratic fund raising dinner tonight.

More than 2,600 persons are expected to fill the grand ballroom and adjoining rooms in the Conrad Hilton hotel for the annual Cook County Democratic fund dinner. Others listed as speakers are Paul Butler, Democratic National chairman, Sen. Paul H. Douglas (D-Ill.) and Rep. William L. Dawson (D-Ill.).

Troubles in North Africa Grow for Paris Regime; Airport Reported Bombed

Paris —P— Fighting between French and Tunisian forces erupted in Tunisia today, heaping new North African troubles on Premier Pierre Pflimlin's government.

President Habib Bourguiba said in Tunis the fighting broke out after French planes dropped a bomb yesterday on the airport at Gafsa, in south central Tunisia 25 miles from the Algerian border.

The French had accused Tunisia of trying to provoke a clash with French troops at a time when the government in Paris is trying to regain control of neighboring Algeria from French rightists.

Bourguiba said in a radio broadcast four French planes

were ordered to leave the Gafsa airport, one which Tunisia demands the French evacuate. Subsequently they were fired on by Tunisian security forces and one bomb was dropped on the runway, he added.

The fighting started this morning between French troops stationed at Fasa and Tunisian security forces, Bourguiba said. He did not indicate how extensive the fighting was.

French Restricted
French troops and planes have been technically restricted to their bases by Tunisian orders since the bombing of a border village in February touched off a crisis between France and its former protectorate.

Bourguiba said French and Tunisian troops also were face to face at another trouble spot, Remada, south of Gafsa and not far from the Libyan border. The Tunisians charged Tuesday that French soldiers left their base at Remada and kidnapped six Tunisian soldiers. They were later freed.

Bourguiba again demanded that all French troops clear out of Tunisia. He said he hoped this could be worked out in a friendly manner "but we fear that we will no longer find anyone in authority with which to discuss the problem."

A conservative leader, meanwhile, lent a hand to hard-pressed Premier Pierre Pflimlin by going off to see Gen. Charles de Gaulle, who has offered to assume full power in France.

The leader, Antoine Pinay, was reported urging De Gaulle to use his enormous influence over insurgent military men and French colonialists in Algeria to bow to Paris' authorities.

A source close to the government said Pinay, a former premier and leader of the moderate conservatives, was acting on his own responsibility but had told Pflimlin and President Rene Coty what he was doing.

Meets De Gaulle
The leaders of the 9-day-old Algeria insurgent movement were cheered wildly by about 100,000 residents of Oran as they flew into that western Algerian city today.

Pinay left Paris today. Usually reliable Gaullist sources served Roman ruins dating from the time of the Emperor Nero. The village is Lebanon's most famous tourist attraction.

The heavy combat forced Mitchell Harris, an American, to leave his home in Baalbeck for a nearby village. Harris, a longtime resident of Baalbeck who was born in Buffalo, N. Y., stayed behind after his wife fled to Beirut three days ago.

Lebanon Will Complain to UN

Ready to Accuse Arab Republic Of Interference

Beirut, Lebanon —P— With renewed fighting raging again in Lebanon, the government decided today to complain to the United Nations Security council that there is "massive interference" in Lebanese affairs by the United Arab Republic.

The United Arab Republic comprises neighboring Syria and Egypt. The decision was announced after a midday cabinet meeting. A note is expected to be sent to the security council tonight. Earlier, the foreign relations committee of parliament voted 7-3 to submit the complaint.

Forced to Flee
Lebanon thus becomes the second Arab state ever to complain to the security council against another Arab state. The first was Sudan, which also complained against the Egyptian government in a border squabble.

The new fighting involved government forces and a splinter Moslem sect around the historic village of Baalbeck throughout yesterday.

A band of Shiite Moslems stormed the town yesterday morning but were driven out later in the day. Fighting continued outside Baalbeck, which contains one of the best preserved Roman ruins dating from the time of the Emperor Nero. The village is Lebanon's most famous tourist attraction.

The heavy combat forced Mitchell Harris, an American, to leave his home in Baalbeck for a nearby village. Harris, a longtime resident of Baalbeck who was born in Buffalo, N. Y., stayed behind after his wife fled to Beirut three days ago.

100,000 in Oran Cheer Leaders Of Algerian Insurgent Movement

BY DAVID MASON

Algiers —P— About 100,000 residents of the Oran area today wildly hailed the top leadership of the 9-day-old Algerian insurgent movement.

The little group of generals and civilians—led by Gaullist leader Jacques Soustelle—flew to Algeria's second largest city to consolidate their power.

They arrived in the western Algerian city of about 300,000 by a special transport plane from Algiers. The plane was escorted by a squadron of French Air Force Mystere jet fighters.

Cheers For Soustelle

The group included Brig. Gen. Jacques Massu, the toughest paratroop commander who touched off the insurgent movement May 13, and Cherif Sid-Lakara, a Moslem who was secretary of state in the government of former Premier Felix Gaidoud.

Soustelle, who fled Paris last week, said the Algerian insurgent movement began. So far there have been no signs of the decadence in France," any food shortages anywhere in Algeria.

The speeches were carried throughout Algeria by Radio Algiers, now controlled by the Algerian committee of public safety set up by Massu.

Sid-Lakara reportedly has agreed to head a similar all-Algeria committee expected to be set up shortly.

Massu brought roars from the crowd when he said the army had transformed the Algerian revolt into a movement of unity.

Soustelle and Massu demanded Gen. Charles de Gaulle's return to power in Paris and pledged that the Algerian insurrection will continue until then. Two more cargo ships arrived in Algiers this morning, bringing food and manufactured goods from France. Shipments from France have slowly increased after being cut off by

House Forwards Postage Increase Measure to Ike

Washington —P— The house passed and sent to the White House today a bill to raise the cost of a first class letter from 3 to 4 cents and on airmail letters from 6 to 7 cents.

The rate hikes will take effect Aug. 1 if President Eisenhower signs the bill.

The measure also carries wage increases for post office workers aggregating \$380 million a year — more than Eisenhower proposed.

The house sent the compromise measure to the White House by roll call vote after brief discussion. The senate passed it yesterday 38-0. The house vote also was unanimous, 379-0.

The bill provides for an overall increase in postal rates of an estimated \$350 million annually.

As a revenue-producer, the bill falls about \$150 million short of what the president wanted while the raises it provides for 520,000 postal employees total \$220 million more than Eisenhower proposed. The bill is a compromise of measures passed separately by the house and senate. Its major provision is for an increase from three to four cents in the cost of mailing a first-class letter. This accounts for about 350 million dollars of new postal revenues.

Hands Raised, State Prison Escapee Joseph Rose emerges from the cellar of a house in Hartford, Conn., to face state and local police with drawn guns. His companion, Robert Mandell, followed in the same manner moments later. (AP Wirephoto)

Auto Workers, GM Resume Bargaining

Tension, Uncertainty Increase As Talks Resume; Company Denies Charge Filed by Walter Reuther

Detroit — Tension and uncertainty mark the renewal today of bargaining talks between General Motors and the United Auto Workers union.

During a recess Wednesday the company and union joined hands to battle rebellious skilled workers at a national labor relations board (NLRB) hearing.

But tension mounted when GM fired a hot reply to a statement by UAW President Walter P. Reuther accusing GM negotiators of failing to show any indication "they are ready to begin bargaining."

Eight Days

Only eight days remain before the current 3-year contract expires.

Vice President Louis G. Seaton, head of the GM bargaining team, said Reuther's statement "is fantastic in view of the fact that only last week the UAW settled major agreements (in the aircraft industry) for considerably less than what General Motors has put on the bargaining table."

GM, Ford and Chrysler have offered to extend for two years the 2 1/2 per cent wage improvement factor of present contracts.

The UAW and the big three joined forces before the NLRB to fight craft unions seeking separate bargaining rights in the auto industry.

Supported Argument

Reuther told the NLRB that agreements with auto makers cannot be concluded until it is known whether the UAW will continue to represent craftsmen as well as production workers. NLRB Chairman

Boyd S. Leedom promised to expedite a decision.

The auto companies supported Reuther's argument.

In criticizing GM's bargaining, Reuther said the "1955 model contract is no more acceptable today than a 1935 model car." He said the companies changed their 1955 model cars and the UAW believes they should change the contracts.

Seaton said the UAW demands would increase GM's labor costs more than 73 cents per hour per worker.

The UAW has not said publicly what it figures its demands amount to per hour per worker but it disagreed with GM's estimate. The current average hourly wage is \$2.40.

Top Scientist Says Russians Have ICBM

Cleveland — A leading nuclear scientist says the launching of Sputnik III was final evidence that the security of the United States is "measured in minutes."

Dr. Ralph E. Lapp, a leader in the wartime Manhattan project and who later directed nuclear scientific branches for the war department, said last night the launching of the latest Russian satellite eliminated all doubt that the Soviet Union had an intercontinental ballistic missile.

He addressed some 650 persons at the annual banquet of the American Foundrymen's society.

The recent firing of a 3,000-pound satellite, he said, was evidence that Russia could fire nuclear missiles from its bases to this country in 20 to 30 minutes.

Hydrogen bomb tests conducted by the United States in 1954, when a Japanese fishing boat 100 miles away was contaminated, showed that the accuracy of ICBMs with hydrogen warheads was no longer an important military problem, Lapp added.

He said efforts to end the atomic race should be intensified and expressed the opinion that a ban on nuclear tests probably was possible since Russia had as much to lose as this country.

Britain Cuts Bank Rate to 5 1/2 Per Cent

Move Designed to Ease Control on Nation's Spending

London — Britain today eased its tight control on the nation's spending by cutting the official bank interest rate down to 5 1/2 per cent.

The reduction from 6 per cent was another cautious step to show confidence in British currency without encouraging an inflationary spending spree.

The interest rate reduction, announced by the government-controlled Bank of England, set off a buying surge in the London stock market. Messengers in the traditional top-hatted uniform of London's financial district carried the news from the bank shortly before noon.

Reduction Welcomed

"We welcome the reduction in bank rate and look upon it as one more brake eased by the government in its plan for gradually easing restraints," said the Association of British Chambers of Commerce.

The National Union of Manufacturers said "this is fresh and welcome evidence that whatever is happening abroad, the government's fight against inflation at home is resulting in steadily increasing confidence in the country's prosperity."

The Bank of England said the reduction was made because "speculative pressure against sterling had ceased." Foreign speculators had endangered the value of the pound sterling by dumping it at reduced prices when the British economy appeared particularly shaky last year.

Second Reduction

It was the second reduction in nine weeks in the fight to bolster the British economy. The rate was cut on March 20 from 7 to 6 per cent.

The bank rate is the control valve on the nation's economy. It had been sent skyrocketing last September to 7 per cent—highest in Britain since 1921—in a fight to tighten credit and steady the value of the shaky pound sterling.

Girl, Companion Killed By Jealous Student, 17

Shots Fired by Son of Former Mayor, County Attorney in Nebraska Village

Albion, Neb. — An honor student and the daughter of a prominent farm family died in a burst of gunfire Wednesday night from the rifle of a rival for the girl's attention.

The shots that shocked this town of 2,132 population were fired by Kermit Keeshan, 17. His father, William, is a former county attorney and mayor in Albion.

Keeshan tried to kill himself with a bullet in the head after he killed Jerry Sherwood, 18, and Diane Zaruba, 17. He is expected to recover.

Young Sherwood, whose father, Lynn, is a former school board president, was killed at the rooming house where Diane stayed while in school.

Bravery of Housewife

Diane was slain despite the bravery of housewife Mrs. Frank Svoboda who said she didn't have time to get scared as she tried to keep Keeshan from Diane.

Deputy County Attorney Ray Medlin Sr., said the shooting started when Keeshan, carrying his 22 rifle, found Jerry with Diane.

Apparently there was a struggle between the boys and then a shot that hit Jerry in the heart.

The shot sent Diane screaming from the house and racing toward the Svoboda backyard where Mrs. Svoboda was working.

A shot hit the running girl in the leg but she hobbled onward to the side of Mrs. Svoboda who waved her on to the Svoboda back door.

Slapped His Face

Mrs. Svoboda stood quietly as Keeshan raced up, then, when he came to a halt, slapped him.

Former Business Head of Denver Post Dies at 62

Denver — Maj. F. W. Bonfils, 62, former business manager of the Denver Post and member of a prominent Colorado family, died last night at St. Joseph's hospital.

He became ill this spring while vacationing at Las Vegas, Nev., and entered the hospital March 4. He was under treatment for hepatitis, a liver ailment.

Maj. Bonfils was a graduate of the U. S. military academy and was business manager of the Denver newspaper from 1926 until May 1951, when he retired. He first joined the Post in September 1924 as assistant to the late publisher, F. G. Bonfils.

He was graduated from West Point in 1916 and saw service in France during World war I with the 4th Engineers, 4th Division.

After the war, he did graduate work at Massachusetts Institute of Technology. He was assigned to duty with the army's corps of engineers at Cincinnati, performing engineering tasks along the Ohio river.

No Major Presidential Nomination Bids Come From Governors' Talks

Conference Adopts Gov. Thomson's Plea for Stateless Persons Study

Miami Beach, Fla. — The nation's governors headed homeward today from their golden anniversary conference without having pegged any star performer for the 1960 Democratic and Republican presidential nominations.

In four days of meeting, the governors covered subjects ranging from the size of the National Guard to a proposal for a White House conference on the recession.

Green Bay Democrat Hurls 'Pomposity' Charge at Steinele

Milwaukee — A Democratic office seeker Wednesday night accused GOP senate aspirant Roland Steinele of "pomposity" and said prospects of his endorsement by the state Republican convention "prove how bankrupt the Republican party is."

"Steinele's pomposity will not carry the day," said John Reynolds, Jr., of Green Bay, candidate for Democratic nomination for attorney general.

Appoint Committee

Thomson's resolution calls for appointment of a committee to study problems that develop when persons moving from state to state are unable to meet local residency requirements for relief aid.

The governors heard Secretary of Defense McElroy and Secretary of the Treasury Anderson explain what the federal government is doing—and why it hasn't done more—to combat the business slump.

But behind the scenes governors who consider themselves available for their party's top nomination two years from now maneuvered for position and publicity to help their cause.

General Opinion

The general opinion among those who had no national ambitions was that none of those who displayed their wares made much headway in a field from which the party nominees traditionally are chosen.

Democratic Gov. Robert B. Meyner of New Jersey, who would like to be the 1960 Democratic nominee, stumbled over a coalition roadblock in his efforts to win the chairmanship of the conference. Southern Democrats and conservative western Republicans gave the plum to Democratic Gov. LeRoy Collins of Florida.

This helped Collins in his obvious bid to become a compromise representative of the south on a 1960 Democratic ticket that would avoid any showdown stand on the school segregation issue.

Attend Colman Funeral

Santa Barbara, Calif. — Many motion picture colleagues turned out for the quiet, simple funeral of British-born actor Ronald Colman.

Eastern hymns were played during the 15-minute service Wednesday. There was no eulogy for Colman, 67, who died Monday of a lung infection.

Colman's widow, Mrs. Benita Hume Colman, was accompanied to All Saints-by-the-Sea Episcopal church by actor William Powell. Richard Barthelmess took the arm of the actor's daughter, Juliet, 13.

Others who made the 100-mile trek from Hollywood included George Sanders, Joseph Cotten, Patricia Medina, Jack Benny, Vincent Price, Gladys Cooper, Herbert Marshall and George Cukor, who directed Colman's academy award-winning performance in "A Double Life."

Sewage Plant At Mud Creek Requested

**Town Businessmen
Say It Would Save
Money in Long Run**

Businessmen west of Appleton want a sewage treatment plant built at Mud Creek.

Eleven of them Wednesday night said in a letter to the city council they believe Mud Creek is the answer to the sewage problem between the west city limits and Highway 41.

They cited the cost of the lift station south of W. Wisconsin avenue and the estimated \$127,000 lift station the city is considering along W. Lindbergh street extended as costs which more wisely might be placed in a plant at Mud Creek.

Drains Into Creek Now
A Mud Creek plant someday, they say, will service the entire area to the highway, all of which now drains into the creek anyway.

City Atty. Don Jury said it is possible for the city to buy land for the plant and build a plant that far outside the city. Mains could be laid along existing county and town roads if easements are obtained, he said, but obtaining easements would be a big problem.

Signing the request were Norman Kohl, Walter and Adelbert Boettcher, Elm Tree Baking company, Barnard and Willard Tillman, William Wittgren, William Strobe, Mrs. Marie Strey and S. Biggar.

Agent Has Needed Applicants for Term Life Policies

Exactly 78.54 per cent of the 275 employees under control of the city council have signed to obtain the \$2,000 term life insurance policies in which the city will share costs.

Carl Sherry, agent for the company which will furnish the policies, announced obtaining the needed 75 per cent of employees at the board of public works meeting.

The policies take effect July 1, with the employees to pay \$1.20 a month and the city the rest of the premium cost. The cost of premiums has not been determined nor has the council voted on how much it will pay.

The board decided to continue writing of specifications for liability insurance for which the city will advertise later. In doing so, the board rejected a suggestion that about \$5,000 a year be placed in a separate fund within the city budget to defray whatever claims are recognized.

Nurse's Stamp Gift Now Worth About \$42,000

New York—Three years ago an elderly patient insisted on giving Nurse Stephanie Buetens some sheets of stamps as a memento.

They were United Nations stamps issued Dec. 10, 1954, with a face value of 3 cents each.

Miss Buetens put the 100 sheets—50 stamps to a sheet in a closet and forgot about them, except when she was spring cleaning and they were in the way. Several times she was tempted to throw them out.

Last week she saw a professional stamp dealer discussing rare stamps on television. She got in touch with him and brought her stamps to him.

These are worth \$42,000, said Philatelist Jack Taub.

"I thought I would just die," 25-year-old Miss Buetens recalled today. "You're kidding! That's all I could say."

She hasn't quite decided whether to sell the stamps now or wait a few years to see if their value goes up.

Lawmakers Being Fed To Death, Medic Says

St. Louis—The attending physician to congress says our lawmakers are being fed to death.

Rear Adm. George W. Calver said here Tuesday night at the opening session of the American College of Cardiology convention a combination of rounds of luncheons and dinners plus the stress of making the nation's laws, adds up to a high rate of congressional heart and circulatory diseases.

Dr. Calver, president-elect of the cardiology group, said sitting and listening to a colleague's orations just isn't enough exercise to consume the fuel taken in by heavy political dinners.

High Scoring Tilts Feature Softball Loop

Mullen's Barbers,
Locks Paper Post
Wins Tuesday Night

Kaukauna — High scoring games continued to dominate the City Softball league Tuesday night as Mullen's defeated Arcade 18 to 16 in the opening game and the second contest had Combined Locks Paper defeating Arnie's 19 to 5.

The opening game was a hitting duel with the losers picking up 19 safeties compared to 16 for the winners but the latter had seven walks compared to three for the losers.

The losers opened with eight runs on eight hits in the first inning, big blows being a double by Jim Van Abel and a triple by Jerry Ederer. The winners scored three in the first inning and tied the game at 8-8 in the second with a 5-run outburst. Tom Van Abel homered for the winners in the second. Arcade scored one run in the third, one in the fourth and six in the sixth.

Mullen's added three runs in the third inning, one in the fourth and six in the fifth. Jim Van Abel had four hits in five trips for Arcade while Merle Stroebel and Lyle Kamps each had four hits in five tries for the winners.

Locks Paper Wins
Combined Locks continued its free scoring pace as it ang up a 19 to 5 win over Arnie's bar in a 5-inning contest. The winners now have scored 56 runs in three games. Locks made only eight hits compared to nine for the losers. The winners received 13 walks and their opponents were guilty of three wild pitches and seven errors.

Arnie's scored one run in the first inning, one in the third and three in the fifth. A triple by Jack Roberts and a homer by Joe Giordana were the big blows in the fifth.

The winners scored three runs in the first frame on one hit, added 10 in the second on only two hits, picked up four in the third on four hits and scored two in the fourth on one hit. Roberts had three hits in four tries for the losers while George Brautigan had two hits in two tries. Bob Sachs led the winners with two hits in three tries.

VFW, Legion to Plan Program for Memorial Day

Kaukauna — Memorial day committees from the Veterans of Foreign Wars and American Legion post will meet at 7:30 this evening at Sully's bar to work out final plans for Memorial day observance.

Also present for the session will be representatives of the auxiliaries of both units. The Veterans of Foreign Wars is in charge of this year's program and Clarence Sullivan is chairman for the planning committee.

Other men representing the VFW will be Michael Gerharz, Jr., Edward Matchett, Mark Nagan, Bill Woods, Robert Nielsen, Frank Mitchell and James McDaniel. Representing the VFW auxiliary are Mrs. James McDaniel and Mrs. James Kelly.

Representatives of the Legion post are Steve Andrejeski and Alfred Marzahl while Mrs. Alfred Marzahl and Mrs. Fred Mason will represent the Legion auxiliary.

120 Attend Communion Breakfast of St. John Christian Mothers

Kaukauna — About 120 mothers and daughters attended the annual communion breakfast and program held by St. John Christian Mothers society.

A 30-minute review of the year was presented by Mrs. Carl Lindler, Green Bay and Mrs. Carl Lindler, mistress of the ceremonies. Mrs. Joseph Puerl, who welcomed the guests, and Maria Kay Puerl, who gave the response on behalf of the guests.

Prayers were read by Karen Harsanyi and Mrs. Clarence Halaga. Remembrances were awarded to mothers and daughters. The breakfast was served by the members of the society.

Kaukauna Births

Kaukauna — The following births were reported today at the Kaukauna Community hospital:
Sun to:
Mr. and Mrs. Pasquel Salazar, Box 132, Freedom.
Daughter to:
Mr. and Mrs. Michael Verhagen, 404 W. Seventh street, Kaukauna.

Visiting at Locks

Combined Locks — Mr. and Mrs. James Van Camp and family, Waterloo, Iowa, are visiting at the John Schermer home. The Van Camps are former residents of Little Chute.

New Officers of the Kaukauna Chamber of Commerce are shown working on committee appointments for the coming season. Left to right are Jack Conlon, president; James Bamberg, secretary-treasurer and Mark Nagan, vice president. (Post-Crescent Photo)

Name Kaukauna Pastor Delegates for North Synod President Badger States

Rev. John Schieb
To Assume Duties
After 28 Years Here

Kaukauna — The Rev. John Schieb, pastor of Immanuel United Church of Christ in Kaukauna since 1930, will leave Sept. 1 to assume duties as president of the North Wisconsin Synod of Evangelical and Reformed churches.

The Rev. Mr. Schieb was named to the office at the spring meeting of the North Wisconsin Synod held at Shawano. The North Synod is composed of 73 churches with a total of 25,000 members.

Rev. John Schieb

tal of 25,000 members. It involves the entire north half of the state from Fond du Lac to the Michigan state line. Included in the area is Lakeland college and Mission House seminary.

The new president arrived in Kaukauna Aug. 1, 1930, his second parish after graduation. Born in New Franklin in Sheboygan county, the Rev. Mr. Schieb attended elementary schools there and enrolled in Mission House academy.

After graduation he attended Lakeland college, graduating in 1923. He then attended Mission House seminary, graduating in 1926 and did post graduate work at McCormick Theological seminary, graduating in 1927. His first parish was Campbellsport where he served as pastor for slightly less than three years.

Kaukauna Parish
The Kaukauna parish had about 300 parishioners when the Rev. Mr. Schieb arrived here and since that time it has grown to over 525 persons. In 1954 an \$87,000 addition to the church and Sunday school was completed under the direction of the pastor.

Many other improvements have been made to both the church and parsonage since his arrival. Currently being planned is a 5-year building program to provide a new church annual communion breakfast and parsonage. No building held by St. John Christian Mothers society.

A 30-minute review of the year was presented by Mrs. Carl Lindler, Green Bay and Mrs. Carl Lindler, mistress of the ceremonies. Mrs. Joseph Puerl, who welcomed the guests, and Maria Kay Puerl, who gave the response on behalf of the guests.

Prayers were read by Karen Harsanyi and Mrs. Clarence Halaga. Remembrances were awarded to mothers and daughters. The breakfast was served by the members of the society.

Knoll Urges Full Time Conservation Board

Attacks Department Operation Procedures
Before Annual Kimberly Association Meeting

Kimberly — Urging a full time conservation commission and attacks upon department operational procedures were made by William Knoll at the annual meeting of the Kimberly Recreation association at the clubhouse Wednesday night.

Knoll, noted conservationist and editor of the Badger Sportsman, Wausau, lashed out against the conservation department's money spending program, the camp meat hunting system, controlled hunting and "propaganda" the department issues.

Knoll said the conservation budget has increased from \$4 million in 1948 to \$12 million at the present time.

"But where is the money going?" Knoll asked. "It is being squandered and spent by the game management division of the conservation department." Knoll declared that the use of inexperienced men in the field and lack of foresight and planning is the main reason for high costs.

Deer Surveys
The speaker described a deer survey taken by members of the department. In six hours the men covered seven counties in the northeast area and their report listed exactly how many deer there were in the area.

"One day when the weather was bad the men sat down at a table in a hotel at Spooner and figured out how many deer there were in the counties they were to cover that day." Deer surveys cost the sportsmen \$27,500 last year.

Knoll also attacked the state department because the commission meets only once a month. "How can a commission run a department with a \$12 million budget and meet only once a month?"

Knoll urged that a full time commission of conservation men be set up.

The conservationist said the reason for the camp meat deer

hunting allowed last year was the chance for the department to get its hands on the \$5 permit fee.

Praises Wardens
Knoll had praise for the law enforcement division of the department. He said the wardens were doing an outstanding job in the state and urged all outdoorsmen to cooperate with them.

The KRA elected five new directors for the next two years and they are Norbert Van Dyke, Joseph Van Cuyk, Richard Verbeten, Fred Tubbs and Bart Vander Weilen. Present directors are James Vandehey, Donald Van Elzen, Elmer Kobs, Rene Gossens and Reggie Lamers.

It was announced that the 16-inch softball league will begin play June 4 and the 12 inch fast ball league will start Monday.

The possibility of holding an ice fishing derby this winter were discussed and further plans will be made last in the year.

Cub Scout Pack 20 Plans Paper Drive

Kaukauna — Cub Scout pack 20, sponsored by the Veterans of Foreign Wars, will sponsor a paper drive Saturday but will not make a house-to-house visit for paper.

Persons having old paper to donate are asked to call den mothers, Mrs. Harold Feller, Mrs. Lee Forman, Mrs. Don Johnson, Mrs. Frank Von Drack, Mrs. Byron Derricks, Mrs. Robert DeCoster, Mrs. Lyle Sielaff, Mrs. Ray Krueger or Eugene Biese.

Locks Sodality Will Crown May Queen

In Sunday Ceremonies

Combined Locks — The annual May queen crowning will be conducted after the 10:30 mass Sunday at St. Paul's Catholic church.

Members of the St. Maria Gorhetti sodality will be in charge of the ceremony. Prefect Lois Grafmeier will crown a statue of the Blessed Virgin on the church grounds. Mary DeWidt will be the flower girl.

Practice for the ceremonies will be at 6 o'clock Friday night.

It was announced that election of officers will be held at the June meeting and new members will be accepted.

Schedule Set For Last Week Of KHS Classes

Kaukauna — The schedule for the final week of school has been released by Julian Bichler, Kaukauna High school principal.

Seniors will have their annual picnic at Shawano lake on Monday and Tuesday will be final examination day for juniors, sophomores and freshmen while Class Night will be held in the evening for the seniors.

All students will have off on Wednesday as instructors will spend the day checking final exams and making out cards. Students will check in books and other materials on Thursday morning to close out the school year. Graduation exercises for seniors will be held Thursday evening.

Farewell Dance for Senior Class Friday

Little Chute — There will be a senior farewell dance at the St. John High school Youth Center Friday night. The center will open at 8 o'clock and all high school students are invited to attend.

Hospital Gets Hydro Therapy Tank From Elks

Kaukauna — The newest piece of equipment added at the Kaukauna Community hospital is a hydro therapy tank donated by the Kaukauna Elks in cooperation with the State Elks Crippled Children's commission.

The lodge sponsored two hospital benefit dinner dances to help raise funds for the tank which cost over \$1,000. The state commission donated \$300 toward the purchase of the unit.

The acquisition of the unit does not mean the hospital is setting up a hydro therapy department, according to Mrs. Bernice Elliott, but will use the tank merely for patients needing treatment along with regular hospital therapy.

The tank is used for muscular atrophy, polio cases, fractures and persons recuperating from burns.

What Keeps a Husband Faithful?

● Experts are finding that a man's fidelity in marriage is intimately related to his mature capacity to love. Most marriage counselors agree that the reasons men give for being unfaithful are self-deceptive and usually conceal deeper and less pleasant urges. In June Reader's Digest, read "What Keeps a Husband Faithful?" — one of 34 informative articles at your newsstand today!

K of Cs to Hold Annual May Ball Sunday Evening

Kaukauna — The Kaukauna Knights of Columbus will hold its May ball at 9 o'clock Sunday night at the Elks club-rooms. The event will wind up about 1 o'clock in the morning.

A local orchestra will furnish music for the dance and refreshments will be available. The affair is open to members, guests and friends. Michael Gerharz, Jr., and Al Lemke are co-chairmen.

A 30-man ticket committee has been appointed. The organization will hold its regular meeting at 8:15 Monday evening at St. Mary's hall with ex-emplification of the first degree.

The first degree team under the direction of John Van De Loo will welcome a new group of candidates into the organization.

City Receives \$1,766 From Wisconsin Based On Insurance Premiums

Kaukauna — The city has received a check for \$1,766.79 from the state insurance office for fire dues based on 2 percent premiums reported during 1957 by insurance companies, according to Miss Ruth Wolf, city treasurer.

The money is sent to the city for the support and maintenance of the fire department as a result of regular reports made by William Haupt, fire chief, on inspections during the year. The reports are filed with the industrial commission.

Last year the city received a check for \$1,842 or about \$76 more than was received this year.

Police Chief Attending Institute at Milwaukee

Kimberly — Chief of Police Quentin Williams is attending the special state-wide juvenile institute conferences at Milwaukee.

The sessions opened Wednesday and will continue today and Friday.

Outing for Special Class at Little Chute

Little Chute — Pupils of the special class at St. John school were taken on an all day outing to the High Cliff State park Wednesday by parents and instructors. The picnic is an annual event for children of all classes.

Effort to Stop Bridge Fails to Materialize

Ottman Says He Will Direct Petition Move Against County Bonds if Support Shows Up

An effort to stop construction of the proposed \$1,800,000 College-to-Candee high level bridge failed to materialize at Wednesday night's council meeting.

There were efforts, however, to delay a decision on placing 1.6 miles of city streets, including the route of the proposed bridge, on the county trunk system. The efforts were defeated.

Ogilvie

Philip Ottman, 1728 N. Alvin street, who promised to inform the council of a petition movement to forbid bridge construction, was in the audience, but did not speak.

He said talks later Wednesday with City Atty. Don Jury convinced him there is no legal way to stop bonding by the city to forbid construction on the selected site.

Chance at County Level

But, he said, there is still a chance to force the county board by petition to hold a referendum on sale of bonds to finance the county share of bridge costs. He said if he gets enough response to an advertisement for help in tonight's Post-Crescent he will undertake to gather the petitions.

As a result of all actions, the council voted:

1. To put the route of bridge on the county trunk system. The route connects the S. Walter avenue and E. Candee street intersection with E. Wisconsin avenue (Highway 96) mostly by way of Lawe street. More or

less perfunctory approval of the state will make the move legal.

2. To sell the \$2,000,000 bond issue to a combine headed by the Appleton State bank at a net effective interest rate of 2.61042 per cent over a 20-year period. The \$2,000,000 includes \$600,000 for the city share of bridge costs, \$1,100,000 for Huntley school and \$300,000 for a northwest side sewage lift station and sewers.

Two Against

The council moved to place the 1.6 miles on the county trunk system upon motion of Ald. Kenneth Priebe and a second by Ald. Roy Pointer. The vote was 15 to 2.

Aldermen Douglas Ogilvie and Austin Tucker voted against placement on the county trunk system and Aldermen Donald Mueller, Homer Malmstrom and Al. H. Stoegbauer were absent.

Ogilvie, Tucker and Ald. Clarence Lautenschlaeger, in speeches favoring an amendment to refer the county resolution to committee for study, said they need more for study.

Tucker and Lautenschlaeger said they need more time because they were just elected aldermen and are unfamiliar with the situation.

Ogilvie asked a number of questions, the chief of which was "can the county be made to be responsible for widening of Lawe street?"

Questions Location

Director of Public Works Edwin J. Duszynski said the county last year gave the city \$25,000 to aid in widening and reconstruction of E. John street, another county trunk, and that is all of the precedent about which he knows.

Ogilvie also questioned the bridge location, saying that the traffic counts which were used to bear out the need for the bridge at the proposed location were taken at a time when the S. Lawe bridge was shut to traffic.

Ogilvie said it seems to him there is more need of solving

Third and Fourth Grade Students at Badger school, town of Grand Chute, toured the Grignon home in Kaukauna recently in connection with their social studies work on the book, "Badger Tales." The students are

traffic problems on the west end of the city and it might be wise to postpone the east end high bridge until the west end's problems are solved. A few years won't hurt, he said.

Tucker asked if there were any traffic counts available and admitted he had had "the rug pulled from under me" when Ald. Alvin Tews passed him copies of the state's 1954 origin-destination survey and the subsequent Barton report on street and bridge development.

Ignored Petition

In voting for the placement of the 1.6 miles on the county system, the council also ignored a petition filed late Wednesday afternoon by 101 property owners. The petition reads:

"We consider it especially undesirable to make such a highway designation on the basis of expediency to accommodate county financing of the College-to-Candee high level bridge. We favor the development of a comprehensive plan for the traffic needs of the eastern portion of Appleton."

City Clerk Elden Broehm said the petition was filed Wednesday

afternoon by Edward Sager.

The vote on the bond issue was unanimous, with only Mueller and Malmstrom absent. Ald. Harold Hannemann moved to adopt and Tews seconded the motion.

City Receives \$133,402 Check

Money Represents Share of State Tax Apportionment

Kaukauna — A check for \$133,402.88, representing the city's share of state income tax apportionment, was received Tuesday by Miss Ruth Wolf, city treasurer.

The amount received is only \$11,598 less than the total estimated amount set in the 1958 budget and represents the first payment by the state. Last year the city received income tax apportionment checks in three installments, the first in May amounted to \$84,667.83, the second in August was \$44,317.08 and the third in December was \$87,000.

The city treasurer has no information as to whether the city can expect one, two or three checks in 1959.

The payment of the apportionment to the city depends on the time at which income taxes are paid to the state. In 1957 taxes were paid later in the year causing the relatively low first check to the city. The amount of this year's first check would indicate most of the income taxes in Kaukauna have been paid.

Students Get Awards In College Ceremony

Top Honor Goes to Illinois Youth As Most Valuable in Senior Class

All of Lawrence college's traditional silver cups, plaques and blankets were out on the stage of Memorial chapel this morning for the annual awards day, the last student convocation of the year.

Top honor of the day went to Charles Fisher, Westchester, Ill., who was given the Spector award as "that member of the senior class who best exemplifies those qualities—physical, mental and moral—which go to make up the well-rounded student." Fisher also is permanent president of the class of 1958.

The twin junior awards—a much-carved spade and spoon—went to Dorothea Binhammer, Watertown; and David Mulford, Rockford, Ill., as the top members of that class in the judgment of the seniors.

The Otto Pearre Fairfield prize scholarship for "showing great promise of distinguished service in the promotion of human progress," went to Miss

Binhammer, while the Warren Hurst Stevens prize scholarship for "a man of the junior class, distinguished for high scholarship and for useful activity in college affairs" was given to Richard Bjornson, Maywood, Ill.

The Edith Mattson memorial award, to a resident of Russell Sage hall distinguished for gracious living and unselfish giving, was bestowed on Betty Kuether, Kiel.

Freshmen Awards

Freshman awards were the Brokaw Bucket, the best freshman citizen, to Allan Berman, Sheboygan; the Mace award to

the all-around man, to William Whitmore, Grand Haven, Mich.; the "L" club award to the outstanding athlete to James Schulze, 1231 W. Elsie street; and the freshman scholarship award to Ashley Haase, Crystal Lake, Ill.

Seven students were cited for exceptional ability in athletics. The Iden Charles Champion cup to "the best all-around man on the basis of athletic ability, scholarship, and college spirit and loyalty" was given to William Volkman, 920 Tayco street, Menasha. The Pond sport trophies were given to Janet Bredehorn, Itasca, Ill., and John Winsor, Peoria, Ill., while the Women's Recreation senior award was made to Barbara Sanborn, Palatine, Ill.

High-point man for the track team, Gary Seovel, Butte des Morts, was awarded the DeGoy B. Ellis trophy, and an honor letterman's blanket was presented to James Smith, Janesville. The outstanding intramural athlete was judged to be Robert Thurow, Woodstock, Ill., who won the Lawrentian intramural award. Beta Theta Pi fraternity received both the interfraternity supremacy trophy and the participation award for men on varsity squads.

In the field of music, the following were cited for outstanding work: The Performer's prize to Allen Bonde, Manitowoc; the Sigma Alpha Iota award for highest grade point in the chapter, Joyce Freiberg, Fond du Lac; the Pi Kappa Lambda sophomore prize, Ronald Sindelar, Manitowoc; and the Sigma Alpha Iota foundation award to Patricia Miller, Evanston, Ill.

Academic Awards

Seventeen students were singled out for excellence in various academic fields. In chemistry, the freshman prize went to Ashley Haase, Crystal Lake, Ill.; while the senior student medal was given to Philip Burck, Milwaukee.

Latin prizes were: the Business Man's prize to Ann Dempsey, Oshkosh; the Peabody prize to Norma Sweetser, Sheboygan; and Latin League of Wisconsin awards to Sue Butler, Ludington, Mich.; Nancy Kaminski, Berwyn, Ill.; John Krueger, 418 Park drive, Ne-

Appleton Post-Crescent A-7 Thursday, May 22, 1958

nah; Mary Lou Lloyd, Cambria; Virginia Smith, Milwaukee; Norman Sweetser, Sheboygan; Patricia Trambauer, Oshkosh; and Jane Voss, Milwaukee.

English honors went to the Hicks prize in the short story to Neil Lien, Franklin Park, Ill., for "The Outsider"; the Hicks prize in poetry to James Beck, 1 Brokaw place, for "Basalt"; the Alexander Reid prize in the sketch to Todd Zeiss, 1240 E. Opechee street, for "Early Winter"; the Tichenor prize in the critical essay to Carolyn Zahn, Wausau, for "Innocence, Incest and Integrity"; and the Wood prize in the essay to John Liebenstein, Milwaukee, for "Popular Music."

Awards made earlier in the year which were recognized on the convocation program were three National Methodist scholarships to Janice Dimmock, Iola; Carol Nohling, Kenosha; and Lynn Rounds, West Allis; the Phi Beta Kappa freshman scholarship cup, Eugene Wilcox, Cornell; and the Phi Beta Kappa junior scholarship, Peter Saecker, 414 N. Union street.

No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwise, sometimes suffer mild bladder irritation... with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

cool, luxury laden suits of Silk

There's something about Silk that no other fabrics possess... a sense of luxury that is as deeply experienced mentally as physically.

We'd like to have you come in and try on one of our Pure Silk Suits. You'll be so pleased with their sense of weightlessness... with their stirring feel of luxury. Frankly they'll make you look and feel like a million.

It is true that fine Silk Suits like these cost more than ordinary ones, but you'll find that it is an investment that pays off in greater satisfaction and pride.

Where Quality Always Meets Price

417 W. College Ave. Ph. 3-1123

Otto Sherry, right, Appleton automobile dealer, presents AVS director Carl Bertram with keys for a new driver education car in the upper left photo. The school has two cars—one with standard and another with automatic transmission. In the upper right photo Instructor Francis Anckerson shows a student, Judy Andrews, dual controls which allow him to stop the car in case of emergency. In the lower picture, Instructor William Pynch shows Mrs. Kenneth Abraham, seated, how to operate the driver evaluator machine in a classroom test. Mrs. Bernard Pearlman is at right. (Post-Crescent Photos)

First in Appleton

Vocational School Has Driver Training Program

A driver training program—first of its kind in Appleton—is being offered by the vocational and adult school.

Sessions include 12 hours of classroom work and six hours behind-the-wheel training.

Two evening classes are underway. Other evening classes start on June 16, 23, 24 and 30. Day classes will begin on June 16, 30 and July 7.

Anyone who can obtain a driver's permit from the state motor vehicle division is eligible to enroll, according to Carl G. Bertram, AVS director. Those under 18 years old must have written permission from their parents.

First Priority
First priority for enrollment goes to adults and students residing in Appleton, but classes

also are open to non-residents. Sessions will be scheduled to accommodate all enrollees.

Students who successfully complete the course will receive a certificate.

Classroom instruction will include use of textbooks, lectures, films, and testing devices.

Probably of greatest interest to students is a driver evaluator machine which tests color vision, visual acuity, tunnel vision, field of vision and reaction time.

Behind-the-wheel instruction will be given in the two AVS dual control automobiles. Instructors will accompany the students on training trips.

Special Brake
A special brake and ignition switch in front of the seat next to the driver will enable the instructor to prevent accidents. One of the cars has automatic shift and the other has standard transmission.

Students will make one behind-the-wheel trip in their own or the family car.

Driver training at the vocational school dovetails with a system, Harry Var Strater, Outagamie county school superintendent, said today.

Attachment order is effective July 1, Van Straten stated.

The committees turned down and been behind-the-wheel a petition asking attachment of training immediately.

Instructors
Instructors are Francis Anckerson and Milton Ness, both members of the AVS faculty, and William Pynch, a teacher at Roosevelt Junior High school. All have received special instruction as driver training instructors.

Bertram said the course is suitable for both novices and drivers who want to take refresher training.

Classes will be limited to 25 people. He stated, so all enrollees won't be able to start class immediately, but the school expects to run classes until fall in S. Adams street, and caused a minor damage shortly before at St. Paul Lutheran church, diocese, will be celebrated for experts from 120 to 200 people to complete the course.

Man Believed to Be 124 Years Old Dies in Texas

Brownsville, Texas.—P—Father time has cut down "the man with the ax," whose associates agreed with his calculation that he was born 124 years ago.

Francisco Gomez Marfil, who if his memory was correct was born while his adopted Texas was a province of Mexico, died yesterday of old age.

Until he became ill six months ago, Gomez Marfil walked about this south Texas city with a single-bladed ax, his trademark, always balanced on his shoulder.

He was a short, trim man with bushy white hair, mustache and goatee.

He was known as "Mr. Gomez" — the Spanish way of referring to a man's name — and "Don Panchito," Spanish for "Mr. Frank."

Gomez once said he believed he came here from Mexico in 1837 or 1840. At first he was a brick mason and cabinet maker. He was a wood cutter as late as 1950.

He said he recalled laying brick on the Church of the Immaculate Conception, started in 1851 or 1852, now considered the oldest in this section.

Man Chooses Fine Over Probation on Charge of Stealing Liquor in Bar

Richard Mulbach, 25, 125 Grant street, Kaukauna, today in municipal court chose to pay a \$25 fine rather than be placed on probation for a year on a charge of theft.

Mulbach was charged with stealing three bottles of liquor from Dayne Ellis, operator of the Spa Lounge, 109 E. College avenue, March 15 while employed there as a bartender.

Sparks From Chimney Set Fire to Roof

Sparks from the chimney set fire to the roof of the home occupied by Wayne LaFave, 1791 S. Adams street, and caused a minor damage shortly before at St. Paul Lutheran church, diocese, will be celebrated for experts from 120 to 200 people to complete the course.

Oneida Youth Fined \$75 for Causing Crash

Ignored Stop Sign, Drove in Front of Oncoming Car on 54

Kenneth W. Webster, 18, Oneida, was fined \$75 this morning in municipal court on a charge of failing to yield the right-of-way.

Webster's license also was revoked until he pays damages stemming from an accident on Highway 54 in the town of Oneida Sunday. The offense will cost Webster three points against his driving record, the accident police more.

County police said Webster pulled from a town road onto Highway 54 without stopping for a stop sign and directly in front of an oncoming car.

Harry Bennett, 43, Milwaukee, was fined \$40 for driving 80 miles an hour in a 55-mile zone and \$25 for not having a driver's license. He will be charged four points for no license and six for the speeding violation.

Melvin E. Zittlow, 42, route 2, Kaukauna, denied a charge of driving too fast to avoid an accident and posted \$33.95 bond for trial June 24.

Other Offenses
Fined \$10 for ignoring traffic signs and assessed three points were:

Silvan V. Adamski, 27, S. Mill street, Seymour.

Richard Hungerford, 27, route 1, Shiocton.

Charged with other offenses were:

William R. Stein, 19, 1513 W. Franklin street, was fined \$25 for driving 60 miles an hour in a 15-mile school zone, six points.

Susan Abendroth, 1707 N. Superior street, \$15 and four points for no driver's license.

Transplant Heads Of Chicks While Still in Shell

New Haven, Conn.—P—Mira Pavlovic, Yale zoologist, reports having reared baby chickens whose heads were transplanted while they were still embryos in the shell.

Miss Pavlovic, 28, a Yugoslav scientist who came here from Paris in 1957, said the feat provides new information on the compatibility of tissues.

She said she performed the transplants on 100 embryos and six of them hatched. One lived 70 days, and another 55. Others lived two, four and nine days, and one died shortly after it was hatched.

Studies are now being conducted to determine the cause of five of the deaths. The one which lived 55 days died of a digestive disturbance. A lack of appetite was common in the others.

The experiments were performed on Rhode Island reds to which the heads of a black breed were transplanted. The chicks displayed no different behavior characteristics from normal chicks.

Non-Support Dropped

A charge of non-support against John P. Brennan was dismissed today in municipal court when Judge Oscar J. Schmiede was informed the man is a patient at Winnebago state hospital. He was charged with failing to provide support for his wife and three minor children. His wife also requested the court to dismiss the charge.

Fred Heimritz, 1206 E. Opechee street.

Firemen also answered a call at 10 o'clock this morning when an odor of smoke was reported at St. Paul Lutheran church, diocese, will be celebrated for experts from 120 to 200 people to complete the course.

The home is owned by Mrs. found nothing.

20,000 Expected for Holy Name Rally

About 20,000 persons are expected to participate in the 17th general rally of the Green Bay Diocese since Grandma's day.

The rally consists of a parade at 2 o'clock in the afternoon after which a holy hour will be held in Menominee park.

The Most Rev. Stanislaus V. Bona, bishop of the Green Bay diocese, will be celebrated for experts from 120 to 200 people to complete the course.

The service.

What a Rural Mail Box should look like is illustrated by this attractive box at the Fred Schuller home, 3738 E. Wisconsin road. Schuller picks up his mail after morning delivery. (Post-Crescent Photo)

Postmaster Offers Ideas for Improving Rural Mail Boxes

Acting Postmaster Francis Sumnicht is inspecting Appleton's four rural mail routes this week as the post office joins in promoting National Rural Mail Box Improvement week.

Based on his own observa-

tion and reports from the city's rural mail carriers — Louis Hart, Eldo Ashman, Edward Kirsling and Chester Riesenweber — Sumnicht makes the following recommendations for rural box improvement:

Boxes must be securely fastened to a well-planted post. The box must meet postal approval and be waterproof, with a securely closing door. Boxes should have a signal to show when mail is ready to be picked up.

Light Paint

Boxes should be placed high enough so carriers can deposit mail without inconvenience. Posts and boxes should be painted a light color preferably white or aluminum, with the name of the patron painted in dark letters, about one inch high, on both sides of the box or on a signboard top. When there is a row of closely spaced boxes, names should be painted on the front door of the box.

"If things are too much out of order, the postmaster or carrier leaves a memorandum explaining what's wrong and how to remedy the trouble," Sumnicht states.

"Illustrations on the reverse side of the note show what a box should look like."

U. S. Preparing Tank Shipment For Lebanon

Washington — The United States is assembling a shipment of light tanks for delivery to Lebanon this week.

Officials said the tanks are being collected from stocks in Germany and will be sent to Lebanon by ship.

The tanks are destined for the pro-western regime of President Camille Chamoun in his government's efforts to put down rebellious attackers.

They were requested by Lebanon along with police-type equipment like gas masks and tear gas gear.

Officials said Wednesday Chamoun's government appears to be making progress in its efforts to maintain order in Lebanon. Secretary of State Dulles said yesterday Chamoun's complaint of interference by the United Arab Republic appeared to be based on solid evidence.

The United States sent 18 huge C124 transport airplanes to Frankfurt, Germany, last Saturday.

The officials said these big Globemasters, capable of carrying 200 persons or 35 tons, were not for use in airlifting tanks to Lebanon, but could be used to evacuate Americans from either Lebanon or Algeria if the need should arise.

Washington is closely watching the virtual insurrection in Algeria by French military leaders who took over control and called for a French government headed by Gen. Charles De Gaulle.

The United States has evacuation plans on paper for all areas where there are Americans. This includes Algeria as well as Lebanon.

Mexico Tranquil Amid Latin American Unrest

Economy Firm, People are Optimistic
Even Though This is an Election Year

Mexico City — Mexico today is a lighthouse in Latin America's stormy seas of political and economic unrest.

Mexico is politically tranquil even though this is an election year. Its economy is firm, strong enough to weather admitted weaknesses on some fronts.

Its people are optimistic, their living standard improving.

Mexico is the northernmost nation in Latin America, but it is nevertheless a dominant force in the Spanish speaking world. In population, with 32 million and growing annually at a rate of 3 per cent, it is second only to Brazil in Latin America.

It is growing in industry, commerce, technology. It is still an agricultural country but it is becoming self-sufficient in other fields, too.

Freedom of Speech
Mexico has freedom of speech and of the press.

It has not had a revolution for decades.

The dominant party is the party of revolutionary institutions (PRI). Its presidential candidate has never lost an election.

But there are opposition parties. In 1952 they won almost a third of the popular vote. The party of national action (PAN) always elects men to the senate, the chamber of deputies, to state offices. Its voice is strong.

President Adolfo Ruiz Cortines' 6-year term ends this December. A presidential election in July will name his successor.

Only two candidates are on the ballot. Adolfo Lopez Mateos, 47-year-old former labor minister is backed by the PRI and almost certain to win. Luis Hector Alvarez, 39, a textile manufacturer, is running on the PAN ticket.

Back Write-In
The communists unable to raise the required 75,000 members needed to qualify them to enter a candidate, are backing an elderly write-in.

The leftist partido popular, headed by once-powerful labor leader Vicente Lombardo Tole-

dano, has come out with an endorsement for Lopez Mateos. Normally it has joined forces with the communists, but refused to do so this year.

Women were given the right to vote under Ruiz Cortines, and are taking an active part in politics.

Mexico is predominantly Roman Catholic. A clash between church and state began during the early part of the century. Conditions have improved greatly, and the church has endorsed Lopez Mateos and the government in general.

Handsome Man
Lopez Mateos is a handsome man slightly larger than the average Mexican. He made a brilliant record as labor minister. There were no major strikes during his regime. He won the respect of both labor and management.

Lopez Mateos is a bit more to the left than Ruiz Cortines. He is probably not so amiable toward the United States, although he pledges continued good relations with the northern neighbor.

He pledges greater facilities for investment in productive enterprises and welcomes foreign investments with no discrimination. But he says there will be no monopolies.

4 Appleton Police Attend Association Annual Convention

Four Appleton policemen attended the annual convention of the Wisconsin Policemen's Protective association at Eau Claire Sunday through Tuesday.

Detective Norbert Marx was named to another term on the association's board of directors.

Also attending the convention were Patrolmen Robert Breckenridge, Edward Arlt and Wayne Huebner.

The convention will meet next year at Madison and the annual bowling tournament will be in Cudahy. No location was chosen for the annual statewide police shooting contest, Marx said.

Ministers Needed
Indianapolis — At least 5,000 new ministers are needed in the next 10 years to fill pulpits of Christian (Disciples of Christ) churches, says the Rev. Jay R. Calhoun, director of ministerial services for the denomination.

Mr. and Mrs. Malcolm H. True, 1017 W. Lawrence street, have purchased a home at 1415 W. Franklin street from Mr. and Mrs. John E. Meiers, according to records at the office of Stephen M. Peeters, Outagamie county register of deeds.

The house is a 3-bedroom frame ranch structure. Plans for taking residence are indefinite.

Other property transfers include: Walter Long and others to Mr. and Mrs. William F. Tiedt, parcel of land in Greenville.

Mr. and Mrs. Edwin Liebmann to Mr. and Mrs. Ervin Malinski, parcel of land in Oneida.

Mr. and Mrs. Gilbert Kaufman to Mr. and Mrs. Leslie J. Richter, a lot in Appleton.

Mr. and Mrs. Edgar K. Helms to Mr. and Mrs. Merrill Upp, a parcel of land in Horton.

Donald Calmes and others to Mr. and Mrs. Gerard Quimby, lots in Appleton.

Donald Calmes and others to Arthur Hietpas and others, a lot in Appleton.

Mr. and Mrs. Raymond McCone to Mr. and Mrs. Russell W. Baumann, a lot in Appleton.

Mr. and Mrs. Thomas Rogers to Mr. and Mrs. Nyle H. Much, a parcel of land in Appleton.

John Berben, Jr. to Mr. and Mrs. Earl R. Strick, a lot in Kimberly.

The Fox Valley Association of Licensed Practical Nurses met at the Clintonville Community hospital for its district meeting. Officers and their advisers are seated, left to right, Mrs. Betty Schommer, Appleton, secretary; Mrs. Leona Van Erem, Appleton, president, and Miss Hazel Schommer, Appleton, treasurer; and standing, Miss Jean Bestler, R. N., Appleton; Mrs. Vivian Becher, Neenah, first vice president; Miss June Rohm, Appleton, second vice president; and Mrs. Bertha Staffeld, R. N., Neenah. (Laib Photo)

M. H. Trues Buy Frame Ranch Home

Mr. and Mrs. Malcolm H. True, 1017 W. Lawrence street, have purchased a home at 1415 W. Franklin street from Mr. and Mrs. John E. Meiers, according to records at the office of Stephen M. Peeters, Outagamie county register of deeds.

The house is a 3-bedroom frame ranch structure. Plans for taking residence are indefinite.

Other property transfers include: Walter Long and others to Mr. and Mrs. William F. Tiedt, parcel of land in Greenville.

Mr. and Mrs. Edwin Liebmann to Mr. and Mrs. Ervin Malinski, parcel of land in Oneida.

Mr. and Mrs. Gilbert Kaufman to Mr. and Mrs. Leslie J. Richter, a lot in Appleton.

Mr. and Mrs. Edgar K. Helms to Mr. and Mrs. Merrill Upp, a parcel of land in Horton.

Donald Calmes and others to Mr. and Mrs. Gerard Quimby, lots in Appleton.

Donald Calmes and others to Arthur Hietpas and others, a lot in Appleton.

Mr. and Mrs. Raymond McCone to Mr. and Mrs. Russell W. Baumann, a lot in Appleton.

Mr. and Mrs. Thomas Rogers to Mr. and Mrs. Nyle H. Much, a parcel of land in Appleton.

John Berben, Jr. to Mr. and Mrs. Earl R. Strick, a lot in Kimberly.

Practical Nurses Meet At Clintonville Hospital

Position on Medical Team Commended
By Dr. H. J. Caskey, Staff Chief

Clintonville — The Clintonville Community hospital was the site of the district meeting of the Fox Valley Association of Licensed Practical Nurses. Thirty members from Appleton, Neenah, Menasha, Oshkosh, Waupaca and Clintonville attended.

R. J. Platte, hospital administrator, welcomed the group to Clintonville. Representing the medical staff of the hospital was Dr. Harry J. Caskey, who spoke briefly on the place of the licensed practical nurse on the medical team as it exists in hospitals. Dr. Caskey said physicians feel security during the present acute shortage of registered professional nurses. In the knowledge that a great deal of the patient's care can be safely assigned to competent licensed practical nurses. He complimented the group on being organized, because organization brings about the establishment of standards, and the observance of these standards makes for excellence in the performance of duty, he said.

Miss Sylvia Runge, R. N., director of nurses at Clintonville Community hospital, extended greetings from the nursing staff.

Anaesthetist Speaks
The speaker of the evening was Miss Beulah Downs, registered nurse anaesthetist at the Clintonville Community hospital, who traced the evolution of anaesthesia from Biblical days of gas between Sunday and Wednesday. Mueller said the motor was worth \$400.

Motor Stolen
Leland Mueller, 932 W. Harris street, told police Wednesday thieves stole a 30-horsepower outboard motor from his garage between Sunday and Wednesday. Mueller said the motor was worth \$400.

Starkweather Trial
Lincoln, Neb. — Charles Starkweather, who says he is betting he'll be sent to the electric chair, listens today to the final arguments in his murder trial.

The case probably will go to the jury early this afternoon. As testimony drew to a close yesterday, Starkweather offered to make his bet that he'd die in the electric chair.

He leaned forward and to psychiatrist Dr. John Steinman, a defense witness, said "I'll bet you a pack of cigarettes that I get a battery charge." Later Dr. Steinman said "battery charge" was Starkweather's term for the chair.

Foreign forces are based in Japan. The United States is still occupying Japan... moreover, these bases are set up near the Soviet Union," the letter said. "Under these circumstances, there is no guarantee that Japan would be excluded from nuclear attack in the event of war," it continued, then added:

"We will promise that Japan will not be included in an area of atomic and hydrogen bomb attack (in the event of war) if no foreign countries have bases in Japan."

"We will also promise to exclude Japan from nuclear attack if Japan is not being used as an aggressive country."

Khrushchev's letter was in reply to a query Sohyo handed the Russian embassy in Tokyo last week.

Today and Tomorrow

Dulles Has More Than One Man Can Possibly Do, Lippmann Says

BY WALTER LIPPMANN

After his agreeable experience at the NATO meeting in Copenhagen about two weeks ago — agreeable because everyone present seemed to agree with him — Dulles has had a most disagreeable week.

There is trouble in Indonesia, in Lebanon, in Algeria and France, and in Latin America. In all of them there is a challenge to the existing position and policy of this country. And in all of them the responsibility for deciding what to do next is centered upon Dulles himself.

This should, I believe, raise in our minds the question of whether the conduct of our foreign policy has not become concentrated to a dangerous degree, whether responsibility is not concentrated to an unworkable degree in the mind and conscience of one man.

I think it has become too concentrated, and that the price we pay for it is that in large areas of the world, as in the Latin American republics to the south of us and in Canada to the north of us, the issues and our interests and their interests are neglected. In other areas which are immediately vital, as in the Middle East and in continental Europe, our appreciation of events is out of date and our policies are vulnerable to the kind of surprise which the French crisis and the advent of Gen. De Gaulle would surely bring.

It is necessary to look candidly at our situation. For the crucial difficulty in our dealing with the multitude of problems is that Dulles has more problems to decide than any man can possibly attend to and know about and master.

Dulles himself is a marvel of endurance and of intellectual vitality. But he conducts his office in a way which is plainly

concentrated. And that the price we pay for it is that in large areas of the world, as in the Latin American republics to the south of us and in Canada to the north of us, the issues and our interests and their interests are neglected. In other areas which are immediately vital, as in the Middle East and in continental Europe, our appreciation of events is out of date and our policies are vulnerable to the kind of surprise which the French crisis and the advent of Gen. De Gaulle would surely bring.

De Gaulle would surely bring.

as events are showing, beyond human power. As Eisenhower's energy and interest have declined, Dulles has received from the president the greater part of the presidential powers in foreign affairs, the powers which under our system should be exercised by the president himself.

The result is that for all practical purposes, excepting only now and then, the secretary of state does not have the support and comfort of knowing that the final decision is with the president.

At the same time Dulles is curiously separated from the state department and the foreign service. He has been to an extraordinary degree his own ambassador. Is it any wonder that he cannot attend to everything at once, that what he does not attend to is neglected? Is it any wonder that

with such an abnormal concentration of responsibility in one man, our policies, which need fresh analysis and reflection — are, as in Latin America for example, so complacent and so insensitive?

One hesitates to suggest what might be done to better this situation. Experience shows that such suggestions are usually resented. Only Eisenhower and Dulles can do anything about anything and they are set in their ways.

Abdication of Authority
But it can be said, I think, that in the American system things do not work well if in the conduct of foreign affairs the president abdicates most of his authority and lets it fall to his secretary of state.

There are many reasons why this does not work. One of them, the most important perhaps, is that the conduct of foreign relations requires not only negotiation abroad but political leadership of congress at home. Half the underlying grievances of South America, for example, are due to acts of omission and commission by the congress.

Eisenhower cannot fulfill the duties of his office by letting Mr. Dulles try to perform them. Eisenhower needs somehow to have the means of doing his own work, perhaps by calling into the White House his own advisor in foreign affairs.

This is not meant as a way to supersede Dulles but as a way to relieve him of an impossible burden. It is not at all a reflection on his ability, which is high, unless it be a reflection to say of any man that his powers have limits, and that he cannot do everything.

In my view it is urgent that there should occur at the center of the administration reforms which will in effect turn to the White House its necessary authority and to the secretary of state the time and the freedom to ponder the great issues. It is urgent because there is every reason to think that the crisis in Algeria and in France is not just another political crisis but is in fact a crisis of the French system of government. If it is that, it will involve Europe and NATO and mark the beginning of a new chapter in our foreign policy. (Copyright, 1958)

Laughs While Engel Letter Is Read Rebuked

Ald. Stoegbauer Delivers Stern Lecture to Council

Aldermen who laughed Wednesday night as the latest Joseph J. Engel letter on fluoridation was read were given a stern lecture by a fellow councilman.

"I'm somewhat disgusted," said Ald. Al. H. Stoegbauer, "with the way the council receives these letters on fluoridation. Some 5,555 people voted against using fluorides in the water and it's not right to laugh at their wishes."

Ald. Mrs. Dorothy Stillings said the laughter seemed to be a carryover from a burst of chuckles caused by the previous letter asking for a permit to keep banty chickens.

Engel's list of resolutions passed by the Daughters of the American Revolution, in which he underlined their opposition to fluoridation, seemed to revive the laughter.

Engel's letter was referred to the water commission, without complete reading by Broehm, on motion of Harvey Priebe Sr., and a second by Ald. Charles Captain.

Another letter, from Lawrence Bussian, 506 W. Verbrick street, was referred to the board of health. It questions giving everyone the same doses of medicine and suggests the city, if it is really interested in children's teeth, give the children free bone meal tablets that contain calcium, which teeth need.

15-Year-Olds Tangle, One Misses School Day

Two 15-year-olds tangled and one was beaten badly enough to be sent home from school Wednesday, police report. Roosevelt Junior High school authorities told police one of the 15-year-olds asked the other for a cigarette and when he was refused, beat up his companion.

The boy received bruises, welts on the neck and several loosened teeth, police said. The other boy was unmarked.

We will promise that Japan will not be included in an area of atomic and hydrogen bomb attack (in the event of war) if no foreign countries have bases in Japan.

We will also promise to exclude Japan from nuclear attack if Japan is not being used as an aggressive country.

Khrushchev's letter was in reply to a query Sohyo handed the Russian embassy in Tokyo last week.

Foreign forces are based in Japan. The United States is still occupying Japan... moreover, these bases are set up near the Soviet Union," the letter said. "Under these circumstances, there is no guarantee that Japan would be excluded from nuclear attack in the event of war," it continued, then added:

Believes Red Scientists Use 2-Stage Rocket

Propulsion Expert Sees New Attempt Soon by Vanguard

Washington — Kurt Stehling, top propulsion expert on the navy Vanguard rocket project, says calculations indicate that Soviet Russia has been using 2-stage rockets to launch its satellites.

Stehling told an Air Force association dinner meeting Wednesday night that information points to the use of the same propulsion system for the 124-pound Sputnik I, the 1,120-pound Sputnik II, and the 3,000-pound Sputnik III. He estimated the rocket's length at 175 feet and total thrust at about 555,000 pounds.

Another attempt Stehling also told the group to watch for another Vanguard satellite launching attempt "in the not too distant future." He declined to pinpoint the date of the launching of a 20-pound satellite.

The navy has announced that this will be the first official satellite launching vehicle of the Vanguard series. Previous navy launchings have been of test vehicles with experimental satellites aboard some of executive branch and make it them. The Vanguard satellite, now in orbit was launched by one of these test vehicles.

Stehling said that from the information released by the Russians it was possible to estimate that for the first stage they used a rocket 100 feet long and 10 feet diameter, with a thrust of 500,000 pounds.

He said the second stage rocket apparently was 75 feet long and had 55,000 pounds of thrust. Stehling said the red scientists probably used alcohol and liquid oxygen as propellants.

Total Thrust
The Vanguard rocket which launched the navy's 6.4 inch, 3 1/2 pound satellite and the 50-pound, 5-foot long final stage, rocket that is also in orbit was a 3-stage vehicle 72 feet tall with total thrust of 36,800 pounds.

The army Jupiter C rockets that launched the Explorer satellites were 70 feet long and about three times as heavy and powerful as the Vanguard rockets. The Explorer satellites weigh about 30 pounds each and are attached to the Jupiter C fourth stage rockets to form tubes about 80 inches long.

League Stand Firmly Against State Sales Tax

Lake Delton — The Wisconsin League of Women Voters refused to budge Wednesday from its traditional opposition to a state sales tax as it rejected two plans that would have cleared the way for reconsideration of the current stand.

Mrs. Robert Ozanne, Madison, argued against a reconsideration of the organization's position, saying it would indicate to sales tax proponents that the league's stand had been weakened.

Mrs. Conrad Shearer, Kenosha, maintained the league had opposed a sales tax for so long the opposition had lost momentum. She felt a review would strengthen opposition.

Delegates attending the annual convention voted 98-24 against a proposal by the Kenosha delegation which asked the stand on the sales tax be removed from the league's continuing responsibilities program.

The convention also defeated a compromise plan suggested by the unit from Neenah-Menasha. The vote was 76-65 against the proposal asking a re-study of a "well-administered" sales tax plan.

Exports to Venezuela Of Wisconsin Products Increased During 1957

Madison — Exports to Venezuela of Wisconsin dairy products, vehicles, machinery and metal products rose sharply during 1957, a study showed today.

Clarence R. Decker, Rutherford, N. J., a Farleigh Dickinson university vice president, reported to the 1-day Wisconsin world trade conference on a study of dairy state exports to the Latin American country. He said these exports totaled about \$30 million last year—a rise of 62 per cent over the year before.

Decker said Venezuela — in making U. S. goods and services purchases of about a billion dollars last year—had become the nation's leading Latin American customer. He prepared the study for the Creole Petroleum corporation, a U. S. oil company with extensive operations in Venezuela.

Sizeable amounts of Wisconsin's exports, he reported, came from at least 30 different communities.

French and Tunisians Reported in New Clash

CONTINUED FROM PAGE 1

Les Deux-Eglises, 150 miles from Paris; his office said he had gone to a funeral.

The defiant French in Algeria have demanded that De Gaulle take over the government of France and said they would not bow to the authority of Pflimlin. They suspect the premier of planning to make a deal with the Algerian Arab rebels which would reduce or end French influence in the North African territory. Pinay apparently feels that the World War II hero is the only man in France the angry French across the Mediterranean will listen to.

De Gaulle has offered himself to head the government but said he would only take office if he could do so by legal means. That could only be done under the present constitutional setup by the national assembly overthrowing Pflimlin to pave the way, and a big majority of the assembly so far is opposed to De Gaulle.

At Colombey-les-Deux-Eglises all was calm but the police seemed to be preparing for some important visitor this afternoon.

Speeds Reforms
Pflimlin meanwhile speeded the progress of constitutional reforms he is proposing to strengthen the power of the al satellites aboard some of executive branch and make it them. The Vanguard satellite, now in orbit was launched by one of these test vehicles.

The premier put his constitutional proposals in shape last night in a conference with political leaders who have given him overwhelming support so far. He was to present it to the cabinet today. If approved, it will be sent to the assembly next week with a request for urgent action.

Proposed Changes
The chief aim is to end the rapid turnover in French cabinets which has so often stymied French policy and produced the demand for a strongman regime headed by Gen. Charles de Gaulle.

The heart of the reform plan reportedly is a constitutional amendment requiring the opposition, before it can vote out a government, to come up with a new premier and program acceptable to the assembly majority. Provision also would be made for dissolving the assembly and holding new elections when the cabinet and the deputies deadlocked without acceptable alternative.

In the past dissident coalitions of left and right have overthrown one premier after another but never been able to agree on a program to rule together. This has been a major aspect of the "regime of parties" De Gaulle assailed in offering to take over the government.

In his first major step to re-establish the government's position, saying it would indicate to sales tax proponents that the league's stand had been weakened.

Mrs. Conrad Shearer, Kenosha, maintained the league had opposed a sales tax for so long the opposition had lost momentum. She felt a review would strengthen opposition.

Delegates attending the annual convention voted 98-24 against a proposal by the Kenosha delegation which asked the stand on the sales tax be removed from the league's continuing responsibilities program.

Urges American Diplomats to Go To Grass Roots

Should Get Away From White-Tie Circuit, Nixon Says

Washington — Vice President Nixon says American diplomats in Latin America should get away from the white-tie circuit and talk more with persons at the grass roots level.

He mentioned students, labor leaders and press groups which he described as "the wave of the future" in Latin America. "It is essential from a standpoint of American foreign policy to talk with these groups," Nixon said Wednesday in giving his views on what can be done to improve U. S. relations with other nations in the western hemisphere.

As he has before, Nixon said communist influences were only partly responsible for the mob violence directed at him during his recent goodwill tour of South America. He said the demonstrations stemmed also from economic troubles and a belief among some Latin Americans that the United States supported dictators.

Answers Critics Speaking at a National Press club luncheon, Nixon replied to critics who contend he invited the violent attacks by debating with hostile students. "I could have concentrated on a whole round of cocktail parties and white tie dinners," Nixon said. "If we continue to concentrate on that area we can figure we will lose the battle."

He said he found that American policies had not been adequately presented. And he suggested that U. S. diplomats work more closely with private enterprise in Latin America to convince the people there that American policy is not aimed at making "the rich richer and the poor poorer."

British and American Missile Personnel to Train at Milwaukee

Man Killed When His Vehicle Plunges Off Bridge in Milwaukee

Some 200 British royal air force technicians and 100 in the U. S. air force will receive advanced operation training at the AC plant, producer of guidance systems for the 1,500-mile rocket-powered missiles capable of carrying an atomic warhead. At its peak the school will have 75 students.

The English bases will be manned by British and American troops.

Expect Whooping Crane To Lay Another Egg

New Orleans — The first whooping crane to reproduce in captivity is expected to lay another egg tomorrow.

Josephine laid her third egg this spring at Audubon park zoo here Wednesday, and Park Supt. George Douglass said he thought the second of her "clutch" was due tomorrow. Earlier this year Jo laid two other eggs. One hatched April 30 and the bird is growing. The second failed to hatch.

Last year and in 1956 Jo and her mate Crip produced four hatchlings. All hatched, but only two survived. The victim carried a diabetic's emergency care card. Wilson's car went through will bring the world's known total to 33. There are now only six whoopers in captivity, five in New Orleans' zoo and one in a San Antonio zoo.

Officials Seek Erb Park Land For Northside Fire Station

Alderman Mueller Loses Attempt To Bar Reporter From Meeting

Two aldermen and the fire chief Wednesday asked the park board for permission to build a neighborhood fire station in the northwest corner of Erb park.

It was the second plan advanced this week which would take part of the park for other than park purposes. The school board Monday instructed Supt. John Mann to ask for permission to use the southeast corner for physical education classes and football at Roosevelt Junior High School.

Ald. Donald Mueller, one of the two aldermen, attempted at the outset of the meeting to bar a Post-Crescent reporter from the meeting but the demand was rejected by the board. Board members informed Mueller the reporter usually attends board meetings.

Wants Notes Censored - "Well," said Mueller, "I want you to censor my notes to whom he pleases after Jerke after the meeting . . . but I explained the men got thrown still don't like it that he's together by a breakdown of the ice rink sweeper."

The board took the fire station Mueller made unsubstantiated request under study. Members charged against the board have not been approached

formally about the school board request.

Members indicated they are opposed to constant trimming of park acreage for other purposes at the same time there is resistance to adding more park land to the system. The situation gets serious, they said, when you consider the growth of the city.

The plea for use of the northwest corner for the fire station also was made by Ald. Clarence Lautenschlager and Chief Paul Neumann. Both said the idea was Mueller's and they as individuals are supporting it.

Only Decent Corner - Neumann asked the budget committee last November to provide money in the 1958 budget to buy land for a northside neighborhood station. The council placed \$2,000 in the budget.

The chief reported Wednesday he has canvassed the northside and "the only decent corner on the north end is at the park."

The corner is at the intersection of E. Glendale avenue and N. Morrison street, he explained, and will permit construction of a station from which two trucks can have separate exits from the station.

Neumann said he will order

Meade Alcorn, the Republican national chairman, wields a tack hammer as he and Paul Butler, Democratic national chairman, have some fun in Washington. From now until November's congressional elections there will be plenty of verbal hammering at each other's position by the two parties. The chairmen got together at the launching of a drive to get more people to "give a buck" to political candidates and parties. (AP Wirephoto)

use of sirens restricted in the platted neighborhood station at streets helps, he added. same way that has proved very 1024 S. Lawe street. The fact The chief is asking for 130 successful at the recently-com-that both streets are primary feet along E. Glendale and 203 turbed by the station. "You

feet along N. Morrison. The station would be roughly 40 by 80 feet, big enough for two trucks and eight men.

If the kind of building that was erected on S. Lawe is ordered by the council the station wouldn't detract from the neighborhood's appearance. Neumann said.

Mueller and Lautenschlager agreed, with Mueller adding that provisions also could be made for future construction of a police precinct station and an ice skating warning shed on the site.

The warning shed will depend on whether the park board will be willing to flood the swimming pool parking lot instead of the park's present rink site, Mueller said.

"For Good of City" - "I'm probably cutting my own throat by asking for this," said Mueller, whose ward is involved. "but I'm thinking of the good of the city as a whole for the future."

Mueller said he has talked with some nearby residents and the land in question is "nothing but dandelions." The board told him part of the site formally was a parking lot and unsuccessfully was seeded for grass when the lot was abandoned.

Lautenschlager said he has talked with people who live near the S. Lawe station and has been told they are not disturbed by the station. "You

Appleton Post-Crescent A 18 Thursday, May 22, 1958

can't find one," said he, "that's been kept awake. Some of the people told me they would express their views to the park board anytime."

Mueller also revealed he has plans for a youth center in Erb park. He indicated the pavilion would have to be heated, but might serve the purpose. The center would be complimented on the south side, he said, by another, maybe at the golf course clubhouse, and another at Wilson Junior High school.

The school board request for the southeast corner would pave the way for addition of rooms to Roosevelt Junior High school, Mueller said. The request will not mean loss of any trees, he claimed, since only the south 15 feet of the park, together with the E. Roosevelt street right-of-way, will be enough. Mueller called the south end of the park a glamorized dog walk.

Alderman Asks County To Build Golf Course

Petitioners Seek Boat Launching Ramp at Lutz Park

Ald. Thomas K. Schneider Wednesday night called upon the county board to build a county golf course. He did not say where.

In an item of new business, he cited these reasons why the county should build a course:

1. "The continued increase in the popularity of golfing has taxed the existing municipally-owned golf course to the fullest extent."

2. "The cost and availability of necessary area in Appleton to construct an additional golf course is prohibitive."

Schneider's resolution was referred by Mayor Clarence A. Mitchell to the county board.

Sent to Park Board

A petition, signed by 377 people, asking a boat launching ramp and off-lawn parking at Lutz park was referred to the park board.

Progress Oil company asked permission to expand its service station at 224 N. Richmond street.

Cities Service Oil company asked approval of a driveway plan for a new service station it will build at W. Parkway boulevard and N. Richmond street.

Rescind Sewer Deal

Ald. Robert Stumpf requested asphalt mats for the S. Oneida street to S. Jackson street sections of E. Coolidge avenue.

E. Murray avenue. E. Harding avenue and E. Wilson avenue and the E. Calumet street to E. Wilson sections of S. Madison street, S. Jefferson street and S. Jackson.

Stumpf also asked the county to rescind its order to re-intersection reconstructed to

lay the E. Taft avenue sewer to serve three property owners on the south side of the street. Property owners have not agreed to install the proper sewer laterals at their own expense, as per the original agreement for the \$2,300 project, he said. He also is asking the city to go ahead with curb and gutter between S. Oneida and to S. Jackson.

Ald. Mrs. Dorothy Stillings requested an asphalt mat, instead of previously-ordered turnover and double sealcoat, for S. Douglas street between W. Spencer and W. Second streets.

The tentative Highland Acres plat, owned principally by Chester Laux and Eric W. Kirk and showing 106 lots in the northwest corner of the city, was forwarded to the planning commission.

John Hammer Plat

So was the tentative Rolling Acres plat, owned by Joseph Doerfler and showing 79 lots on land south of E. Hoover avenue, which is being annexed to the city.

The John Hammer plat, showing eight lots at the northeast corner of E. Calumet street and S. Waiden avenue, also was sent to the planning commission.

Schneider asked that the S. Schaefer street storm sewer be extended to the property owner at 154 S. Schaefer can fill treatment plant.

Ald. R. P. Groh wants the radii at the W. Sixth street and S. Walnut street and W. Eighth street and S. Walnut street intersections redesigned and reconstructed for current traffic needs.

Ald. Al H. Stoegebauer wants road binder placed on the surface of the alley which lies between W. Lawrence street and W. College avenue and connects E. W. College street to S. Story street, S. Mason street and S. Story street, S. Jefferson street and S. Jackson.

Mrs. Stillings wants the Lehighman lane and W. Pine street intersection reconstructed to

A \$1,000 Check. Proceeds From the Welcome Wagon's operation GAB (Golden Age Benefit) has been turned over to the organization for use toward a Golden Agers club-house. Haase and Mrs. Pelton are church representatives on the board. (Post-Crescent Photo)

improve drainage and reduce erosion.

Ald. Charles Captain requested turnover and double sealcoat for the surface of the alley between W. Lawrence street and W. Eighth street connecting S. Summit street to S. Spruce street.

McMahon Engineering company, Menasha, offered its services in planning the proposed new secondary treatment plant at the sewage

Ed Goenen called attention to an article in the Wall Street Journal on urban renewal and

He is E. A. Petranek, Board member Arthur Jones and Park Supt. Harold Jerke originally began negotiations with Petranek and the board ironed out final details Wednesday.

The board has \$200,000 from the George F. Peabody estate to spend on creating a park in the hilly, wooded ravine that is called Bellaire park.

Petranek will be paid \$75 a day, plus expenses, for drafting the Appleton firefighters local, several alternate plans. Board members said they have given him no instructions about what they want.

Bellaire Park Planner Hired

Madison Consultant To Furnish Several Schemes to Park Board

A Madison planning consultant was hired Wednesday by the park board to draft plans for improving Bellaire park.

He is E. A. Petranek, Board member Arthur Jones and Park Supt. Harold Jerke originally began negotiations with Petranek and the board ironed out final details Wednesday.

The board has \$200,000 from the George F. Peabody estate to spend on creating a park in the hilly, wooded ravine that is called Bellaire park.

Petranek will be paid \$75 a day, plus expenses, for drafting the Appleton firefighters local, several alternate plans. Board members said they have given him no instructions about what they want.

stipulates that if he is selected to carry out one of the plans, the \$75 a day plus expenses charge can be applied toward another formula if the board desires. Under the formula, Petranek would receive 51 per cent and his superintendent 2 per cent if the work costs \$100,000, 5 per cent and 1 and 1 per cent if the work costs \$150,000 and 4 and 1 per cent and 11 per cent if work costs \$200,000.

Petranek will begin work June 1.

Strayed or Stolen? Man Finds Car Gone

Hillsdale, Mich. — P. Arlo Jackson reported his car stolen. Later he amended the report to strayed. It seems the car had been parked on a hill. It rolled down, cut across a yard and came to a halt near a garage hidden from the street. The wandering automobile was found the next day.

Writer Pays Tribute To Thomas L. Stokes

BY HARRY BARNARD
In the Chicago Daily News

One sad trait of our era concerns the refusal of many people to feel indignation over injustice and other evils.

Too many of us accept with complacency or cynicism the idea of another war, State Department dalliance with dictators, gangsters in labor unions, denial of full rights to Negroes and other groups, European-style snooping on citizens, or even threatening rebirth of Nazi or related movements.

Not among such was the newspaperman who died the other day. What made Thomas L. Stokes Jr. great was his consistent capacity for having, and expressing, moral indignation.

Nor was he indignant merely over abstract matters. He could get as worked up over the plight of a letter carrier in Los

Stokes

tually, his nature was that of a gentleman, not the foppish, mannered gentleman, but the classic gentleman—a man of sensitive feelings.

It was his profound sensitivity—to injustice, to moral rot, to corruption in high places, to the insolence of officeholders—that made Tom seem a crusader when all that he intended was to reflect a gentleman's code of honor.

I remember traveling with him in 1944 on Dewey's presidential train. What impressed me most about him was his ability to be a tough-minded reporter and a gentleman. He did not favor Dewey. But Dewey he treated not only with sharp criticism, but with dignity and respect.

Tom was a loyal Southerner. There was always about him a little bit of the pleasant atmosphere of Atlanta's Peachtree street. But he was also an American.

He lost some readers of his courageous column because his code forced him to denounce Eastland and Coleman of Mississippi, the Talmadges and Griffin of Georgia, as well, of course, as the Heflin and Bilbo of an earlier day.

He knew that these Southern politicians, for personal ambition, misrepresented the South, as they do still.

He knew that they exploited the narrowness of bigoted Southerners, with the effect of thus preventing higher Southern viewpoints from gaining the ascendancy.

This pained him. It would bring any gentleman, who knows instinctively that racial prejudice is the mark, not of superiority, but of ignorance, to it would be easy to adopt the gress.

(Thomas L. Stokes, Jr., whose column appeared in the Appleton Post-Crescent for many years, died last week. This is a tribute to the man by another newspaper writer who knew him intimately.)

Angeles, unfairly fired on trumped-up charges of disloyalty in the 1940s, as he did over Teapot Dome in the 1920s.

By some, Tom was considered a "dangerous radical." Ac-

Appleton Post-Crescent A 22
Thursday, May 22, 1958

cliche that we will not again see the likes of Tom Stokes. But he himself would be the first to deny this.

It is to the honor of the profession that there are, fortunately, many newspapermen like Tom.

Ed Lahey, chief of the Chicago Daily News Washington Bureau, James Reston of the New York Times, Irving Dillard of the St. Louis Post-Dispatch, Harry Ashmore of the Arkansas Gazette, Walter Lippmann of the New York Herald Tribune, are just a few who come to mind. And, of course, there are the publishers who back them up.

But Tom Stokes will be missed. The fact that his battered, thin portable typewriter is now quiet forever is a great loss to America.

All through the years we have needed the relentless moral conscience that was his. When smugness and escapism threaten to betray so many into shelving ideals for an assumed security in material things, when even some are willing to suspend the Bill of Rights, we need his kind of conscience more than ever.

Newly Elected Negro Bomb Threat Victim

Philadelphia — Negro Congressman Robert N. C. Nix, elected to the U.S. house in Tuesday's Pennsylvania primary, was the victim of a bomb threat Wednesday.

Police cars covered on Nix's north Philadelphia home under orders to refrain from using their radios. It was emphasized that radio transmission might set off a bomb if one had been planted in or around the Nix home.

Nix defeated Republican Cecil Moore, also a Negro, in the special election for the unexpired term of Democrat Earl Chudoff who resigned last year to become a judge.

Nix is the first Negro ever to represent Pennsylvania in con-

Coughs and Laughs Spew Germs of TB

Philadelphia — The dried leftovers of coughs, laughs and sneezes become the microscopic air force that carries tuberculosis to new victims, it was reported Tuesday.

Clean, purified air is the best way to prevent tuberculosis germs from reaching these victims, said Dr. Richard L. Riley of Johns Hopkins university.

Hospitals can insure against tuberculosis infection by irradiating air with the ultraviolet part of sunlight — and by providing plenty of fresh air, he told a nursing meeting of the National Tuberculosis association.

Hospitals should also crack down on other infection dangers. Coughs and sneezes should be covered up to keep infected matter out of the air, he said.

Lung Tissue Lung tissue is the part of the human body that tuberculosis germs like best. Skin, the food channels, even the upper breathing channels of the body are seldom places where TB germs begin.

House dust and large droplets from sneezes or even normal talking are screened out by the nose and other parts of the upper breathing area.

But there are other droplets formed in sneezes and laughing and talking too. These are so small that they can be seen only with special instruments. They are produced in large numbers in a simple cough. The droplets evaporate in a wink.

But they leave behind a little bit of matter, small enough to float in the air and elusive enough to be inhaled deep into the lungs.

This seems to be the major way in which TB germs are transmitted, Dr. Riley said.

Speak Softly: You May Avoid Cancer of Throat

San Francisco — People who constantly talk themselves hoarse are more likely to develop cancer of the voice box than those who speak softly, a Los Angeles surgeon reported Tuesday.

Salesmen, newsboys, circus barkers, pitchmen and auctioneers are typical of those who keep their vocal cords under strain, said Dr. Alden H. Miller of the University of Southern California medical school. He reported on 48 cases of cancer of the larynx to the American Laryngological association.

Included in Senior Award Day ceremonies at St. Mary High school Wednesday was the presentation of a spiritual bouquet and purse to Sister Mary Innocence in recognition of the six years she served as high school vice principal. Michael Quayle, Thomas Eiff and Joan Rankin are shown, left to right, in the upper picture, presenting the purse to Sister Innocence, who is being transferred to another school. Scholastic medalists were Mary Kellnhauser, Helen Suess, Janet Kowalkowski, Barbara Heinzkill, Mary Kleiber, Miss Rankin and Patricia Stilt, front row, left to right, and Robert Laemmrich, James Schueppert, Eiff, Robert Foley, Quayle and John McGinnis, back row, left to right. (Post-Crescent Photo)

Aldermen Vote Down Park for Edgewood Area

Will Lease City Homes for 1 Year, If Land Is Unneeded

Neenah — A new park and playground for the Edgewood plat area was turned down by the city council Wednesday evening. The proposed park, which the park and recreation commission has sought for several years, again was defeated when the finance committee recommended no money be provided for such a venture.

The commission had asked the city two weeks ago to study the possible purchase of lots abutting the new school site in that area.

The council also refused to contract for Adams from Isabella, E. Winne and Highway 41 to the Charles conne avenue. Maple from Di-Gambsky Construction company vision to Laudan boulevard, ny. Gambsky had offered \$800 Washington avenue from Oak per acre for the 2 acre tract, to Congress and Reed from Di-

The aldermen approved a vision to Washington. Buck-plan for the lease of the three man's bid was nearly \$3,000 city-owned homes on E. Col-lower than that of Holtz and umbian avenue which would Bass, Appleton. The entire cost mean a revenue of \$260 per will be assessed against the month. The dwellings would be property owners. The council leased for one year, with a 60-also authorized property own-day notice cancelling the lease crs on Jane and Loper courts if the city should need the land to install curb and gutter and within the year. The 60 days gravel street in those two dis-tricts at their own expense.

The homes, located at 114. The council also accepted the 124 and 139 E. Columbian ave-bid of C. F. Kaiupa and Son, nue, are on the site planned for Berlin, for finishing the sewer work on Eden drive and Chati-

The council approved an am court in the Glenayre Park agreement with Ralph Thomas plat. Kalupa's bid of \$4,684 was to buy the north 30 feet of his less than the \$5,100 cost esti-lot at Harrison and Cecil street mated by the public works to permit widening of Cecil committee and considerably street. The land is to cost \$300, less than the high bid of \$7,048

Curb, Gutter Bids submitted by the J. O. John-

The aldermen accepted the son company.

bid of Earl A. Buchman, Ap-pleton, for curb and gutter on property owners \$3.75 per foot.

Traffic Club To Hear Trust Firm Officer

Management to be Guests at Annual 'Industrial Night'

Menasha — Fox River Valley Traffic club will climax its season with its annual Industrial Night dinner at the North Shore Golf club Tuesday evening which will be attended by top officers of industry and the various transportation firms serving the area.

Speaking to the group will be Harold M. Finley, executive investment officer of the Chicago Title and Trust company at Chicago, Ill. Golf during the afternoon will form the entertainment and the annual golfing jamboree of the Traffic club will be July 15 at the Butte des Moris Golf club at Appleton.

Seated at the speaker's table will be William Hetherington, Appleton, president of the Traffic club, Finley, Edwin A. Olson, vice president for traffic of the Chicago and North Western at Chicago, who will be toastmaster, and the Rev. Joseph Ahearn, pastor of St. Patrick's church of Menasha, who will give the invocation.

Also at the speaker's table will be William M. Wright, Kimberly-Clark corporation vice president; Walter M. Kremer, Chicago, Milwaukee road vice president; M. J. Boyle, Chicago, president of the Steffe trucking firm; Salvatore Porto, Menasha, program chairman, and Frank Otis, Neenah, assistant program chairman.

Teaches Finance Class

Finley joined the Chicago Title and Trust company in 1950 as a security analyst in the investment division. His previous experience included eight years with Lamson Brothers and company, a brokerage concern.

He was graduated with honors in economics from Northwestern university and has done postgraduate work at the University of Chicago. Presently he also is teaching a course in corporation finance at Loyola university.

He is the author of a recently published book, "Everybody's Guide to the Stock Market." He is a member of the

Harold M. Finley

Investment Analysts society of Chicago, American Statistical association and Delta Sigma Pi professional economics fraternity.

The Chicago Title and Trust company is in its 111th year and is recognized as one of the leading corporations in America's second largest city. Through its title division, the company has played a prominent part in the development of the Chicago area and the growth of the city's real estate business. It has five regional offices and nearly 100 agents and representatives in Illinois plus owning subsidiaries in Indiana and Missouri.

Neenah Undecided On Regional Plan

Council Wants More Information on Benefits, Drawbacks of Proposal

Neenah — The only decision members of the city council were able to reach on regional planning Wednesday evening was that both more discussion and more information are needed before any final decision can be reached.

Aldermen and Mayor Chester S. Bell spoke at length on the proposal of the Fox Valley Regional Planning commission proposal of last week for a share in a plan for all the Fox Cities, which would also include a local plan for Neenah.

Mayor Bell said that he had "seen nothing to indicate that

Hardwood Firm, Union Meet to Settle Strike

Neenah — Officials of Hardwood Products corporation and Local 630 of the Carpenters and Joiners union are meeting today with John Laeey, Milwaukee, federal conciliator, in an effort to settle the strike against the Neenah firm which now is in its third week.

The meeting was still in progress at noon today and no disclosure was made by that time of any settlement.

The union of 220 members went out on strike May 3 when contract negotiations broke down on the issue of wages. Negotiations for the contract, which expired April 30, were begun early in March.

Both sides declined to comment what was involved in the wage offer of the company and the request by the union.

Police Station Study Resumed

Neenah — This city's need for a new police station was officially referred to the public works committee by the city council Wednesday evening.

This is the first action the new council has taken on the station, which was defeated in a referendum April 1.

Talk of planning for the future prompted Mayor Chester Bell to say that "The first duty of the council is to end the uncertainty surrounding the police station."

Ambulance Call

Neenah — Firemen on the ambulance crew administered oxygen early Wednesday afternoon to Judy Feifarek, 10 months, 108 Law street, to bring her out of a convulsion. The firemen used the department's new Seely resuscitator, which has already been credited with saving several lives. The girl, daughter of Mr. and Mrs. Charles Feifarek, was reported in good condition today.

rested at 12:50 Wednesday afternoon for failing to heed the red light at Wisconsin avenue and Commercial street.

Safety Council Names Paul Dodge Chairman

Robert Williams to be in Charge Of Programs for Industrial Group

Menasha — Paul Dodge of Neenah Foundry company Wednesday night was elected general chairman of the Neenah-Menasha Industrial Safety council at an executive committee meeting at Van Camp's supper club. He succeeds David Austin of John Strange Paper company.

Dodge served during the last year as program chairman. The new program chairman is Robert Williams of Central Paper company.

Assisting him in lining up the 1958-59 program will be a committee made up of Jack Bylow of Neenah Paper company division of Kimberly-Clark corporation, Walter Stommel of Menasha Wooden Ware company and Claude Cash, president of the Neenah-Menasha Labor council.

Forfeit to Police

Oshkosh — Among motorists who forfeited appearance bonds to Oshkosh police were James Kirkland, 1131 W. Grant street, Appleton, and Paul Kurtz, 655 Elm street, Neenah, \$14.35 each for speeding. The money was turned over to municipal court Wednesday.

Twin City Deaths

Weiss Funeral

Neenah — Funeral services for Joseph H. Weiss, 67, 215 Elm street, who died Tuesday night, will be held at 2 o'clock Saturday afternoon at the Laemmrich Funeral home with the Rev. G. A. Schaefer, pastor of Trinity Lutheran church of Neenah, in charge. Burial will be in Oak Hill cemetery. Military rites will be conducted at the grave.

Friends may call at the funeral home after 3 o'clock Friday afternoon.

Twin City Births

Neenah — Theda Clark hospital today reported the following births:

Daughter to: Mr. and Mrs. Gary Howard, 2321 Second street, Menasha.

Son to: Mr. and Mrs. John Sprang, Jr., route 1, Menasha.

Dairy Journal Editors Meet With Marathon

Industry Progress, Future Subject of 2-Day Conference

Menasha — Publishers and editors of leading business publications in the dairy industries field are meeting with executives of the Marathon division of American Can company today and Friday to discuss the progress and future of the dairy industry.

Representing the publication are Vincent M. Rabuffo, Ice Cream Trade Journal, New York city; Howard Grant, Ice Cream Field, New York city;

22 Acres in Township Annexed by Menasha

Paul Bayer, Mrs. Marvel Jacobsen Property Taken Into City; Third Addition of 1958

Menasha — The third annexation of the year was made Tuesday night when the council approved a resolution bringing 22 acres of land from the town of Menasha into the city. The property is owned by Paul

Peter Olsen, Ice Cream Review, Milwaukee; and Charles L. Reynolds, Southern Dairy Products Journal, Atlanta, Ga. Discussions will cover trends in the packaging of dairy products and other phases of distribution and marketing that will affect the dairy industry's future growth. The visitors will inspect Marathon research, development, graphic arts and manufacturing facilities at Neenah, Menasha, Rothschild and Wausau.

Conference participants from at a Menasha Kiwanis club Marathon will include Roy J. Sund, vice president and general manager, and D. A. Snyder, vice president in charge of the food packaging division. Current and future packaging, prospects will be discussed by Walter G. Dixon, dairy packaging sales manager; Kenneth S. Dickinson, assistant to the sales manager; and James J. Davis, merchandiser.

Sales promotion aspects will be reviewed by Owen E. Lyons, advertising manager, and Phil Rundquist, assistant in charge of food packaging and bakery advertising.

Bayer, 540 Ninth street, and Mrs. Marvel Jacobsen.

The property is located between DePere and Appleton streets and will be taken into the Fourth ward. Mayor R. G. DuCharme pointed out the property contains good residential lots.

On March 5 the council annexed 10 lots between DePere and Appleton streets owned by Paul Noffke and on March 19, three lots located at London and Ninth streets in the Grove subdivision and owned by Donald Buss were annexed.

A resolution adopting the 10 acres previously annexed as the Paul Noffke plat was approved, also.

Mayor DuCharme, speaking at a Menasha Kiwanis club meeting in April, said he had Sund, vice president and general manager, and D. A. Snyder, vice president in charge of the food packaging division. Current and future packaging, prospects will be discussed by Walter G. Dixon, dairy packaging sales manager; Kenneth S. Dickinson, assistant to the sales manager; and James J. Davis, merchandiser.

Beverage operators licenses were issued to Donald Wassinger, 425 Western avenue, Neenah; Arlene Polasek, 67 Lawson street, and Earl Drown, 265 Kaukauna street.

Smelly Business

Washburn, Wis. — Hanson's Tip Top cafe is back in business, but it took a crew of city workmen, a fire hose and a shotgun to get the front doors open.

The men used the hose and gun to get rid of a family of seven skunks that had made its winter home under the floor of a vacant store next door to the restaurant.

Car Pushed 170 Feet by Train, Woman Uninjured

Neenah — Quick thinking this morning averted possible serious injury as a Soo Line train and automobile collided at the Monroe street crossing. Mrs. Phillip Maas, 70, had just backed out of her driveway at 432 Monroe street, just east of the tracks. She stopped to let a boy pass and then started across the tracks, not noticing the blinking warning signals.

She saw the train coming and knew it was going to hit her, she said, so she immediately shut off the car's ignition and slid over to the passenger side of the front seat.

The train, pulling 23 freight cars, crashed into the left side of the auto and pushed it 170 feet north before stopping. Mrs. Maas walked away without a scratch.

The engineer, Leslie Hintz, 43, North Fond du Lac, and conductor Gerald Berendsen, 38, Meadow Lane, Neenah, said they tried to stop the train but the momentum of the 23 freight cars, even at 2 miles per hour, would not permit them to do so.

St. Mary Sister Will Celebrate Golden Jubilee

Nun Mary Borromea To be Honored by Notre Dame Order

Menasha — Sister Mary Borromea, a St. Mary school teacher for the last 20 years, will celebrate her golden jubilee as a member of the Order of the School Sisters of Notre Dame on Saturday.

A special high mass of thanksgiving will be offered for her in the convent chapel by her cousin, the Rev. Cletus J. Lynch, archdiocese of Chicago. A dinner party, attended by relatives from Chicago, will be given at the convent on Sunday.

Saturday's festivities will open with a high mass celebrated by the Rev. Joseph Becker, St. Mary pastor. The convent choir, led by Sister Mary Gisela, will sing at the high mass and Sister Mary Florentine will sing a special jubilee offertory.

Sister Borromea attended, grade and high school at St. Michael school, Chicago, and school, Neenah, she taught re-entered the convent at the age of 16. She graduated from Mount Mary college, Milwaukee, during the summer months she gave religious instructions in summer vacation schools.

Werling, Larson Win Top Awards At Boys' Brigade

14 Cited for Completing 7 Years Service

Neenah — Dick Werling was named outstanding brigadier at the annual Boys' Brigade Award Night program Wednesday evening.

Werling, president of the Neenah High school senior class and son of Mr. and Mrs. Forrest Werling, 209 Stevens street, was cited for his seven years in the organization, his enviable record at Camp Onaway and his work with the sixth graders in his charge. His is the highest award a Brigadier can receive.

Both Werling and Ronnie Larson, son of Mr. and Mrs. Ralph Larson, 620 Jackson street, were awarded scholarships to Camp Minnawana, a Christian leadership training camp at Shelby, Mich.

Fourteen boys were given seven year medals. They are all that is left of the 60 who joined as sixth graders in 1951. They are Eric Anderson, Daniel Began, Lee Button, Hector Fischer, Ronald Gibson, Fred Hiesberg, Edward Meyer, Dave Nielsen, Don Pansch, Steve Schultz, Jon Stilt, Thomas Weinke, Thomas Williams and Werling.

Outstanding boy awards in various fields were awarded 13 Brigadiers. They are Jim Larson, bugler; Gary Gooding, drummer; Carlton Cramer and Larry Button, workshop; Ken Sommerhalder, art; Tom Hanson, model railroad; Paul Mennes, beginning photography; Ken Bietler, fly tying; Bernard Meyer, drill team; Ronald Bernhagen, printing; Herman Krenkel, radio; Robin Graebner, advanced photography, and Jim Pansch, model building.

Meritorious service awards were presented to Robert Walker, Howard Thorpe, Tom Steffen, Bernard Meyer and Jim Law.

The Clough Memorial Championship rifle trophy was presented to Ronnie Larson and the Kuehl Memorial Advancement rifle trophy was awarded to Jim Law.

Friends Entertain For Paula O'Brien

Menasha — Among the June brides being entertained at a round of showers and cocktail parties is Miss Paula O'Brien, daughter of Mrs. Paul T. O'Brien, 377 Cleveland street. On June 7 she will become the bride of Frank Meyer, son of Mrs. Frank Meyer, 214 Lincoln street, Neenah, at St. Patrick Catholic church.

Hostess at a luncheon and linen shower Sunday afternoon at Butte des Morts Golf club was Miss Ann Mayer and on May 8 a tea and handkerchief shower was held at the same club by Mrs. L. W. Roemer and Mrs. W. J. Hahn.

Dr. and Mrs. Ralph Juneau were hosts at a cocktail party May 10 at their home, 313 Winnebago avenue, Menasha, and on May 13 a miscellaneous shower was given at Whiting Boat house by Mrs. Gust Arvan, Mrs. Phillip Jacob and Mrs. Joseph Staab.

A cocktail party and supper was given Saturday evening at the 203 N. Mason street, Appleton, home of Mr. and Mrs. Henry Liethen and other parties planned include a dinner June 1 at the home of Dr. and Mrs. A. M. Bachhuber, Kaukauna, a tea from 3 to 5 o'clock Saturday afternoon given by Mrs. Hayward Biggers and Mrs. Ted Heitzel at the Biggers' home, 365 Cleveland street and a coffee hour and kitchen shower May 31 at which Mrs. F. J. Hauser, 325 Twelfth street, will be hostess.

The YWCA was the scene of a linen shower Tuesday evening honoring Miss Joyce Voss, daughter of Mrs. Arthur Voss, 309 Lisbon avenue, who will be married on June 21 at St. Patrick Catholic church to James Reiland, son of Mrs. Alfred Reiland, Blanchester, Ohio. Hostesses to the 30 guests were Mrs. Robert Zolkowski and Miss Karen Lange and prize winners included Miss Joyce Robinson, Miss Voss, Mrs. Leo Slomski and Miss Marilyn Matowitz.

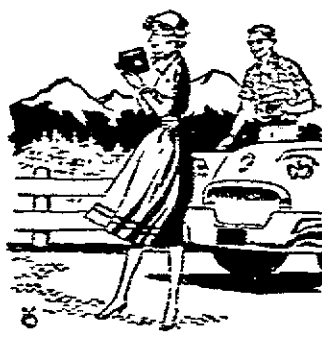

A kitchen shower was given

Appleton Post-Crescent B 2 Thursday, May 22, 1958

Monday evening meeting Mrs. Joseph Kubicka announced Oct. 24 and 25 as the date of the antique show and fair being sponsored by the Women's fellowship. Mrs. Violet Kyle spoke on the Chicago trip taken by several members and the next meeting of the Junior group will be Sept. 8.

Menasha High Shoots For Sectional Honors In Ripon Class B Meet

Kimberly, New London, Clints Also Included Among Dozen Entries; Portage Defends Title

Menasha — Menasha, de-throned as class B sectional champ by Portage last year after holding the title for three straight seasons, will attempt to regain its past glory when it participates in the 1958 sectional Friday night at Ripon. The first and second place finishers in all events will qualify for the state class B meet, scheduled for May 31, also at Ripon. Because the Camp Randall stadium field is torn up, is Joe Steffen, who was second of the state meets are being held at Madison this spring. Area teams in the sectional with the Jays are Kimberly, New London, Hortonville, Clintonville, and Omro while others are Wisconsin Dells, Portage, Adams - Friendship, Berlin, Ripon and Portage.

Menasha Entries

Menasha's leading entries are expected to include "Rocky" Jersild and Jim Hanson, in hurdles; Hal Jorgensen, and Larry Wright, half mile. Doug Russell, mile. Ron Haass and Tom Stepanski, broad jump; Jersild and Hanson, high jump; Jerry Sobieszyk, Tom Stepanski and Dave Ristau, dashes; Dick Taves, "Chuck" Weber and Dan Endter, shot put and Weber and Wright, discus.

The top Kimberly performers are sophomore Darrell Jansen, who last week won the conference high and low hurdles and high jump championships; Joe Bolwerk, pole vault; Barry DeLeeuw, shot put, and Tom Rooyakkers in the high hurdles and broad jump.

Strong in Dashes

Clintonville's greatest strength lies in the dashes, where Jerry Sinkewicz and Dale Lueck are among the conference's best, in the 440, where sophomore Archie Gough is improving and in the pole vault, where Bob Schloman has done 10 feet.

New London, the fourth Mid-Eastern conference team in Legion council were elected the meet, only scored two and installed at a meeting at points in the conference meet, the Legion clubhouse here both by Ray Langner in the Wednesday night.

Omro has several outstanding boys whose marks are as good as the winning mander; Sherman Barnard, times in the Mid-Eastern Omro, service officer: William league meet. They include Pat Miller, Menasha, assistant ser-

Ramblers Test Publishers in Loop Feature

Neenah — Carl Baerwald carded a gross score of 39 and Larry Lancaster posted a 41 to lead the Lakeview Men's Golf league during its second round of play Wednesday evening at the Bridgewood Golf course.

The Braves are still undefeated with a 10-0 record. The Red Sox have 9-1, White Sox 7-3, Cardinals, Orioles and Dodgers 6-4, Pirates, Senators and Phillies 5-5, Cubs and Indians 4-6, Yanks and Redlegs 3-7, Giants and Athletics 1-9 and Tigers 0-10.

Both Teams Take 2-0 Records Into 'National' Clash

Neenah — The Marathon Ramblers will play Banta's at 8 o'clock tonight at the Recreation diamond in the top game on the Twin City Industrial Softball league schedule.

Other contests match Northwestern Electrotape against the Marathon Packers at 6:30 at the Neenah diamond and Badger-Globe versus Lakeview at 6:30 and Main Office versus Wisconsin Tissue Mills at 8 o'clock, both at Jefferson park.

Banta's and the Ramblers both have 2-0 records in the National division and the winner will move into a first place tie with Bergstrom Paper, which scored its third victory earlier this week.

Seek 4th Win

Wisconsin Tissue Mills seeks its fourth straight win at the expense of Main Office. The latter won its first two starts before losing to the Marathon Packers last Thursday.

The Packers will attempt to remain in the undefeated column in their test against Northwestern. The Electrotape has two setbacks.

Defending champion Badger-Globe bids for its first win in three starts and Lakeview tries for its second triumph in three outings in their National division clash.

Bergstrom's 3-0 tops the National loop while the Ramblers and Banta's have 2-0. Lakeview 1-1, Foundry and Stranges 1-2, Badger-Globe 0-2 and Wood-Jensen, Jim Ricciardi, Selwyn Small and William Stonecipher.

Tissue Mills has 3-0 in the American circuit, Packers 2-0, Gilbert Paper 3-1, Main Office 2-1, Northwestern 0-2 and Soo Line and Neenah Paper 0-3.

Bluejays Face Wauwatosa in Tennis Match

Menashans Make Annual Swing to Milwaukee Area

Menasha — Coach Leo Kenney's Menasha High school net-ers will make their annual swing of the Milwaukee area this weekend, playing at Wauwatosa Friday and Waukesha Saturday. The Jays were scheduled to play at New London this afternoon.

Going into today's match the Bluejays had a 12-3 record. Two of their losses were to Neenah, which bowed to "Tosa 6-3, and the other was to Manitowoc, which took a 6-3 win over the Raiders.

The Wauwatosa squad includes eight lettermen — John Hartfield, Lynn Pollnow, Bob Easton, John Zollnick, Tom Jensen, Jim Ricciardi, Selwyn Small and William Stonecipher.

Wauwatosa scored a 7-2 win in last year's meeting. Menasha's wins came in the doubles where Clem Stein and Dick Lang and Jim Stenson and Bob Adams were victorious.

Hartfield defeated Stein in singles and Ricciardi bested Bob Hodkiewicz.

Likely Menasha singles players are Jim Cronin, Jim Stenson, Hodkiewicz, Adams, Tom Krysiak and Nick Farrell or Fred Hollenbeck. Last year Cronin lost to John Iglehart. Stenson was beaten by Gary Van Wagenen, who since has transferred to Country Day, and Adams lost to Ron Albert.

Scoring Blasts Feature Play in Gilbert Circuit

Menasha — Four high-powered individual scoring blasts featured action in this week's session of the Gilbert Paper Company Golf league on the Bridgewood course.

Highlight of the team scoring parade was a hefty 30-point bolt by Dreadnaught out of a possible 40 points in the match. Old Ironsides and Dauntless.

Knotted for the lead before this week's play, slipped to third and fourth places, respectively. Resource holds first place with 70 points. Dreadnaught zoomed from fifth place to the runnerup slot on the wings of that 30-point explosion, only three points off the top. Old Ironsides has 66 points and Dauntless has 65 followed by Lancaster with 59. Dispatch 53, Superase 51 and Radiance 49.

On the individual side of things, Joe Nadolney of Lancaster shared the spotlight with John Christofferson. Dreadnaught skipper, as each piled up 17 out of a possible 20 points to set new scoring standards for the season. Next in line were Chris Grode of Radiance and Ed Bojarski of Resource with 15 points each.

Nadolney snared sharpshooting honors with an even par 36 round, which featured a birdie on the par-4, 260-yard first hole. Grode ranked second best with his 45 card.

Val Wojcik of Old Ironsides was the blind bogey winner on his 63 score.

Council Reaches No Decision on Regional Plans

Continued from Page B1

Neenah's share of the cost of keeping the commission office in operation.

Bell said that most of the talk of planning which was heard before the police station bond issue referendum on April 1 alternated between "pious generalities with no details and points too specific to be included in a broad plan."

Ald. James Dinius urged the appointment of a citizens committee to outline specific areas where planning is most needed. "We must find out what we need before we ask a planner to fill our needs," Dinius said.

Ald. Ewald Miller suggested witt streets.

at a meeting with the Chamber of Commerce, prime advocate of planning during the recent referendum campaign.

This suggestion was squelched by Ald. Peter Fara, a member of the joint city-chamber committee which was seeking a downtown survey last year, who said that the city had been trying to work with the chamber without success and that nothing would be accomplished by trying it again.

Fara was the only alderman to speak positively in favor of a region plan, which, he said, would help in street plans for outlying areas, industrial development tracts and similar problems.

Pinpoint Police Station

Such a plan would also pinpoint the spot for a new police station, Fara said, and for this reason alone would be worth every cent the city would pay.

At the present time the city has no comprehensive plan for the future, nor has it any means within itself of creating such a plan. Individual plans for the future have been devised by the school board, water commission and similar special bodies, but an all-inclusive planning body does not exist.

The city plans commission, said Ald. Harold Young, concerns itself primarily with land use and zoning as the need arises rather than projecting city needs far into the future.

At the present time Neenah is committed to the regional commission for about \$2,700 for this year. It may withdraw at any time, but to do so would possibly destroy any regional plan for the nine other municipalities which are also members.

To date the three villages — Kimberly, Little Chute and Combined Locks — and two of the towns — Neenah and Menasha — have voted to support financially any regional plan. Kaukauna has also indicated that it will support the plan.

The cities of Neenah, Menasha and Appleton have not indicated their intentions and the town of Grand Chute has said it will be guided by the majority.

Boy Loses License

Neenah — William H. Mordo, 16, 307 E. Forest avenue, lost his driver's license for 30 days this morning when he pleaded guilty of speeding before Police Justice Edmund P. Arpin.

Mordo was arrested at 12:03 Wednesday morning for speeding 39 miles per hour on First street between Lincoln and He-

Nine St. Mary Students Named Sodality Heads
Menasha — Nine St. Mary Lavelle, publicity. High school students recently were named sodality officers are Colleen O'Brien, Our Lady for the 1958-59 school year. The and eucharistic chairman: Rev. Richard Shafer is sodali- Keith Boehmer, Catholic truth ty director and moderator. and Patrick Quigley, social David Huelsbeck was elected committee chairman.

Season Ticket Sales at Pool Up 23 Per Cent

1,392 Passes Sold; 20 Swim Classes Filled for Summer
Menasha — Exactly 1,392 season passes to the Menasha swimming pool were sold during the 4-day registration period, the recreation department reported today.
This represents an increase of 263, or more than 23 per cent, above last year's 1,129 season admissions.
Children purchased 1,031 season tickets, students bought 343 and adults obtained 18.
All but eight of the 28 swimming classes scheduled for this summer also were filled. A total of 654 signed for the swimming classes, 11 for the boating classes, and 39 for the junior and senior life saving instructions. These classes will begin the week of June 15.
Exactly 272 signed for recreation department baseball for the summer. Boys aged through 9 in the Cub league accounted for 126 registrations. The balance included 85 midge leaguers, 51 junior leaguers, and 10 senior leaguers.
Late registrations for the swimming, boating and life saving classes will be taken June 6. Pool season passes will also be made available on that date at the Memorial building for those who missed last week's sale.
Baseball registrations will be completed on June 13 at the Memorial building, and teams will begin playing the following week.

Urge People to Buy Pool Passes This Weekend

Menasha — Extra help to handle season ticket sales for the Neenah swimming pool will be on duty Saturday and Sunday afternoons, Bill Miller, recreation director, announced today. He urged the public to buy their tickets on these days rather than wait in line after the pool is opened May 30.
The season tickets, for Neenah residents only, will be on sale through July 15. They cost \$1.50 for children 12 and under, \$3.25 for students 13 through 18, \$5.25 for adults 19 and over.

Speaking at Monday's Meeting of the Green Bay Baptist association at Whiting Memorial Baptist church in Neenah was the Rev. David Lagergren of Sweden, standing at extreme left. Listening to him are, seated, the Rev. K. Aart Van Dam, Neenah, elected association moderator; Mrs. Selma Stallman, Neenah, association clerk, and the Rev. Harold L. Humbert, Appleton, association vice moderator, and standing, Dr. Thorward Bender of Northern Baptist seminary at Chicago and Dr. Ezra G. Roth, executive secretary of the Wisconsin Baptist state convention who also were speakers of the program. (Post-Crescent Photo)

19 Committees Working on NHS Commencement Details

Neenah — The Neenah High school class of '58 has named 19 committees and chairmen to handle the various details connected with graduation.
Nearly all of the 209 seniors who will graduate June 4 are on the committees.
Committee chairmen are Joyce Mueller and Nan Rusch. Rick Price, announcements; Ellen O'Leary, class history; Judy Grimes, memorial and son and Julianne Beyer on the class gift; Mark Webb, class class dinner June 2. The chair-prophecy; Gail Dawson, class men and committees are Jean will; Douglas Kuchenbecker, Kitchin, table decorations; publications, and Richard Werling, class adviser gift. Gail Dawson and Mark Webb head and \$15 for families.
The family ticket is a new feature this season, and entitles the parents and all children of a family to season privileges at the pool.
Daily admission tickets will be available when the pool opens at 20 cents for children, 30 cents for students and 40 cents for adults.

Campers Group Defers Cookout

Neenah — The cookouts planned for this weekend at Calumet county park by the Fox Valley chapter of the National Association of Campers and Hikers has been postponed until sometime in June.
Chapter officers cited the

Recreation Board Hires Neenah Man

James Hrubicky To Assist in City Programs

Neenah — The hiring of James G. Hrubicky as a full-time employee of the recreation department was announced today by the city park and recreation committee. Hrubicky is to assist in the operation of the department's activities and programs, starting July 1.
He is the son of Mrs. George Hrubicky, 15 Sixth street, and is a recreation graduate of the University of Wisconsin, class of 1957.
During previous summers Hrubicky was employed as a life guard, swimming and boat safety instructor for the Neenah recreation department. At the present time he is a neighborhood center director for the Green Bay recreation department.
During his college training in Madison Hrubicky took part in the Recreation Leaders Laboratory, served as assistant Boy Scout leader and was in charge of a day camp program for seventh and eighth grade students at Wisconsin High school.
During his final semester in college Hrubicky was a recreational therapist at the Wisconsin Diagnostic center, in Madison.

Braves Lose Second Straight to LA, Play Giants Tonight

Reliever Labine Helps Drysdale Gain Second Win of Season

Milwaukee — The Milwaukee Braves complained about a judgment call by Umpire Al Barlick Wednesday after their 2-1 loss to the Los Angeles Dodgers, but the blame could just as well be shouldered by Wes Covington.

The brawny outfielder ran right through Coach Billy Herman's stop sign at third base and was an easy out at the plate in the seventh.

Covington said later Herman waved him on, adding, "I wouldn't try to score on my own with my bad leg." Herman said he flashed the stop sign

"all the way" — and most observers agreed with him.

The Braves flitted around Barlick like gnats in the eighth, claiming obstruction by reliever Clem Labine. The argument gained nothing though as Barlick stuck to his guns — and his judgment.

Johnny Logan had singled to center with one away, stretching his consecutive game hitting streak to 14. Ed Mathews followed with a hard chopper that got through first baseman Gil Hodges and then dribbled off the bare hand of second baseman Charlie Neal, who was backing up the play.

As Mathews rounded first he hesitated for a split second and then set sail for second. He ran into Labine, who was standing in the base line, and was forced to retreat back to first. Mathews, Haney, Coach John Fitzpatrick and "Red" Schoendienst claimed obstruction, which would have entitled Mathews to second base.

Longest Win Streak
Obstruction is when a fielder, who does not have the ball or who is not fielding it, impedes the progress of the base runner. Barlick said that when Mathews stopped, his path to second base became a straight line — rather than the usual arc. Thus, Barlick added, Labine was not in his way because he was standing behind the imaginary straight line between first and second.

The Dodgers collected only four hits off starter Bob Rush, who suffered his second loss against three victories, and a reliever Ernie Johnson.

The winner was Don Drysdale, who needed help from Clem Labine in the seventh when the Braves came up with three consecutive singles, but failed to score. It was Drysdale's first victory as a starter this season. His only other triumph came in relief against the Phillies May 6. He has lost seven.

It was the Dodgers' third victory in a row — their longest streak of the season — and second straight over the second-place Braves, who fell to 21 games behind the San Francisco Giants.

They notched both of their runs in the first inning as Junior Gilliam led off with a single and Gino Cimoli followed with his fifth home run of the campaign.

The Braves answered in the

Although Shortstop Johnny Logan's hands are right under the fly ball, it was caught by outfielder Wes Covington, left, of the Milwaukee Braves. The short fly was hit by Los Angeles' John Roseboro in the first inning of Wednesday's game in a stadium. The Dodgers won, 2-1. (AP Wirephoto)

Stolzman's 2-Hitter Tops Bulldogs, 5-0

Weyauwega to Meet Hortonville In Shiocton District Finals

Shiocton — Weyauwega's

Tom Stolzman fired a 2-hit shut-out at New London here Wednesday night to move the Indians into the finals of the Shiocton District tournament Friday against Hortonville.

Three of Wega's runs in the 5-0 triumph came in the first inning on just two hits. Gary Grossman doubled and moved to third on Roger Boushley's single.

Larry Kamp reached on an error on the shortstop, as one run scored and Boushley went to third. Kamp stole second and then Boushley and Kamp worked the double steal as Bulldog pitcher J. Kupperuss wound up with runners on second and third, Boushley scoring.

Kamp then stole home. Stolzman struck out seven and walked three while Kupperuss fanned 12 and walked three, allowing just six hits. Boushley and Looker rapped two hits apiece for the Indians.

Terror and 'Paca' Golf Teams Enter Sectional

8 Schools Vie For 2 State Berths Friday

The Appleton and Waupaca High school golf teams will compete with six other entries in the Marinette sectional meet Friday afternoon.

The 18-hole test begins at 1:30 on the Little River course, Marinette.

The two lowest-scoring teams in the field will qualify for the May 30-31 state meet at Green Lake's Lawsonia course.

Vying with the Terrors and Comets will be Fox River Valley conference champion Green Bay East, Wausau, Marinette, Green Bay West, Shawano and Schofield.

Unlike the 5-man team set-up of conference play, each school will use only four players in the sectional.

AHS Coach Dick Emanuel will enter these four players Friday; Jim Reeve, Bob Ferrel, Dave Schuetter and Bob Bauman.

Major League Stars
By The Associated Press
Batting
Gino Cimoli, Dodgers, drove in both runs in the first inning and cut the Milwaukee lead to 1-0.

Pitching
Sam Jones of St. Louis in a 1-0 shut-out in the only run with a double in the eighth inning.

Phillies Beat Jones, 1-0

By The Associated Press
Robin Roberts is back where he belongs — among the elite of the pitching fraternity.

Once the premier pitcher of the National League, Roberts won only 10 while losing 22 last year. There were widespread rumors that his days with the Philadelphia Phillies were numbered.

Giants Hike Lead
It was not until his last exhibition start this past spring that the 31-year-old Roberts was assured of a starting berth again.

Now Robbie the great is Philadelphia's fair-haired boy again. Wednesday night he hurled the Phillies to a spring-training 1-0 triumph over red-hot St. Louis. Furthermore, he broke up a scoreless duel with Sam Jones with a ringing eighth-inning double that drove in the lone run.

The San Francisco Giants defeated Cincinnati, 5-4, in 10 innings to increase their first-place margin over Milwaukee to 2½ games. Los Angeles made it two in a row over the Braves, 2-1, and Chicago thrashed Pittsburgh, 5-1.

The Pirates' only run was unearned as Al Dark bobbled through seven innings by Frank Thomas' line smash.

Green Bay Captures 1-0 Duel From Foxes

Appleton, Kaukauna Trackmen to Compete In Sectional Friday

6 Teams in Class A Field; Seymour And Bonduel Entered in B Division

Appleton and Kaukauna will represent the Fox Cities in Friday night's Class A high school sectional track meet in Green Bay's city stadium.

The other four Class A teams in the field are Fox River Valley conference titlist Green Bay West, Manitowish, Shawano, and Green Bay East. It's the same field that competed in 1957 when the Terrors took team honors with 70 points.

Bonduel and Seymour are the lone Fox Cities area entries in the Class B meet which will be run in conjunction with the "A" competition. The other "B" schools are De Pere, Gillett, Kewaunee, Luxemburg, Mishicot, Oconto, Preble, Oconto Falls and Sturgeon Bay.

Meets Split Up
The first and second place finishers in each event will qualify for the state meets. In this year's split-up of state meets, "A" schools will compete May 31, at Milwaukee.

"North" and "B" schools at Ripon on the same day.

Trial heats in running events, and all of the field events will get under way at around 4:30 Friday afternoon in Green Bay.

The finals of the track events begin at 7:30.

All seven Terrors who qualified at last year's sectionals, and eventually helped AHS win second place in the state meet, are eligible to try again this year. These include John Cotton, the 1957 half-mile winner, whose injured foot has shown some improvement this week.

Coach Ray Kinziger reports that Cotton is entered in the half-mile and may be able to run the 880 relay, as well.

Other returning Terrors who won firsts in last year's sectional are Don Loker, mile; and Dick Kickland, in the 440.

Taking seconds were Mitchell Gebheim, pole vault; Howie Hamann, high hurdles; Tom E. Verkullen, discus; and Dick King, broad jump.

Hamann, Loker and Gebheim served notice last Saturday that they'll be tough to beat when they took individual titles in the FRVC meet. Hamann took a double in the hurdles.

Appleton also won both relay events in the 1957 sectional, but its units have been pretty well altered by graduations. Dick Kloes is the only returnee on

the winning sprint medley unit, while Kickland and Cotton are 880 relay returnees.

The only other defending Class A champion, in addition to the AHS group, is West's Bill Snelling in the pole vault. Snelling did no better than fourth in last weekend's FRVC meet.

Among the other top threats in the sectional will be these 1958 FRVC champs: West's Gary Wouters, shot put and discus; West's Ken Wolfe, dash; West's Tom Calloway, 440; and East's medley relay team.

Packers Sign Hank Bullough And Jim Ringo

Green Bay — Offensive Capt. Jim Ringo and Hank Bullough, just back from military service, have signed for the 1958 National Football League season. The Green Bay Packers announced Wednesday.

A center, Ringo was named to the Associated Press All-Pro team in 1957. He's been a regular since joining the Packers out of Syracuse six years ago.

Bullough, a guard, was a rookie with the Packers in 1955 and has been in the service since. He was the club's fifth draft choice after a sparkling career at Michigan State.

The 6-foot, 240-pound Bullough will be welcomed back by the Packers who need big offensive linemen.

Two hundred Knothole club members will be available to land field, Fred Jungers of the sponsoring Optimist club reminded today.

The buttons, which will admit the bearers to Fox Cities Foxes' games on Knothole club days, will go on a first-come, first-served basis.

Williams Hitting .225 After 0-for-5

Cleveland — What's wrong with Ted Williams? The 39-year-old power hitter who led the American league with a .388 mark in 1957, today was batting a mere .225.

Williams collected only one hit in 10 at bats in the just concluded 2-game series the Boston Red Sox had with the Cleveland Indians. Wednesday left-hander Dick Tomaneck held Williams hideous in five trips.

By The Associated Press
Robin Roberts is back where he belongs — among the elite of the pitching fraternity.

Once the premier pitcher of the National League, Roberts won only 10 while losing 22 last year. There were widespread rumors that his days with the Philadelphia Phillies were numbered.

It was not until his last exhibition start this past spring that the 31-year-old Roberts was assured of a starting berth again.

Now Robbie the great is Philadelphia's fair-haired boy again. Wednesday night he hurled the Phillies to a spring-training 1-0 triumph over red-hot St. Louis. Furthermore, he broke up a scoreless duel with Sam Jones with a ringing eighth-inning double that drove in the lone run.

The San Francisco Giants defeated Cincinnati, 5-4, in 10 innings to increase their first-place margin over Milwaukee to 2½ games. Los Angeles made it two in a row over the Braves, 2-1, and Chicago thrashed Pittsburgh, 5-1.

The Pirates' only run was unearned as Al Dark bobbled through seven innings by Frank Thomas' line smash.

By The Associated Press
Robin Roberts is back where he belongs — among the elite of the pitching fraternity.

Once the premier pitcher of the National League, Roberts won only 10 while losing 22 last year. There were widespread rumors that his days with the Philadelphia Phillies were numbered.

Sadowski Gives 5 Hits In Setback

Green Bay — Foxes' right-hander Ted Sadowski lost a 1-0 heartbreaker to Bluejay southpaw "Emmy" Unzicker here Wednesday night as the Fox Cities and Green Bay met for the first time in the Three-I league season.

Sadowski, who pitched his fifth straight complete game, has suffered two of his three losses by 1-run margins. He gave up only five hits last night, striking out five and walking two.

Unzicker, who accounted for the Bluejays' fourth shutout of the season, allowed six hits.

Leads Off With Walk
The 967 "Elks Night" fans watched the Jays get three of their hits and the crucial run in the second inning. Shelly Brodski opened with a walk.

After Andy Vandervelde flied out, Nate Smith looped a single to right, sending Brodski to third. Smith took second on the throw-in.

Wade Arnold hit a line-drive to right center, for which "Sandy" Valdespino made a sensational dive and an apparent catch. The umpire, however, ruled he had trapped it — a decision that touched off a heated, 10-minute argument. Brodski scored on the play — and he would have scored, regardless of how the ruling had gone, since he had taken the precaution to tag up at third after the liner was hit.

3 Double Plays
After the rhubarb, runners remained on first and second with one gone. Tom Plath struck out. Unzicker singled to right, but Smith was cut down trying to score. Bob Van Dyke to catcher "Chick" Payne.

Outside of the second inning, Sadowski allowed only two hits — a single in the sixth and a double in the eighth.

The Foxes, meanwhile, got the leadoff man on base in four innings — the first, second, third, fourth and fifth.

Drop Cedar Rapids Farther Back; Burlington Wins

By The Associated Press
Davenport dropped Cedar Rapids back a notch Wednesday night in the Three-I league.

The Dav Sox scored two runs in the eighth inning to beat Cedar Rapids, 5-3. Rochester lost an 8-5 game to Burlington, and its shortstop in the process. Burlington moved out of the cellar by winning.

Two walks, a sacrifice fly, and Bob Sager's single produced Davenport's tie-breaking runs. Bill Rouse gained his third pitching victory.

34-Game Lead
Davenport leads by 34 games over Cedar Rapids and Green Bay, tied for second place.

Rochester shortstop Ron McCutcheon broke his left leg while completing a double play in the fourth inning against Burlington.

McCutcheon, No. 2 Rochester hitter had made the force-out at second and completed his throw to first when he fell.

Indians' Tomanek Tames Bosox, 3-2

Tribe Back in Fourth Place; Yankees Clip White Sox, 5-2

By the Associated Press

No Herb Score. No Bob Lemon. No Early Wynn. And very little of Mike Garcia, the last of Cleveland's Big Four.

Only Ray Narleski, Don Mossi, Cal McLish and Hoyt Wilhelm, four rescued relievers. And such practically unknowns as Jim Grant, Don Ferrarese, Bob Kelly and Dick Tomanek. Yet the Indians are putting up a stubborn battle.

They demonstrated that again Wednesday when they turned back Boston, 3-2, in 12 innings. Tomanek, an unheralded left-hander, went all the way. The victory boosted Cleveland back into fourth place.

Orioles Top Tigers Baltimore made it two straight over Detroit with an 8-1 triumph while Kansas City was beaten by Washington, 6-1. The New York Yankees continued their massacre of the rest of the league by defeating the Chicago White Sox, 5-2.

The Indians finished sixth last year, largely due to an extraordinary run of injuries. The jinx has hit again this year. Lemon, Score, Garcia, Vic Wertz, Larry Doby and Carroll Hardy all have been out with injuries or illness.

Yet the Indians have won six of their last 11. They got a big lift when Tomanek, who never had a winning season in six years in the minors, hurled his first complete big league game

Score Won't be Back For Three More Weeks

Cleveland —P— Cleveland's Herb Score, the lefthander with the amazing fast ball appears headed for another "jinx" season. Last season a line drive smacked him in the eye on May 7, putting out of action the rest of the season.

After defeating the Chicago White Sox, 2-0, on a 3-hitter in which he struck out 13, Score injured his elbow in his next start at Washington, April 30. Best guess is that it will be at least three weeks before Score is back.

Riverside, Interlake Win Second Straight

Share Top Spot in American Industrial Softball Circuit

AMERICAN INDUSTRIAL LEAGUE

Wednesday's Results:
Riverside 14, Miller 4.
Interlake 10, Coated 1.
Post-Crescent 8, Valley Iron 7.

Riverside and Interlake had no trouble rolling up their second straight American Industrial Softball league victories Wednesday evening.

Interlake smashed defending champion Appleton Coated, 10-1, as Bob Diener of the winner of the winners struck out eight. "Bud" Koehnke rapped three hits and "Skip" Koehnke pounded a home run for Interlake.

Riverside rattled Miller Electric, 14-4, despite Dick Guert's

Bragan Spurs Tomanek Into Improvement

Cleveland —P— Eight days ago Cleveland Manager Bobby Bragan called pitcher Dick Tomanek the Indians' "biggest disappointment."

After the 27-year-old lefthander went 12 innings with a 5-hitter against Boston Wednesday, a game the Indians won, 3-2, on "Minnie" Minofo's home gun, Bragan changed his tune considerably.

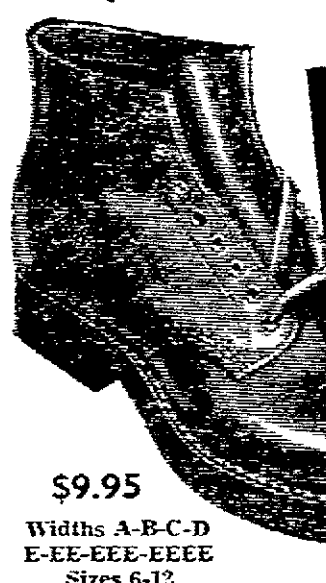

He quickly nominated the fastballer to pitch one of the games in Sunday's doubleheader against the league - leading New York Yankees.

"Tomanek had stuff," Bragan said. "Probably second to no one but Herb Score on this team. And he's always ready and eager to pitch."

Was Bragan's criticism a week ago a spur to Tomanek. "I heard about it," the young lefthander explained. "Maybe Gene Andrews of Pacific it did shake me up a little. Palisades, Calif. Jimmy Mc-made me more determined. At Hale of Philadelphia, Harold any rate I'm not doing any- Ridgley of Haverford, Pa., and thing different. My control has Tim Holland of Rockville Cen-been a little better, and that tre. N. Y., are the seeded always help."

Spartans are Batting .332 As a Team

MSU's Ted Kearly Top Individual Hitter on .520

Chicago —P— Michigan State and Minnesota, running 1-2 in the Big Ten baseball race, hold about the same positions in the statistical department.

MSU's Spartans, who have a showdown doubleheader at Minnesota Saturday in the conference finale, are tops in team batting with .332 and Minnesota is second at .285.

The Gophers lead in team fielding with a .964 mark while Illinois is next at .957 and MSU third at .956.

McCartan 2nd The batting leader is Ted Kearly of MSU with .520, followed by Jack McCartan, Minnesota, .500; Bob Lawrence, Indiana, .478; Don Foreman, Indiana, .457, and Dean Look, MSU, .444.

John Jurasevich of Illinois leads in runs with 16 while Lawrence heads two departments — hits, with 22, and home runs, with 3. Lawrence also shares the runs-batted-in lead with Look, each with 14.

Ron Perranoski of MSU is ahead in pitching with 4-0. His teammate, Dick Radatz, has three victories along with Illinois Jim Flynn, and holds the strikeout lead with 36.

three hits in 15 trips — during, a recent 1-week stretch of games with San Diego of the late, batted just .200 — on Pacific Coast league.

Lopez Not Dismayed By Yanks' Sweep of Series From Chisox

Chicago —P— Despite the gloom of the American league game sweep, Manager Al Lopez of the White Sox declared optimistic today "there is still a long base on their's and we didn't," said Lopez after Wednesday's defeat of Pierce, one of the American league's two 20-game winners last year. Pierce has a 1-4 record this year.

Deer Proposal Referred to State Congress

U. S. Forest Service Calls for Earlier, More Liberal Season

Madison —P— A U. S. Forest Service recommendation, calling for an earlier and more liberal 1958 deer season in northern Wisconsin, was referred Wednesday to the State Conservation congress, which meets here in June.

The Wisconsin Conservation commission, at its May meeting, took no action on the proposal. It had been considered by the commission's deer study committee which recommended referral to the congress.

The proposal calls for a Nov. 8 season opening in the area north of state highway 64. Nov. 15 is the earliest the season has opened in the state in the past.

The Forest service proposal also included suggestions for designating areas north of State 64 where deer of any sex could be taken this fall.

The commission approved scheduling several public hearings where proposal for declaring bullheads as detrimental fish in certain waters would be considered. This is the first time the commission has acted under 1957 legislation which calls for removal of certain species where overpopulation is detrimental to game and panfish development.

Bullheads, under the proposal, would be designated as detrimental and removed by contract fishermen in Castle Rock and Pentanville flowages, Enterprise lake, Pelican lake, Little Rice lake and Little Lake Butte des Morts.

Lawrence Bontley, Conservation department staff member, reported that department receipts during the 10-month period ending April 30 were about \$480,000 over previous estimates. About \$180,000 of this, he said, represented the take from camp deer permits for which no estimate was made in advance.

Continued from Page B8

second with their only run on Frank Torre's single. Covington's double and Del Crandall's sacrifice fly.

They threatened in the seventh as Covington, still slowed by the knee injury, beat out an infield hit; Harry Hanebrink singled to right and Crandall singled to center. Covington tried to score on Crandall's hit, but was out by 10 feet on Crandall's bullet-like throw. Labine then came on and got pinch-hitter Carl Sawatski to swing into an inning-ending double.

Singles by Logan and Mathews in the eighth went to waste as Hank Aaron also hit into a period ending April 30 were about \$480,000 over previous estimates. About \$180,000 of this, he said, represented the take from camp deer permits for which no estimate was made in advance.

Titans Threat in Dodger Hurlers are Glad State College To be Away From Coliseum Track Meet

La Crosse —P— A 3-way struggle among two perennial pitching corps are glad to be contenders and an undefeated, darkhorse is shaping up for the annual Wisconsin State College conference track meet here Saturday.

UW-Milwaukee and La Crosse —the usual contenders—will be seriously challenged by surprising Oshkosh which has a record of 10 straight meet victories.

Adding spice to the 7-school event is the probability that at least four new conference records may be established by the star-studded field.

Meet manager Floyd V. Gautsch of La Crosse said. The Canadian and British tries have been filed by Eau Claire. River Falls Stevens St. Anne, N.B., carried the Point. Whitewater, UW-Milwaukee fight and had things pretty keen, and Oshkosh in addition to much his own way. He scored the only knockdown, a mandatory 8-count in the tenth round. Ballarin's best efforts were a fair fall and the ability to scuttle backwards about as fast as those in the 440, javelin, high the pursuing Durelle could gallop forward.

Torrid Mays Leads Giants To Victory

Willie Raps 3 Hits, Makes Fine Catch As Redlegs Fall

Cincinnati —P— As Willie Mays goes, so go the Giants.

Willie was in fine form Wednesday night and so the Giants increased their National league lead over second place Milwaukee to 21 games by beating Cincinnati, 5-4, in 10 innings.

Willie not only accounted for the winning run with his twelfth homer of the year to lead off the tenth. He also had a double and single, drove in an earlier Giant run with a sacrifice fly and stole a base.

In addition he added to his list of great catches by snaring Ed Bailey's long drive which, had it fallen safe, would have tied the score again in the last of the tenth. Meantime, you have to give Manager "Birdie" Tebbets of the Redlegs credit for being an optimist.

His ball club blew a 2-run lead in the seventh inning Wednesday night and then lost a 5-4 decision to the San Francisco Giants in the tenth of the ninth defeat in the last 11 games but Tebbets insisted: "The Reds are just too good a team to continue losing. We know we have good players and it's just a matter of patience. These things have happened before. It's a long season and I know we'll get going."

"The Coliseum can't help the pitchers," Drysdale said yesterday after beating the Milwaukee Braves, 2-1, with the help of reliever Clem Labine. "All it can do is put us all in a Wednesday night's game drew only 8,669 fans.

Warns Boatmen to be On Alert for Squalls

BY JOHN BOHANNAN

With so many new boatmen venturing forth these days, I feel obliged to say something about squalls — those sudden, vicious storms of short duration.

One warm, sunny afternoon we were sailing in a puffy southwester. Along the distant shore to the south, the sun was driving moisture to high altitudes, condensing in towering cumulo-nimbus clouds. To the northwest, the horizon was turning a menacing slate blue, deepening in hue by the minute. We were carrying full canvas to round a point to the eastward, where we would have plenty of sea room.

In the face of these threatening circumstances, a small outboard cruiser came plunging out of a shallow cove. I wanted to warn the skipper of the danger, but we dared not draw any closer with our deep draft keel sloop.

White Cloud Appears

In a few minutes a long, rolling white cloud appeared ahead of the slate blue area, stretching across the horizon. We carried the balloon jib until we were clear of the point. I turned the helm over to my wife while I went forward and doused the jib. As the white cloud drew closer, we rounded up into the wind and lowered the mainsail, securing it with plenty of stops and loosening the claw outhaul to prevent

stretching the sail when the rain came. Now the descending fingers of the white cloud were directly overhead. A tremendous blast of cold air hit us from the northwest. Our sloop heeled under the impact. We let the blow fall off and went scudding before the storm, with the wind on the port quarter.

The last I saw of it before the weather closed in, the outboard cruiser was heading for shore under wide-open throttle.

Next morning we drove out to the point and found the outboard smashed to kindling on rocks close to the shore. Local fishermen said the skipper had escaped with a few cuts and bruises, but the boat was a total loss.

Study The Sky Avoid being caught in a squall. Listen to weather reports. When squalls are indicated, stay in port.

If you can't get a weather report, form the habit of studying the sky. If the wind is strong and gusty, the air hot and humid, and clouds are stacked up in layers, conditions are ripe for a storm. If the weatherman predicts a cold front, you are sure to have squalls.

But if you do get caught in a squall, try to remain calm and use common sense. You can put out an anchor with plenty of line to hold your bow into the wind and keep you from being blown ashore. Have all hands sit in the bottom of the boat to give more stability.

Or you can head into the wind with the motor turning over just enough to give steerage way. This will keep the hull pitching instead of rolling and allow it to approach the waves in its most seaworthy aspect.

Another alternative is to turn quickly and run with the storm, thus reducing the apparent force of the wind by your own boat speed. This should not be attempted by the average outboard because the transom is not high enough to avoid being pooped. Running with the storm is best done by decked boats of good size, preferably keel sailboats.

QUESTIONS AND ANSWERS

(1) One time I anchored my outboard runabout in a squall and the boat brought up with a severe kick every time a wave hit us. Is there any way of cushioning this shock? If you change to nylon anchor line,

Althea Gibson, the World's Top feminine tennis player, receives the "Babe" Didrikson Zaharias trophy as the "Woman Athlete of the Year". Miss Gibson was picked for the honor in a poll of sportswriters and sports broadcasters. Presenting the trophy is George Zaharias whose wife, the fabulous "Babe" won athlete of the year honors six times before her death in 1936. (AP Wirephoto)

Doctoring Your Golf

Keep Head in Place Until Just After the Ball Is Hit

BY DR. CARY MIDDLECOFF
Patient's complaint: Keeping The Head Stationary Too Long
Diagnosis: Overdoing A Good Thing
Treatment: A wise golfing rule

by the force of your follow-through and brought naturally into position where you can follow the flight of the ball with your eyes.

Many golfers, especially beginners, have a tendency to raise or otherwise move the head much too quickly. Then, in trying to overcome that fault, they go overboard and keep the head down until long after the ball is on its way. They don't realize that this is no remedy. It causes a flat-footed kind of a swing and robs your shot of plenty of power.

Stick to the happy medium in this case.

(Copyright, 1958)

'Now Is the Hour,' Secretary Discovers

Dayton, Ohio — The newly-elected secretary of the Third Street Baptist church's Sunshine circle for young people was told one of her duties is to record the minutes of each meeting.

Her second day on the job, she was called upon to read the minutes.

"Minutes of the last meeting," she said, "20 minutes, 6 seconds."

Then she sat down.

Clintonville and Marion of the Badger Amateur Baseball association's Eastern-Western division will attempt to maintain or better their current first division standing against second division foes Sunday.

Clintonville, one of the circuit's two remaining unbeaten clubs, visits Almon. Marion, now in a 3-way tie for third, welcomes Tilleda.

Marion pulled out a ninth inning victory over Almon, 6-5, last Sunday when John Pieper's double tallied Lee Kueger in the final frame. Ray Parks picked up his and Marion's second triumph, in relief.

Clintonville will probably go

Clintonville '9' Visits Almon

Marion Welcomes Tilleda in BABA East-West Play

BABA'S EAST-WEST DIVISION:

W	L
Gresham	3 0
Clintonville	3 0
Shawano	2 1
Bowler	2 1
Marion	2 1
Tilleda	1 2
Carroll	1 2

Sunday's Games:
Naravino at Gresham.
Clintonville at Almon.
Bowler at Tigerton.
Shawano at Carroll.
Tilleda at Marion.

Last Week's Results:
Marion 6, Almon 5.
Tigerton 18, Tilleda 6.
Gresham 15, Shawano 2.
Bowler 10, Carroll 8 (10 innings).
Clintonville 18, Naravino 7.

Marion pulled out a ninth inning victory over Almon, 6-5, last Sunday when John Pieper's double tallied Lee Kueger in the final frame. Ray Parks picked up his and Marion's second triumph, in relief.

Clintonville will probably go

with Ben Hoppe Sunday. He hurled an 8-hitter in last weekend's 16-7 win over Naravino.

Naravino, still trying to get on the victory trail, welcomes Tilleda Sunday.

Jays Win Duel From Foxes, 1-0

Continued from Page B8

third and seventh — but never got a man as far as third. Clutch pitching and 3-double play defensive support told the story.

Bob Tano was safe on a 2-base error to open the game, but he was stranded on second.

In the second, Julian Castro reached first on an error, but was forced by "Tex" Taylor. Payne singled sharply to left center, but Taylor was caught trying for third, Arnold to Brodski.

Carlos Pascual and Castro opened the seventh with successive singles. Taylor, however, hit into a twin killing, and Payne was retired for the third out.

The crowd included a good-sized delegation of Fox Cities fans who made the trip in two chartered buses.

The loss, seventh in their last eight starts, drops the Foxes back into the cellar.

James McGinnis On Strong Service Volleyball Team

Airman First Class James McGinnis, 21, the son of Mr. and Mrs. Vernon McGinnis, 732

W. Spencer street, played on a team which finished in third place in a nationwide Air Defense Force volleyball tournament.

The team represented the Ethan Allen Air Force base in Winooski, Vermont. The base

copped the 32nd Air Division championship, the Eastern Air Defense force title and then played in the national tourney at Hamahton Air Force base, San Francisco, Calif.

Seymour Tops Fox Lutheran

Wins 9 Individual Events, 2 Relays In Track Triumph

Seymour — The Seymour High school track team defeated Fox Valley Lutheran, 82 and one-third to 35 and two-thirds here Tuesday afternoon.

The host Indians won nine individual events and the two relays.

Fox Lutheran's Wes Reschke copped the 120-yard high hurdles and the 440-yard dash. Seymour's Krull won the 100 and 220-yard dashes while the Indians' Ullmer copped the shot put and the discus.

The summary:

120 High Hurdles—1. Reschke (F) 2. Westernman (S) 3. Marks (S) 15.3.

Medley Relay—1. Seymour (Summers, Thomas, Braun, Ullmer) 4:15.2.

100 Yard Dash—1. Krull (S) 2. Howey (F) 3. Stephens (S) 11.5.

440 Yard Dash—1. Reschke (F) 2. Marks (S) 3. Raskom (S) 26.1.

880 Yard Dash—1. Marks (S) 2. Raskom (S) 3. Summers (S) 2:19.7.

160 Low Hurdles—1. Summers (S) 2. Marks (S) 3. Buss (F) 24.7.

220 Yard Dash—1. Krull (S) 2. Ullmer (S) 3. Schmidt (S) 31.2.

440 Yard Dash—1. Seymour (Krull, P. Marks, Thomas, Stephens) 1:46.6.

Shot Put—1. Ullmer (S) 2. Schmidt (S) 3. Katter (F) 36'.

Discus—1. Ullmer (S) 2. McIntire (S) 3. Schmidt (S) 111'.

nawa Major league, missing season high honors in the circuit by two pins.

Kasperek, who has been in the air force for about 21 months, was a crack bowler at Appleton High school and later age during the past season. He in area leagues before he went socked a 662 series in the Okl-into service.

Hogan Sharp as He Prepares To Bid for 5th U. S. Open Title
New York — Ben Hogan, known on the tournament circuit as The Hawk, has his claws sharpened for a grab at his fifth National open championship.
"I never have seen Ben play better," said Claude Harmon, just back from the tournament at White Sulphur Springs, W. Va. "I wouldn't bet against him at Tulsa."
Hogan finished third in the tournament last weekend, just a shot back of his old rival, Sam Snead, and young Gary Player of South Africa, who tied with 264. Snead won the title in a playoff.
"You have to go with the old men again at Tulsa," Harmon, Masters champion in 1943 and one of Hogan's closest friends, said. "Hogan, Snead and Jimmy Demaret. That's a good 1-2-3 bet."
The Open is scheduled June 12-14 at Southern Hills in Tulsa. Hogan will be bidding to become the only player in the game to win five U. S. open championships.
"He has been working on his game since February — and I mean really concentrating," said Harmon. He has been slipping off to Tulsa at every opportunity to play the course."

Lutheran Church Site For Nuptials

Zion Lutheran church, New Holstein, was the scene of the recent wedding uniting Miss Barbara Spletter, daughter of Mr. and Mrs. Paul Spletter, Sr., New Holstein, and Ronald Forstner. He is the son of Mrs. Kathryn Forstner, Green Bay.

The Rev. E. J. Zanow performed the afternoon nuptial ceremony. Maid of honor was Miss Shirley Spletter, Green Bay, sister of the bride, and bridesmaids were Miss Sandra Spletter, also her sister, Miss Jane Seidler, Appleton, Mrs. Donald Spletter, the bride's sister-in-law, and Mrs. Leo Gilbert, Chicago, sister of the bridegroom.

Miss Diane Powell, Milwaukee, the bride's niece, served as flower girl and Stanley Edwards, Fond du Lac, cousin of the bridegroom, was ringbearer. Leo Gilbert acted as best man. Groomsman were Donald Spletter, brother of the bride, Richard Hess cousin of the bridegroom, and Stanley Zirk, Manitowoc. Robert Hess and Elroy Spletter, the bride's brother, were ushers.

A reception at the Elite hall, New Holstein, followed the ceremony. The couple will reside at 226 Hazel street, Green Bay, after a brief wedding trip.

The bride was graduated from New Holstein High school and was employed at Scholz Drug store prior to her marriage. The bridegroom, a Green Bay West High school graduate, is with the Wisconsin Telephone company.

County Medical Unit Names Standing Committees for Year

Standing committees for the coming year have been announced by the Outagamie County Medical society auxiliary. Appointments include those to the Mmes. George Theil, American medical education foundation; George Nichols and James Curry, archives and publicity; Marvin Kagen, budget; Joseph Young, civil defense;

Keith Keane, health council; F. M. Hauch, legislative and bulletin; James Gmeiner, membership and social; C. L. Meyers, mental health, and R. S. Simonsin, yearbook. The Mmes. Carl Neidhold, Walter Giffin and Donald Curtin will serve on the nominating committee, and the Mmes. William

Lady Elks to Hold Annual Spring Luncheon

Spring luncheon plans have been announced by the Lady Elks, with the card group to stage its annual event at 1 o'clock Wednesday afternoon, May 28, at the Appleton Elks lodge. Duplicate bridge play will begin at 2 o'clock. Reservations must be filed by Tuesday noon with club officers, including the Mmes. Robert Roemer, H. L. Davis and W. J. Fries.

Business Women Seat New Officers

Officers were installed at the Tuesday evening dinner meeting of the Appleton Business and Professional Women's club held at the YMCA. Dr. Helen Calmes, state health and safety chairman installed Miss Esther Bock as president; Miss Vi Pederson, vice president; Miss Ruth Bohren, treasurer; Miss Keith Ann Nelson, recording secretary; and Miss Christine Larson, corresponding secretary.

Report Projects of Undergraduates End Area Council of Catholic Women Social Season With Fraternity Dances

Mrs. Harry H. Long, diocesan international relations chairman, and Mrs. Hubert F. Wetak, Outagamie Deanery president, both of Appleton, attended the quarterly board meeting of the Green Bay Diocesan council of Catholic Women held recently at the Northland hotel, Green Bay.

Both women gave reports. Mrs. Long urged support of the foreign relief fund and asked the assembly to spread the practice of inviting foreign students into their homes for weekend and holiday visits. Mrs. Wetak summarized progress of ticket sales for "Song of Bernadette," which the Outagamie deanery is sponsoring for the benefit of the Sacred Heart TV program, which is being produced by the diocesan council.

Other speakers were Mrs. Herbert Bomalaski, Green Bay, who announced the Sacred Heart telecast will begin Sunday, June 1, from 9-15 to 9-30 in the morning over channel 2. Mrs. Charles Knopa, diocesan president, introduced board members to the Rt. Rev. Msgr. E. J. Wetenberger, newly appointed moderator of the council, and reported on the installation of the National Council of 1 o'clock Friday evening. The Catholic Women in New York, fraternity's official sweetheart

Teenage Hop Will Be Sponsored by Two VFW Groups

The Harvey Pierre post and the Veterans of Foreign Wars auxiliary will sponsor a teenage record hop at 8 o'clock Friday evening at the VFW club house. Jim Ness of WAPL will serve as disk jockey. This dance is the first in a series which will be sponsored jointly by the groups as part of the youth activities program.

Post and auxiliary members will be chaperones and parents are welcome as guests.

Miss Zick Bride in Church Rites

Miss Beverly Zick became the bride of Frank Zamzow at 2:30 Sunday afternoon at St. Paul Lutheran church. The Rev. Wayne Schmidt, LaCrosse, read the nuptial rites. The bride, 1831 N. Division street, is the daughter of Mr. and Mrs. Ira Zick, Brownsville. She was given in marriage by her father.

Mrs. John Boettcher acted as matron of honor. She is the bride's sister. Mrs. Mylan Sinclair also attended the bride. Donald Zamzow was best man and John Boettcher, groomsmen. Leonard Urban, North Fond du Lac and Gordon Jacobs Watertown, were ushers.

A reception for 200 guests was held at the American Legion club following the service. After a wedding trip to Virginia, Mr. and Mrs. Zamzow will make their home in Appleton. She is employed in the office of Dr. Jack Anderson and he is employed by the Aid Association for Lutherans.

Butte des Morts Women Hold Low Putt Golf Event

Butte des Morts Golf club women held a low putt event during Wednesday golfing. Winners were Mrs. Gleason Scovill and Mrs. A. B. Malinsky who played 18 holes and winners for 9 hole play include Mrs. Paul Blackwood, Mrs. Anton Berkens, and Mrs. Milton Rueckl.

Girl Scouts Fete Mothers; Receive Awards

Girl Scout troop 82 of Lincoln school held a tea and court of awards at the meeting Tuesday afternoon at the school. Mothers of the sixth grade scouts watched their daughters receive achievement badges and also saw a pantomime, "Pokey-Huntus."

Refreshments were handled by Mrs. Norman Kasten, Mrs. Gordon Giesch, and Mrs. R. Rasmussen. On Tuesday the scouts will hold a picnic. They are planning a trip to Milwaukee in June.

Mrs. Earl Harder and Mrs. Walter Winter are co-leaders of the troop.

Society to Meet

The Ladies Aid society of St. Peter Lutheran church will meet at 2 o'clock Tuesday afternoon, June 10, instead of meeting on June 3 as previously scheduled. The women of St. John church will be guests at the meeting in the church.

11 Outagamie Women Present At Festival

Eleven women from Outagamie county took part in the fourth Wisconsin Homemakers Chorus State festival held at Green Lake recently. They are Mrs. Manning Nelson Snodgrass, Mrs. Leor Wasserman, Mrs. Appleton, Mrs. Ray Rammel, 1212 W. Third avenue, Appleton, Mrs. Leor Waite, Green Bay, Mrs. Earl Brethrick, Horton, Wis., Mrs. Irene Wege, Hortonville, Mrs. Eugene Book, and Mrs. Elmer Root, both of Hortonville. Mrs. Erwin Fellock, 1212 W. Third avenue, Appleton, Mrs. Lester Williams, also of route 1, and Mrs. Ny Beck, Appleton, county home agent.

The festival is a project of the University of Wisconsin Extension Division's music department. About 400 women from 21 Wisconsin counties sang at the all-day event.

Women's Northeast Golf Unit to Elect Officers

Officers will be elected by the Women's Northeast Golf association Friday when the organization holds an all-day session at Butte des Morts Golf club. Mrs. D. C. Evans, Appleton, association president from BDJ will preside at the assembly.

Members of the association executive board will meet at 10:45 and will have representatives of 23 golf clubs throughout northeastern Wisconsin at noon luncheon at the club. A business session will be held during the afternoon.

Business agenda will include the election of new officers and plans for the WNEGA tournament to be held the second week in July at Pine Hills Golf club, Sheboygan. Mrs. Edmund Knauf, Sheboygan, is serving as tournament general chairman.

Fox Cities Women Named Officers at VFW District Meet

Several Fox Cities women attended the Veterans of Foreign Wars auxiliary eighth spring conference which was held Sunday at Mishicot, and many were named to offices for the ensuing year.

Local district officers who were elected and installed include Mrs. Henry Hoffman, secretary, Mrs. Betty McDaniels, Kaukauna, patriotic instructor, Mrs. John E. Lappen, Kimberly, banner bearer, Miss Kimberly, banner bearer, Miss Evelyn Hebbe, New London, color bearer, Miss Helen Matchett, Kaukauna, trustee, and Miss Ellen Strick, Kaukauna, assistant conductress. Mrs. Donald Manier, Appleton, will be the new eighth district VFW auxiliary president and will be installed at the department convention scheduled for June 26, 27, and 28 at Green Bay.

Many members of the Appleton auxiliary attended. They are Mrs. Edward Kies, president of the local auxiliary, Mrs. Al Flenz, Mrs. Charles Thompson, Mrs. John Hoelzer, Mrs. Henry Hoffmann, Mrs. John E. Lappen, Mrs. Fred Peske, Mrs. Harry Rassmussen. Others were Mrs. Frank Kock, Mrs. James Brown, Mrs.

Park Board Okays \$1,000 Dredging Of Park Lagoon

The park board Wednesday agreed to hire John McHugh for a \$1,000 dredging project at the Lutz park lagoon. Ald. Mrs. Dorothy Stillings urged acceptance of McHugh's offer, made a year ago, but not accepted then because of budget shortages.

The board also voted to inform the city council it will assume responsibility for maintaining all of Interlake park except the baseball diamond, as requested by Ald. Thomas K. Schneider. The diamond would stay under jurisdiction of the recreation commission.

The park is leased from year to year by the city council from Consolidated Water Power and Paper company for \$1. Park board members could not recall that they ever were told they had control of the park.

Who has control became a key issue when Schneider called for better maintenance and installation of park equipment.

The board will notify Schneider that park equipment will be installed next year after money is provided in the 1939 budget.

Marinius Van Weele, Mrs. Donald Manier, Mrs. Jerry Schilhabel, Mrs. Eugene Hoffmann, Mrs. Amy Hoffman, and Mrs. Gus Kreuger.

Hildegarde Has Top Role In Musical

Hildegarde, the famed chanteuse and entertainer from Wisconsin, will make her Broadway debut in late June in the musical comedy, "Packaged in Paris."

Born Hildegarde Sell, she lived for many years in Adell, Sheboygan county and New Holstein. The family later moved to Milwaukee, where she began her career as a pianist for the silent movies and in a sister act.

Her name became her trademark during the years she was winning her fame as a top night club singer in Paris, London and New York. King Gustave of Sweden once requested a Paris night club to have her appear.

Her recent appearances have been as the star in "Cab-Cab" in Dallas and Kansas City. "Packaged in Paris" will open in New Haven, Conn., in early June and at the St. James theater in New York City later in the month. Her role is that of a 4-time widow who becomes a perfume princess.

Hildegarde has visited in Appleton several times. Mrs. Al Utchig, 44 Garden court, is her cousin and Sister Kostka, physical therapist at St. Elizabeth hospital, also is related to the singer as a cousin of her mother.

City to Ask for State Public Links Golf Test in 1959

An invitation to hold the 1959 state public links golf tournament at Reid Municipal Golf course will be extended to tourney officials by Don Bartelt, course manager.

The park board Wednesday authorized Bartelt to extend the invitation after a board member reported Bartelt said the city would stand a good chance of getting the tournament.

An addition to types of season passes for play at municipal course is being considered by the board. The addition would be a season pass which would sell to husband and wife for about \$45.

Hildegarde, Right, Wisconsin songstress of international fame, gets smudged with some of her own "black gold" at her newest and 11th successful oil well at Bristow, Okla., near Tulsa. She will make her debut on Broadway in late June in the musical comedy "Packaged in Paris."

OUTDOORS IN WISCONSIN

Cowslips, Violets Abloom in Woods

BY CLARA HUSSONG

Green Bay — Those of us who spent our childhoods in country places may remember the cool weather has prolonged the flowering period. Cowslips are members of the buttercup family.

Bloodroots, related to poppies, have beautiful waxy-white blossoms with yellow centers. The large irregular leaves wrap themselves around the flowering stalk until the blossom is ready to open. On sunny days the blossom opens up wide but on cloudy days and at night, the white petals fold.

Bloodroots Out Bloodroots have been in bloom for several weeks, but you may still find a few in cool weather.

Perhaps it is because of its shady woods. The orange sap common name of cowslip that is present in the leaf stem and the marsh marigold was so deep in the tuberous roots, too. It is spiced. Now we can appreciate said that it supplied Indians the pretty picture they make with war paint, and herbalists

recommend it for bronchial afflictions. We saw these and other spring wildflowers Friday and Saturday of last week when we visited our friends Helen and Robert Bezucha, Racine, at their north woods place, Timberdoodle, north of Suring on the Oconto river. We explored their 40 acres and countryside near by, finding a number of interesting things, including wood ticks, which are just beginning to make their appearance.

Arbutus blossoms were too far gone to photograph well, but we found several spots where they grow in that area, and will try to remember the places for next year's picture-taking. Hepaticas were in full bloom, many of them deep lavender or purple in color.

Sand, Dog Violets The woodland pools and streams fascinated us most. Mossy logs stretched out into the water, pointing to clumps of marsh marigold, just coming into flower. In dry sandy spots the deep blue and tiny sand violets were in bloom, and on mossy knolls the pale blue dog violet was opening up. Later there should be the sweet white violets in the same spot, on the little knolls, or even growing on the moss-covered logs, as they often do.

Saturday evening, driving west on Oconto County Trunk M we had a ringside seat for the beautiful sunset. We saw several deer along the way, and admired the many lakes in the area west of Kelly lake.

Young Mourning Doves Birds are somewhat slow in coming back, it seems to me, but erratic weather along their migration route must have delayed them, I suppose. Some of the early ones got the nesting urge during the warm spell a month ago, and their young are out of the nest — believe it or not.

Yesterday our neighbor, Joe Huguet, called us to tell us that two baby mourning doves were out of the nest in an evergreen tree in front of his house. We crossed the street to see the young birds, and found them shivering in the cold breeze. The parents have been feeding them, Joe said, in the usual dove fashion of putting their bills down into the babies' open mouths and regurgitating "pigeon's milk." This milky food comes from a gland in the parents' neck which develops only during the nesting period.

Where are the white-throated sparrows? Our yard usually is full of them from April 20 on but I haven't seen a single one this spring. Perhaps they missed our yard this year, or perhaps they're late, as many birds seem to be.

Last Saturday Story Hour of Year This Week

The last Saturday morning story hour of the spring will be at 10:30 Saturday morning at the Appleton public library. Miss Janet Meili, children's librarian, will tell "Tall Tales From the High Hills."

After a recess of two weeks, a story time will begin at 2 o'clock each Thursday afternoon, combining the pre-school story hour and regular story time. Miss Meili said. Summer stories are scheduled to begin June 12.

The library will be closed each Saturday during the summer beginning May 31.

Sun Seems Size of Quarter When Viewed From Uranus

BY RAMON COFFMAN

As viewed from Uranus, the sun seems to be about the size of a silver quarter. A bright and blazing quarter it is, but the light and heat are only a fraction of what the sun gives to the earth.

The planets which circle our sun occupy various positions. There never has been any record of seven or eight of them being in a line on one side of the sun.

Despite that fact, our rocket tourists play in good fortune, and find the outer planets on the same side of the sun.

Brilliant Sight
Their rocket reaches a point near Saturn in four days. When they are a few million miles to one side of the planet, they are treated to the most glorious sight in the solar system. They see a huge planet with many

The Surface of a moon of Saturn may be like that of the earth's moon.

moons going around it, also gigantic rings.

"What do those rings contain?" asks a tourist.

"They are made of millions and millions of small parts," the guide replies. "These parts keep going around and around the planet. It is believed that the small objects in the rings are broken bits of one or more moons, shaken to pieces long ago."

"Why would a moon be shaken to pieces?"

Pull of Gravity
"If a large moon came close to a planet the gravity power would be extremely great. During the rotation of the satellite, some parts of it would be pulled harder than others, and this would result in cracking it and breaking it up."

"Are we going to make a landing on Saturn?" asks Mr. William Jones.

"Before answering that ques-

Broadway Hit

'Music Man' Marching Up Best Seller Lists

BY HUGH A. MULLIGAN
AP Newfeatures Writer

For the first time since it hit the microgrooves three years ago, "My Fair Lady" is being threatened for first place among the best selling cast albums of the week by a lusty newcomer, Meredith Willson's engaging and delightful "The Music Man."

Acclaimed by most drama critics as the best musical since "My Fair Lady" and one of the best in the last 25 years, "The Music Man" is sold out on Broadway until June and seems destined to be equally as successful on records.

Already no fewer than five versions are on the market, with Capitol's original cast album, starring Robert Preston and Barbara Cook, currently leading the best seller list in New York and rapidly moving up the charts in other cities.

Comparisons with "My Fair Lady" are inevitable but hardly valid. As Professor Harold Hill, the bogus band salesman, actor

Robert Preston sings a trifle better than actor Rex Harrison as Prof. Henry Higgins, the speech expert, but neither would get Rudolph Bing racing for his fountain pen.

Preston can hold a tune, but not for long, and gets thoroughly drowned out in the duets with soaring soprano Barbara Cook. Musically, he attempts much more than Harrison does and surprisingly, despite his lack of professional voice training, succeeds that much more.

Music, Lyrics
The real triumph of "The Music Man" is in the perfectly matched music, lyrics and book, all by ex-radio man Meredith Willson, an Iowa-born prodigy whose career has ranged all the way from playing first flute for Sousa and Toscanini to swapping jokes with Tallulah Bankhead and Fanny Brice in the golden days of radio.

As a composer, Willson has dipped deep into his own back-ground and come up with a brilliant and varied score that includes a Sousa-type march called "Seventy-six Trombones," a square dance, two old fashioned quartet numbers and four of the finest ballads of the season: "My White Night," "Good Night My Someone," "Will I Ever Tell You" and "Till There Was You."

As a lyricist, Willson is so at home with words that "Rock Island," the show's opening number, has no music at all. It is a Vachel Lindsay-type chant that perfectly captures the sound of a train in the spell of a group of traveling salesmen. Willson is about the only lyricist alive who dares to rhyme Marian with carillon and finds inherent beauty in the words "Gary, Indiana."

Natural Rhythm
Unlike the Rex Harrison songs in "My Fair Lady," which were actually written to music, the chants in "The Music Man" have no music at all and depend entirely on the natural rhythm and accent of the words, a technique that Willson developed while writing radio commercials.

Both musicals owe much of their success on records to the fact that listeners who have never seen the shows and have no idea what they are about can easily follow the plots by listening to the songs. Professors Hill and Higgins are as real on hi fi as they are on the stage and should continue delighting audiences for many years to come in both media.

In fact, cast albums have become so much a part of the theatrical scene in recent years that many people prefer hearing the record before seeing the show as insurance against missing any of the lines in a burst of house laughter.

Avoids Truck, Man Injured

Accident Occurs This Morning Near Little Chute

An Oshkosh man received back injuries shortly before 7 o'clock this morning when he drove his car into a ditch to avoid a turning milk truck.

Francis Doran was taken to St. Elizabeth hospital by Larry's Ambulance service.

County Police said Doran was passing a truck driven by Gerald L. Huber, 21, 416 W. Fifth street, when the truck turned about four miles east of Appleton near the Little Chute village limits on Highway 41.

Doran's car traveled about 200 feet in the ditch, hit a culvert and traveled another 60 feet before stopping. His car did not hit the truck.

Hits Cable
A car driven by Edward W. Schucknecht, 79, route 3, Appleton, was damaged an estimated \$100 Wednesday when it hit a cable stretched across County Trunk S about one mile east of Highway 76.

County police said the cable was stretched between two trucks, one of which was stuck in a ditch.

Galen Rosseter, 32, Merrill, was attempting to tow out the truck driven by Gordon E. Pophal, 26, Merrill, county police said. Both trucks were owned by the Wisconsin Telephone company.

Forfeits \$103.20 Bond On Game Law Charge
William Boyd, 21, White Lake, Wednesday forfeited a \$103.20 bond on a charge of having a light used for shining deer last Dec. 6 in the town of Boruna. He previously denied the charge Dec. 9, when he also was fined \$15 for having a loaded gun in his car.

ton," replies the guide, "I want to talk to the pilot. After that, we may put the question to a vote."

For ADVENTURE section of your scrapbook.

Shower Drops Needed Rain On Fox Cities

A shower from 4:40 to 6 o'clock this morning dropped .15 of an inch of much needed rain on the Fox Cities. But, there was little to indicate that more would fall today.

The rain was not general throughout the state, but many areas did get some moisture. Wisconsin Rapids had .21 of an inch. Other points reporting rain were Black River Falls, Chilton, Two Rivers, La Crosse and Green Bay.

The scattered showers started Wednesday night and continued today. Cooler weather was spreading eastward and southeastward over the state.

Appleton had a reading of 54 at 11:15 this morning following a low of 47 overnight. The high reading Wednesday was 75. The wind at 10 o'clock this morning was from the north at 18 miles an hour and the barometer at 29.88 inches.

The temperature at the Milwaukee airport fell from 60 to 51 degrees in 15 minutes this morning during a squall in which a 62 mile an hour wind occurred from the north-north-east.

The state forecast calls for fair and much cooler tonight with frost likely in most sections away from Lake Michigan. Friday will be fair and cool. The low tonight will be from the 30s in the north to the low 40s in the extreme south-east. The outlook for Saturday is fair and a little warmer.

Youth, 21, Held For Oregon Police

Oregon officials are on their way to Appleton to pick up Robert Back, 21, and his 16-year-old girl friend. They are held in the Outagamie county jail.

Back is charged with contributing to the delinquency of the girl and absconding with a \$2,500 car for which he was indebted.

The pair was picked up after the girl telephoned her parents for money. Sheriff's Lt. Jack Frenzel and Appleton police waited at the telegraph office until the two came in.

The girl had asked for \$1,000. They fled from Clackamas county, near Oregon City. Back has waived extradition.

Canners Will Meet in Green Bay June 12

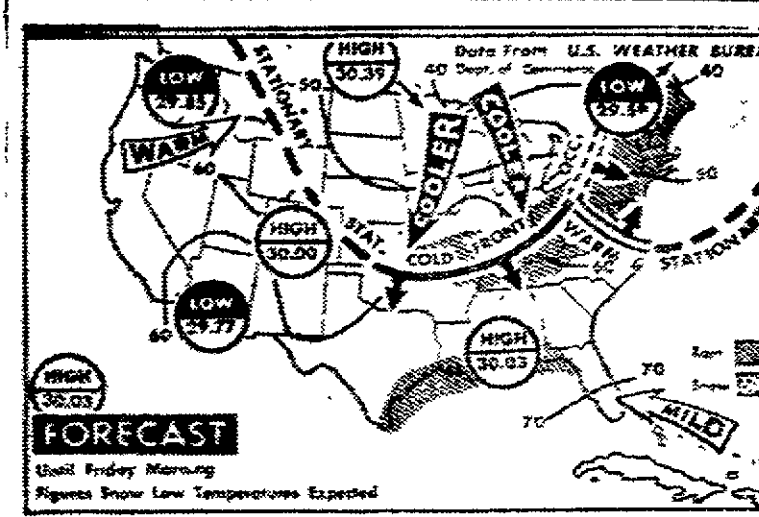

Post-Crescent Madison Bureau
Madison—Canners of the Fox valley and northeastern Wisconsin will meet at Green Bay on June 12 for a review of state regulations governing woman and child labor, the Wisconsin Canners association has announced here. The meeting will be at the Northland hotel.

Ordered to Pay
A charge of non-support against Kenneth McCauley, 27, 739 E. Washington street, was continued from week to week Wednesday in municipal court. McCauley was ordered to pay \$27.50 weekly for support of his wife, Mary, and two minor sons.

Burglars Break Into 2 Nichols Offices, School

Burglars broke into three Nichols buildings during last weekend. Sheriff Donald Heinrich said Wednesday.

The thieves got \$1.50 from a cash drawer at the Nichols cooperative, \$5 at the Soo line depot, and 25 cents at the Nichols Grade school. Entry at the cooperative was made by breaking a door panel, at the depot by breaking two panes of glass after trying to pry open five windows, and at the school the method has not been determined. Sheriff's Lt. Jack Zuelzke said.

The elevator building at the cooperative also was entered, but nothing was taken, Zuelzke said.

The burglars apparently were hungry, since they ate several sandwiches taken at the school. They also broke a hose on a milk dispenser and allowed the milk to run over the floor, Zuelzke said.

BRIDAL SALON — Second Floor

Army Reveals Existence of 'Fire Brigade'

4 Crack Divisions Set to Go Anywhere On Moment's Notice

BY NOEL YANCEY

Fort Bragg, N. C. — The army has revealed the existence of a highly trained fighting force composed of four crack divisions ready to wage limited warfare anywhere in the world.

Maj. Gen. Robert F. Sink, commander of the force known as the Strategic Army Corps (STRAC), said Tuesday his troops are set to move on a moment's notice, provided the air force and the navy provide the transportation.

"These divisions are hitchhikers," said the tough paratrooper general, adding: "If we don't have the means of getting transportation from the air force or the navy, why, hell, we stay at home."

Sink said a joint commander would consider this lack of transportation at his command a fault of the system, although the defense department presumably would furnish the planes and ships if and when they were needed.

"Fire Brigade" force furnished 500 paratroopers which were airlifted to the Caribbean when Vice President Nixon was beset by rioters in Venezuela.

The existence of STRAC and the units which compose it were announced simultaneously at Washington and at a news briefing here. The organization some years ago resulted partly from the nation's experience in Korea.

If such a limited war force had been in existence then, the Korean war "probably would have been a much shorter and more satisfactory campaign," said Brig. Gen. Charles H. Chase, STRAC's assistant commander and chief of staff.

STRAC is composed of more than 125,000 men organized into four divisions — the 82nd Airborne at Ft. Bragg, the 101st Airborne at Ft. Campbell, Ky., the First Infantry at Ft. Riley, and the Fourth Infantry at Ft. Lewis, Wash.

Gen. Sink was asked why the army was taking secrecy wraps off the existence of STRAC.

"It might possibly be to show the American people that we do have an outfit ready to go places—with the proviso that we have someone to tote us there," answered Sink.

Sees Continuing Need For All Negro Schools

San Francisco — All-Negro universities are still needed in this country no matter what the supreme court says, a distinguished Negro educator said here Tuesday.

"In such deep south states as Mississippi, Alabama, Georgia and South Carolina there is al-

Carl G. Bertram, Appleton Vocational school director, right, congratulates honor students Robert Pardee and Nancy Stadler in ceremonies Wednesday. Pardee was named top drafting student. Miss Stadler represents the school's business department. (Post-Crescent Photo)

School Bus Operators May Be Seeking More Liberal Law

Post-Crescent Madison Bureau

Madison — School bus operators may be moving for an extension of the school transportation laws.

Joseph A. Bedner of Sun Prairie, president of the Wisconsin School Bus Operators association, calls for liberalization of the transportation statutes in a current article published in the magazine of the Wisconsin Association of School Boards.

Present law requires school districts to provide transportation for a child living more than two miles from the school room. In practice, many school districts provide service on a more generous schedule. Bedner asks for a universal transportation system.

"We should pick up the child at home, deliver him to the school door and at the close of the day pick up the student at the school door and return him to his home," said the trade association leader, who said he has a quarter of a century of experience in school transportation.

The state department of public instruction reports that local school districts have gradually liberalized their transportation services under the local option provisions of the state law, but at least one local court has ruled it is reasonable for a district to require children to walk to a pick-up point on the highway to meet the school bus, even when the child's home is more than the two miles from school provided as the standard for compulsory transportation.

Bedner also expressed objection to the idea of rules for the conduct of school transportation, as recently proposed by some school district officials and schoolmen.

The school bus driver is the best judge of disciplinary problems aboard his bus and is capable of handling them, wrote the association executive.

The association has been increasingly active in the legislature recently. Private operators carry more than 60 per cent of the school children now being transported to their schools in Wisconsin.

AVS Honors Top Students

Nominees From Ten Departments Get Lapel Buttons, Pins

Top students in 10 Appleton Vocational school departments were cited at the school's first annual honors convocation Wednesday.

Students in each department nominated first and second choices for honors awards, according to Carl G. Bertram, AVS director. Awards were based on character, leadership, scholarship, school service and technical skill. Winners received Lapel buttons or pins.

Award winning students and their departments are: Richard Peterson, auto mechanics; Robert Pardee, drafting; Eugene Van Boogard, electric; Bernice Reisman, home economics; Richard Klose, machine shop; Edwin Krull, print shop; James Clark, woodwork; Marlow Kollath, higher accounting; Luke Boll, junior accounting; and Nancy Stadler, stenographic-secretarial.

Second Place Winners were John Sturm, auto mechanics; Anthony Zanon, drafting; Roman Bruecker and Donald Parker, electric; Joan Drosment and demonstrated the engine for youngsters in other schools as well.

Nun's Request for Jet Engine Opens New Door For School Students

Youngstown, Ohio — Because Sister Mary Jane of Cardinal Mooney High school asked for a jet engine, some 9,000 youngsters from eight schools here have learned about jet propulsion.

The nun, a science teacher, wrote to Wright-Patterson Air Force base in Dayton, Ohio, asking to borrow a jet engine model for her class Air Force recruiters accepted the assignment and demonstrated the engine for youngsters in other schools as well.

Soviets Assert Space Stations Are Possible

London — Soviet scientists have proved in theory that they can send up floating space stations to serve as takeoff points for further travel through the heavens, Moscow radio said Wednesday.

The broadcast said the scientists believe such satellites can be put in orbit more than 21,000 miles up. It gave this account: "The stations will zoom through space at about 6,800 miles per hour, but since they will move in the same direction as the earth and circle it once every 24 hours they will appear motionless. Thus flights to the moon, cosmic platforms can be made at any time from any spot on earth."

The Russians believe continuous observation of the earth could be conducted by three such satellites placed some distance apart and equipped with special television.

The broadcast contended it would be possible to take a clear picture of the globe's surface because its visible diameter would be about 40 times greater than the moon's as seen from earth.

Ideal Family Home
WITH 4 BEDROOMS, 1 1/2 BATHS, LARGE LANDSCAPED YARD, IN ESTABLISHED NEIGHBORHOOD.
You have to see the inside of this recently remodeled older home in excellent condition. The present owner has refinished practically the entire home from the huge cedar closet in the third floor attic to the Tinseltown oil conversion unit in the sound dry basement. Large full screened porch with fiberglass roof. 30 ft. living room with a large fireplace. Now styled in early American. This is a trade-in home so you know the price of \$14,900 is lower than you would expect to pay. As low as \$900 down, \$110 monthly.

AHS Names Editors for Publications

Clarion, Talisman Heads Appointed for Coming School Year

Announcement of new staffs for the Clarion and Talisman, publications at Appleton High school, was the high point at the annual publications banquet this week in the St. Therese dining room. About 70 members of the staffs of the two publications as well as members of Quill and Scroll, international honorary journalism society, attended.

Linda DeNoyer and Joanne Grobe share honors as co-editors of the Clarion for the 1959 school year. Associate editors will be Shelley Cohen and Betty Jo Keane, handling organizations and activities; Sue Fulton, classes; Ann McKenny, faculty; Paul Wollwage, photography, and Martin Semmelhack, sports. Mrs. Caroline Sullivan is adviser for the editorial staff and is assisted by Miss Leone Robichaud.

The Clarion business staff will consist of Helen Behnke and Bonny Weller, co-sponsorship managers; Carol Gregorius, business manager; Joyce Lappi, subscription manager, and Karen Glibertson and Judy Manier, assistant managers. Business staff adviser is Miss Elizabeth Plovright.

Mary Metzger has been named editor in chief of the Talisman, weekly newspaper, for next year. Others appointed to the staff are Bonnie Barlow and Tom Liethen, co-news editors; Carol Mischke and Carol Simon, co-feature editors, and John Bubolz, sports editor. Miss Marjorie Williams and E. John Goodrich are staff advisers.

Headed the business staff for the Talisman are Janet Hartjes and Phyllis Schroeder, were Mary Quella, Judy Deford, Cheryl ferding, Carolyn Ewald, John Pearl, advertising manager; Kellogg and Dave Schuetter.

Quill and Scroll Programs at Appleton High school will be led by these four students, named officers at the annual publications dinner Tuesday evening. Shown, from left, are Bonnie Barlow, vice president, John Bubolz, president, Linda DeNoyer, secretary, and Carol Mischke, treasurer. (Post-Crescent Photo)

Barbara Thielman, assistant advertising manager, and Janet Wunderlich and Nancy Tank, co-circulation managers. Their adviser is Bruno Krueger, head of the commercial department.

New officers for Quill and Scroll are John Bubolz, president; Bonnie Barlow, vice president; Linda DeNoyer, secretary; and Carol Mischke, treasurer. Donald Theyerl, new faculty member of the English department, has taken over the advisership.

"Clash of the Publications," patterned after the "Clash of the Classes," was the feature of the entertainment after the banquet. The "clash" ended in a tie with neither the Clarion members nor the Talisman members outshining the other. Emcees for the quiz show were Al Cunningham and Paula Wochos. Scorekeepers were Miss Williams and Mrs. Sullivan. Panelists for the Clarion were Joan McBan, Lynn Weinberger, Bob Bauman, Sandy Seer, Curt Knoke and Marcia Manier. Those for the Talisman were Mary Quella, Judy Deford, Carolyn Ewald, John Pearl, advertising manager; Kellogg and Dave Schuetter.

Other Action: The board declined any immediate action on removal of three veterans' housing units still standing on the former veterans housing site on W. Spencer street. Another unit, owned by the police department, will not be moved until the new police pistol range is ready.

The board accepted a letter from Walter Miller, president of the Appleton Cemetery association, promising there will be no need for sewer and water laterals on the E. Jardin street side of the cemetery in the future. On this basis, the board agreed none would be installed.

John McHugh Given Contract for Water, Sewer Laterals Work

John McHugh has been recommended for the city contract to install sewer and water laterals on 16 city streets. His bid of \$2.90 a foot and 50 cents for the shelf-in trench for water service was adjudged low among three bidders. The bids were opened May 6 by the board of public works which is making the contract recommendation.

Property owners will be notified of the work by mail from the city clerk's office.

Bids for parking meters for the Ada Myers property addition to the Soldiers Square parking lot have been opened by the board of public works.

The companies who bid and their bids: Duncan Parking Meter corporation, Chicago, \$93.50 for each 2-car meter, with a 5 per cent discount; Mi-Co Meter, Covington, Ky., \$99 and 5 per cent; Dual Parking Meter company, Pittsburgh, \$92 and 5 per cent, and Ready Meter, Minneapolis, \$25.95.

The bids were referred to Lester Van Roy of the parking meter department for tabulation and forwarding to the public safety committee.

Other Action: The board declined any immediate action on removal of three veterans' housing units still standing on the former veterans housing site on W. Spencer street. Another unit, owned by the police department, will not be moved until the new police pistol range is ready.

The board accepted a letter from Walter Miller, president of the Appleton Cemetery association, promising there will be no need for sewer and water laterals on the E. Jardin street side of the cemetery in the future. On this basis, the board agreed none would be installed.

Chevrolet's dollar-stretching DELRAY
YOU JUST CAN'T TIE THIS BUY!
Here's surefire proof Chevrolet always knows how to give you more for your money—from longer, newer, lovelier bodies to a wider range of engines, transmissions and suspension systems. The more you look the more you'll find to like in Delray—THE LOWEST PRICED OF ALL THE LOW-PRICED CHEVROLETS!

Chevy doesn't have any "smaller" models. The big, beautiful Chevrolet Delray is just as long, just as wide, just as softly sprung on the same 117-inch wheelbase as the luxurious Bel Air models. Like every other Chevrolet, it has the extra solidity and quality of Body by Fisher. There's no stinting on optional equipment, either. You can get anything from Fuel Injection* to Level Air* ride, any Chevrolet transmission, any Chevrolet engine, just as you choose. Take a long, long look at this one next time you drop in at your Chevrolet dealership—because the more you demand for your money the surer it is you'll decide on Delray!

Will Check Further Into Plan to Buy State Cars

Legislative Committee Hears Study Claiming Proposal Would Cost Less Than Mileage

Post-Crescent Madison Bureau

Madison — Members of a state operations "watch-dog" committee decided Tuesday to examine further into a proposition from the state bureau of budget and accounts that the government set up a motor pool to provide state-owned cars for hundreds of traveling agents of state administrative and regulatory agencies.

The state now pays out nearly \$4 million a year in mileage fees to more than 1,000 state employees who travel about 34 million miles a year in and out of the state, the bulk of it in their private cars.

A staff study submitted to the legislative committee indicated that the treasury could save substantial amounts by providing cars for such state employees, serving them in a central motor pool near the capitol, buying equipment and supplies in bulk, and assigning them under the direction of a dispatcher.

Influential Members

The committee headed by Sen. Robert P. Knowles of New Richmond decided to review the proposition at a June session with the heads of some of the agencies accounting for most of the state travel cost—including the highway department, the University of Wisconsin, the conservation department and the state department of public welfare.

The legislators said they wanted the reactions of such officials before proceeding further with the proposal. Some legislative members appeared skeptical that any plan for substituting state-owned for private cars would ever pass the legislature. Employee reaction would be hostile, it was suggested.

(Three years ago the state conservation department surveyed its high travel reimbursement cost and decided to seek legislative approval for the provision of cars to wardens and other far-ranging agents. But the wardens and other employees lobbied against the idea in the legislature and it died. At the same time, however, employees have repeatedly asked for higher mileage allowances, including the wardens who claim that their autos are submitted to extraordinary wear.)

Might Lose Money

The investigators who wrote the report on state-paid travel for the inquiring legislators conceded that the alternative of a state motor pool might be disadvantageous financially for the employees affected.

An employee who travels a great deal, it was suggested, can probably make a small margin of profit under the present mileage reimbursement rate.

The proposal was for the use of state cars by any employee who travels more than 11,000 miles a year in his work.

The issue of state paid travel has come up in the legislature many times in the past, and sometimes to the tune of criticism about costs. But the budget and accounts study showed that the proportion of travel cost to the state budget has remained fairly constant over the years, and amounts to about 1 per cent.

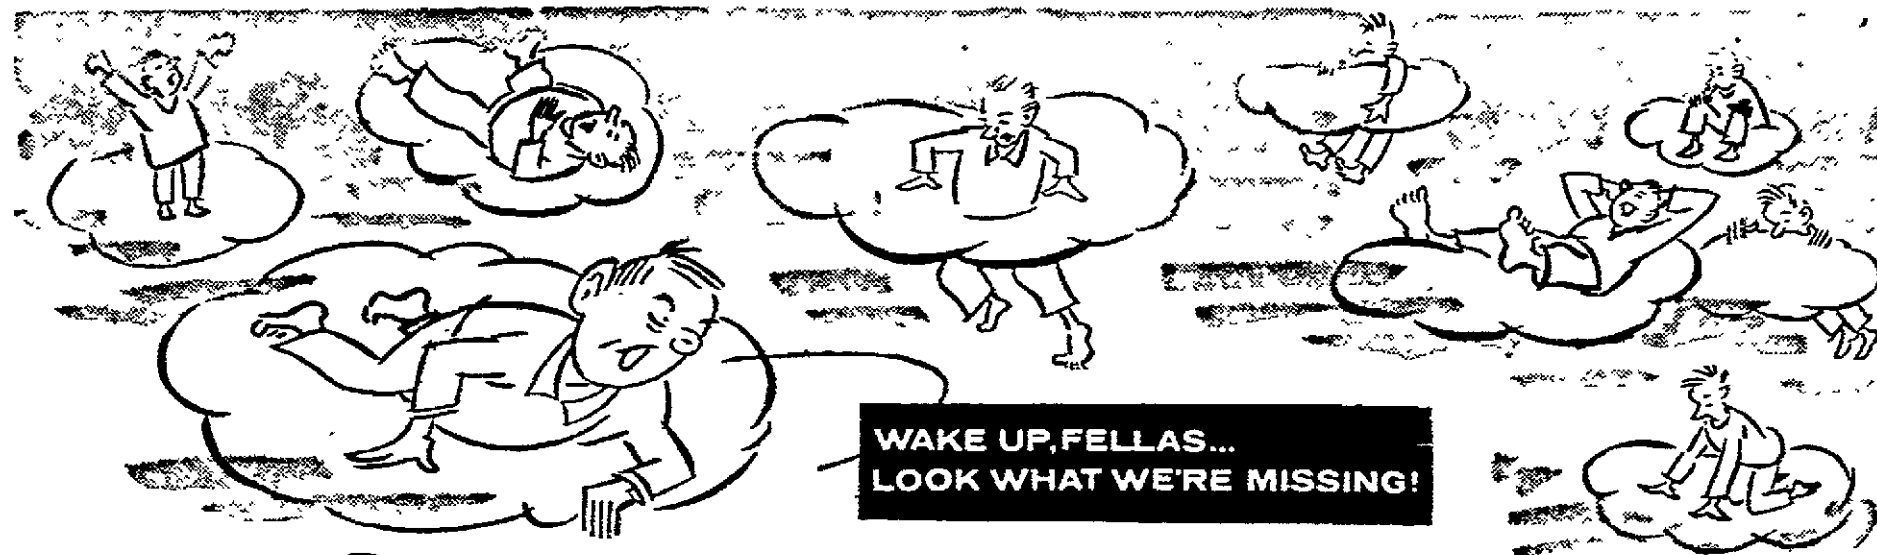

Suggests Two Changes

The staff report suggested two other liberalizations of state expense reimbursement rules that will appeal to state employees.

It asked for the waiver of the rule requiring a receipt for the reimbursement of any expense item of more than \$150, arguing that departmental supervisors can and do watch unreasonable and unnecessary expenditures.

It also proposed to legalize reimbursement for restaurant tipping and portage services, asserting that such items are now common and accepted elements of the cost of travel. The legislature last year refused to approve a bill by a state senator to permit state-reimbursed tipping, although the legislator said the existing rules makes Wisconsin appear "cheap."

The Airport's Location

Several years ago Supv. Fischer startled the county board with a demand that the county airport be moved to a new location. He collected some allies for his campaign, and the argument waxed hot and heavy for a while. The people leading the fight to bring air service here refused to go along with this "move the airport" campaign. In fact fought it bitterly out of fear that a local controversy throwing the airport's future into doubt might cause the Civil Aeronautics board to withhold approval of service for the port. The Post-Crescent agreed with this reasoning; in our view bringing air service here was so vital to community progress that we too argued against "rocking the boat."

Hoover and Wilson

Possibly one of the most surprising books of the decade is The Ordeal of Woodrow Wilson, written by ex-president Herbert Hoover. Mr. Hoover, of course, came into government service under President Wilson, particularly in his work with overseas relief. But he was assuredly a Republican from 1920 on and he campaigned bitterly against changing the traditional American philosophy of government as advocated by Franklin D. Roosevelt, in many ways a political descendant of Woodrow Wilson. Mr. Hoover's book is not supposed to be a biography. It deals with the close of World War I and President Wilson's attempt to bring about "peace without victory" and to establish his Fourteen Points for the future. Mr. Hoover writes that when President Wilson came to Europe at the end of the war, he "reached the zenith of intellectual and spiritual leadership of the whole world never hitherto known in history. . . . No such man of moral and political power and no such evangel of peace had appeared since Christ preached the Sermon on the Mount. Everywhere men believed that a new era had come to mankind. . . . With his courage and eloquence, he carried a message of hope for the independence of nations, the freedom of men and lasting peace. Never since his time has any man risen to the political and spiritual heights that came to him."

Our Proud Contemporaries

Two events suggest the significant developments recently in the affairs of our esteemed professional brethren of the country or small town newspapers. The publisher of the Cadott Sentinel, Walter Brovald, won the lion's share of the prizes in the various contests for quality and performance sponsored by the Wisconsin Press association and announced at the association's recent Milwaukee convention. Brovald is a young man and he is running a weekly newspaper in a tiny community of distant Chippewa county. Yet he has shown the hundreds of editors and publishers of Wisconsin the possibilities for producing a bright and responsible journalistic product wherever there are people. For the rural newspaper, as all newspapers are to some degree, is the mirror of the community it represents. It was fitting also that the University of Wisconsin School of Journalism should follow the convention with the announcement that it has chosen Carl Zielke, manager of the Wisconsin Press association, for a dis-

airport moved will fight these improvements being made at the present port. It seems to us that the time has come for a thoroughgoing, objective, unemotional review of the problem of the airport's location. For ourselves, we do not have any preconceived notions on the subject. It may be that while the present location is not perfect it is good enough for the needs of the foreseeable future, or can be improved to meet those needs. On the other hand it may be that the county would be better off in the long run to find a new location now before it pumps more money into the present one. The argument so far has been conducted in an atmosphere of emotion, personalities, charges and countercharges. What we would like to see is a study made by competent people in which politics and prejudice are pushed to one side, and the good of the entire community is the predominant interest. The period between now and autumn, when the airliners will begin landing here, would seem to be the ideal time to make such a study.

lationship and Mr. Hoover's very real admiration for President Wilson's aims and his personal qualities. "He was a man of staunch morals. He was more than just an idealist — he was the personification of the heritage of idealism of the American people. He brought spiritual concepts to the peace table. He was a born crusader." And yet one of the weaknesses of the crusader is that he is not always right. President Wilson undoubtedly came home sick and discouraged from the perversion of his hopes and ideals into the Versailles treaty. But his refusal to permit any amendments to the Senate acceptance of the League of Nations treaty led to its defeat as much as the "wilful men" who opposed it on other grounds. Mr. Hoover's sympathy for President Wilson's ordeal may exist because he met much the same sort of defeat when he expected the American people to vote for conservatism in economic affairs after three years of depression. In 1919 the American people didn't really want to be bothered about making the world any safer for democracy. In 1932 they didn't give a hoot about traditions of restraint of government. An interesting sidelight in Mr. Hoover's book is his own belief that President Wilson would never have stomached the United Nations, although it is an outgrowth of the ideals which brought about the League of Nations. "He conceived the league as an association of free nations, not to include men and dictatorships conspiring for its ruin," writes Mr. Hoover.

tinguished service award in journalism. The association serves the weekly newspaper editors and publishers of Wisconsin, and Zielke has been its executive for many years. The association recently named Duane McCall, of the Oconto County Reporter, president for the following year, a considerable honor for our neighbor and compatriot in the business of publishing the news. There have been vast improvements in the technical and spiritual quality of the rural press of Wisconsin as in all areas of the press in the last several decades. Some of the ablest practitioners of journalism have been drawn to the country editor's desk. The results are evident all around us. There also has been conscientious and able encouragement by way of professional and business organizations, of which the Wisconsin Press association has been one of the most faithful and effective. To Zielke as the agent and faithful servant of our brother editors of the small towns, the university's honor was richly due.

What Others are Saying

A Long Way to the Waste Basket

From Waupun Leader-News Senator Proxmire might take a greater interest in the poor postal service if he knew that one of his recent publicity re-

leases reached us only after being mis-sent to Waupaca and from Waupaca to Wautoma. We hit the waste basket with it the first toss.

'Lighthearted Touch'

Editor, Post-Crescent: The silly little headlines on the weather report add a lighthearted touch to a glum front page which is usually filled with news of revolts, murders, strikes and such.

A little nonsense, occasionally, helps a person stay young-in-heart at least Mrs. Roydon Hart 113 Tyler St. Neenah

Rep. Powell Blames Everyone but Himself for Tax, Political Troubles

BY GEORGE SOKOLSKY (Copyright, 1953) When an ordinary white person is indicted for an offense against the law, he hires a lawyer and takes his chance on his day in court. Adam Clayton Powell, Jr., member of the house of representatives, preacher of the largest Negro church in the world, graduate of three American universities, has been indicted for tax evasion. He may or may not be guilty. That will be decided in a federal court. Should he lose he will have the right of appeal the same as anybody else. It is not a racial question. In the 1956 election, Adam Clayton Powell, Jr., who had been a Democratic leader in New York city and who has been elected to congress as a Democrat, chooses to leave his party and to support President Eisenhower. That was his choice and every American is free to make whatever choice he desires. He was not excluded from the Democratic party; he voluntarily announced his opposition to its candidate for the presidency and favored the opponent of his party. Whether this included a deal on the income tax case cannot be proven one way or the other. Ousted by Democrats At any rate, the Democrats decided that he no longer belonged to them. It was not a racial question. It was a matter of being a Mugwump. It has long been established in American politics that a Mugwump is not supported by his party. Therefore the Democrats in New York decided that they would no longer have Powell on their ticket. It was no secret to them that during the very days when the Democratic County committee in New York was considering this question and reaching a decision, certain Negro Republican district leaders in Harlem were demanding that the Republican party nominate Powell for congress. The Republicans refused. That refusal had nothing to do with the fact that Powell is a Negro. It does have to do with the fact that he is a Mugwump and therefore politically unstable and secondly that he was under indictment, about to be tried and that the trial might result in embarrassment to the Republican party. He was rejected by the Republicans before the Democrats threw him over. The Democrats knew what was happening at the meetings of the Republicans and were ready, if the Republicans nominated Adam Clayton Powell, Jr., to call it a deal. As a matter of fact, Powell's indictment took 14 months to obtain from the grand jury, resulted in the resignation of the assistant United States attorney who handled the case because he regarded the political pressure to which he was subjected as unseemly and unethical, and nearly produced a run-away grand jury action. There are two sides to prejudice and discrimination. One is the side of the person of a minority group who attributes every act against his person as an act against his race. This is a form of Uncle Tomism in reverse. Actually there are white as well as Negro income tax evaders; Protestant, Catholic, Jewish and atheistic income tax evaders; gangsters who evade income tax payments and honest folks who make obvious errors in their reports. Some violations involve moral turpitude; others involve

only the law. The income tax is bad law which must be badly administered and therefore results in voluntary and involuntary violations. Was at Bandung It would have been better, for everybody, had the Powell case not been delayed, giving the impression that Powell supported Eisenhower as part of a deal. It would have been better for the Negroes of this country if Powell did not relate his race to his personal problems. Adam Clayton Powell, Jr., went to the Bandung conference which was organized by Soviet Russia to stimulate opposition to the United States against the peoples of Asia and Africa. He did a splendid voluntary job for the United States there. I thought, at that moment, that this man had matured and that he would take his place in American life with such outstanding Negroes as Ralph Bunche, Jackie Robinson, Marian Anderson, Lena Horne, Hulan Jack and many others who are respected for their abilities and as human beings, not as members of this or that race. Powell, however, has reverted to racial politics and demagoguery. It may get him a vote but it will do the Negroes of this country nothing but harm. It takes courage to take the blame for one's own errors. Powell apparently lacks that courage.

City to Have New Flouring Mill

79 YEARS AGO Quoted from the Appleton Crescent for the week of May 24, 1879. Mr. M. T. Boulit broke ground this week for the erection of his Flouring mill, which is to be located just below the Second Ward river bridge on the site of the old barrel factory. The proprietor is a gentleman of experience in the milling business and was formerly a resident of Michigan. He intends to build one of the most complete mills to be found in the Fox River valley and will put in the best of machinery. Having ample capital to insure success in the enterprise, he cannot fail to prove a valuable acquisition to the list of Appleton's live business men, and is heartily welcomed. 25 YEARS AGO Thursday, May 18, 1933 Appleton was chosen as the next convention city for the 1934 meeting of the Federation of Women's Unions of the Fond du Lac regional conference. Mrs. Peter Bast, Appleton, was reelected treasurer of the federation and chairman of Christian stewardship. President Roosevelt signed the Tennessee Valley development Muscle Shoals bill, making it law. "Twilight Alley" was presented by pupils of St. Paul grade schools. In the leading roles were Louis Rohloff, Margaret Brahus, Robert Schroeder, Arline Risse and Ella Leisnering. Mrs. W. L. Crow reviewed the book "Daniel Webster" at the Wednesday meeting of the Town and Gown club, held at the home of Mrs. J. F. Griffiths. Mrs. Franklin J. Grist was named leader of the discussion on renaissance literary figures for the Alpha Delphian program to be held at the Appleton Woman's club.

at ceremonies marking opening of the new municipal incinerator at Green Bay. Andrew Liethen was elected president of the Appleton Pilots association. George Kuehnell was named vice president and Dr. E. W. Donohue was reelected secretary and treasurer. Francis Sumnicht, Appleton, was elected chairman of the Young Republican club of Outagamie county at a reorganization meeting held. Mrs. C. W. Converse, Appleton, was elected secretary; Victor Sumnicht, Appleton, was named treasurer; and Talbot Peterson, Appleton, was named chairman of the membership committee. Peter A. Ebben and Emmett Woltd won the pipe smoking contest at Eagles hall by smoking their pipes down the fastest.

10 YEARS AGO Thursday, May 20, 1948 The common council, by a vote of 11 to 6, prohibited left turns off College avenue at five intersections in a session devoted to traffic and street problems. City Engineer L. M. Schindler, Ald. Harvey Friebe, president of the city council; and Ald. J. J. Franke, chairman of the street and bridge committee, represented official Appleton

Special Legislative Session Has Dangers

BY JOHN WYNGAARD Madison — Why, somebody wants to know, should a governor of Wisconsin hesitate to call the legislature into special session if there is any reasonable need for legislation that ought not to be postponed until the next regular session? The inquiry came in connection with the reactions to the recent announcement of Gov. Thomson that he is considering the idea of a special legislative session call to deal with extensions of unemployment compensation benefits as now being urged in federal legislation. The reasons probably won't sound like good ones to the politically inexperienced. But they nevertheless are real. And Gov. Thomson will be like all other recent governors of Wisconsin if he hesitates a long time before putting his signature to the extraordinary session call. The simple fact is that the legislature as an institution is intensely "covered" by the press. The politician from Langlade county or South Milwaukee who can make a speech in virtual obscurity, with respect to the state at large, when the legislature is not in session, has a statewide rostrum when he speaks from the red carpet in the chamber of the state senate or assembly. The ordinary session, is severely limited with respect to the business before it. The governor circumscribes it, holds it down to the precise problem which occasioned his call. That means that while one committee is busy with the legislation at hand, 120 or more of the members and most of the minority members have nothing at all to do. They react like school-boys playing truant. They are ready for mischief. For the minority mischief means heckling the majority. Politicians are ingenious fellows. They are more prolific in composing resolutions and amendments and speeches and memorials than the most lovelorn college boy writing poetry in the spring. What they hate most is the sight of an unused press row. The several dozen reporters at the capitol are a constant temptation — and one that very few of them are able to resist. The more clever ones among them know that there is publicity at their command, if they have any resourcefulness at all that they won't be able to get at any price a little later, when the legislature has dissolved and they are individual and remote politicians again.

RESOURCES The legislative lectern would be ready-made for the promotion of all of the issues — real or fancied — that the Democrats hope to popularize in their campaign for statehouse power this year — from state tax policy to farm subsidies, from the non-resident relief law of 1957 to the level of property taxes and many others that have not yet caught fire. Moreover, although the gubernatorial call will designate the single subject or the few subjects upon which the legislature can act with finality, there is no power on earth that can prevent a flood of amendments. If the governor asks for a longer duration of benefits, it can be written down as inevitable that the Democrats, with an eye upon the fealty of their labor allies, will demand an upward revision of the amount of payments as well, as one example. So it can be written with absolute certainty that there will be a special session of the legislature only if the governor — this or any other governor — regards it as unavoidable.

Timely Instruction Longlac, Ont.—(P)—An inspector from the district fire marshal's office was showing instructional films to the local brigade when the alarm sounded. The fire-fighters answered the alarm and were back in a few minutes to watch the rest of the films.

Potomac Fever— by Fletcher Knebel

Ode to France: Now here comes His Lordship De Gaulle who is stern and handsome and tall. He is ready to grace almost any spare space, either inner, outer—or all. The briefs Republican leaders on the global situation. Ike: "Any questions?" Republican: "Yeah, who's to blame, Truman, Roosevelt—or Woodrow Wilson?" Democrats hail the 25th anniversary of the T.V.A. Just think, it's been a quarter of a century since the Democrats conceived a new deal—or a new idea. The army's Jupiter missile solves the nose cone re-entry problem. In plain language, this means mankind now can stick its nose into other people's business electronically. Latin lesson for the day: De Gaulle is divided into three parts: man, mystic and monologue. Commerce Secretary Weeks says it's up to business to cure the recession. And business better hurry up, too —so Republicans can claim credit for it before the election.

Several Former Appletonians Will Appear with the Wisconsin Telephone company chorus, a Milwaukee organization, when a concert is presented here at 8 o'clock Saturday night in Lawrence chapel. Shown, from left, are V. A. Ladegaard, who lived here from 1947 to 1954; Miss Judy Gross, a Lawrence college graduate; and Roger Tornow, an Appleton resident until a recent transfer to Milwaukee. Ladegaard organized the chorus in 1956.

Phone Chorus Will Sing Here

Several Former Appleton People In Milwaukee Group

The Wisconsin Telephone company chorus, a group from Milwaukee, will present its first out-of-town concert with an appearance at 8 o'clock Saturday evening in the Lawrence college chapel.

The 65-voice chorus is not a telephone company sponsored organization but is composed of Milwaukee employees who like to sing. Several of them formerly lived in Appleton.

Among those appearing will be Miss Judy Gross, a Lawrence college graduate; V. S. Ladegaard, formerly division traffic manager who lived in Appleton from 1947 to 1954; Allen Warner, in sales work in Appleton from 1946 to 1956; and Roger Tornow, an Appleton native who recently transferred to Milwaukee.

Ladegaard organized the chorus in 1956 and acted as director for the first season. The group now is conducted by Donald Mohr. Both Warner and Tornow were active in MacDowell Male chorus here.

Tickets are available at the Wisconsin Telephone company office or can be purchased at the door on the night of the concert.

Graves are Tragic Reminder On Anniversary of Twister

Kansas City — A simple memorial is the only structural reminder that a year ago Tuesday a tornado whirled through suburban Ruskin Heights, Mo., at more than 500 miles an hour.

Forty-seven graves are an eternal reminder.

The flattened homes, the unbelievable rubble, the upturned cars are no longer there. Ruskin Heights has been rebuilt.

Frenzied Minutes

The work that has been done is not so much reconstruction as it is resurrection.

If you didn't go through those frenzied minutes yourself, you

have to look at pictures to see the change.

From the air today the streets form the same gentle S curves they did after the tornado. But then they looked mushy, like a wheatfield after harvest. Today, you are struck by the sharply defined lines of the light rooftops.

The tornado was spawned from black rain clouds at Emporia, Kan., some 100 miles away. It moved northeastward, killing at Ottawa and Hill City in Kansas, destroyed Martin City, Mo., and did its worst at Ruskin Heights.

Thirty-nine deaths and 483 homes were destroyed or damaged there.

Brick Memorial

The memorial, a brick structure about 15 feet high, is located at the center of the devastated Ruskin Heights area. It was dedicated yesterday while 2,000 persons watched.

It has three windows at the top.

"They symbolize faith, hope and love," said N. M. Roach, president of the Ruskin Heights Homes association. "They are the things that rebuilt Ruskin Heights."

Mayor Clarence A. Mitchell said he will be compelled to send the petitions and accompanying letters to the council, since they are addressed in part to the council.

The petitions presumably then will be referred to the 3-man censor board for disposition.

Robert Recker, Appleton theater manager, said today he still has no date for playing of the film.

Council to Get Petition Asking French Film Ban

The petitions asking a ban on the French movie "And God Created Woman" will be introduced as an item of new business at tonight's council meeting.

Mayor Clarence A. Mitchell said he will be compelled to send the petitions and accompanying letters to the council, since they are addressed in part to the council.

The petitions presumably then will be referred to the 3-man censor board for disposition.

Robert Recker, Appleton theater manager, said today he still has no date for playing of the film.

LIFE'S LIKE THAT By Fred Neher

"I heard that... were you talking to the fish or me?"

Dulles' Views Well Received

Indonesia Pleased With Attitude on Interference Ban

Jakarta, Indonesia—(AP)—Indonesia's government reacted enthusiastically Wednesday to Secretary of State Dulles' remarks condemning outside interference in the republic's civil conflict.

But Foreign Minister Subandrio said his government "expects implementation of Dulles' statement so there will be no doubt among the people of Indonesia as regards the attitude of the U.S. government toward the rebels."

Dulles spoke yesterday at a news conference in Washington. So far he has refused Indonesian requests to protest to the Chinese nationalist government against what Jakarta charges is nationalist aid to the rebels.

Dulles has, however, passed the complaints along to the Nationalist government since Jakarta has diplomatic relations only with communist China.

Final Push
The continued pressure on Washington coincided with the announcement of what the government hopes is the final big push to crush the rebellion. The rebels are now concentrated in east Indonesia after capture of their central Sumatran bases last month.

The government disclosed Tuesday that its troops a week ago captured Gorontalo, 125 miles southeast of Manado, the rebel capital in the north Celebes.

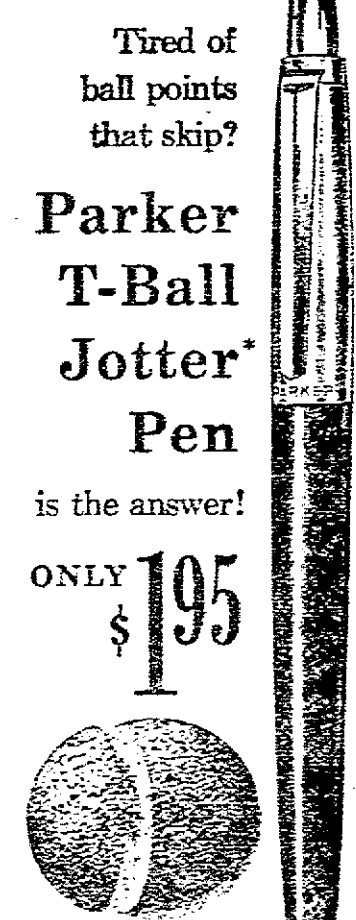

Paratroopers and seaborne troops yesterday recaptured Morotai Island, 200 miles east of Manado, the army said. The island contains an abandoned World War II allied airfield which the rebels apparently used for their wide-ranging air strikes against east Indonesian ports and shipping.

Probation Officer Finds Charge After 3-Year Absence

Rock Island, Ill.—(AP)—A quirk of fate ended Thomas Yoder's 3-year absence from the eye of a probation officer who had seen his charge only once after he pleaded guilty to burglary. Capt. Elmer J. Janssens and Detective Sgt. Chester C. Brandt were walking along Chi-

Lesson in English

BY W. L. GORDON

WORDS OFTEN MISUSED: Distinguish between "aware" and "conscious." We are AWARE of what goes on about us, and we are CONSCIOUS of what we perceive or feel within ourselves. One may be CONSCIOUS of fear, but not altogether AWARE of the dangers about one.

OFTEN MISPRONOUNCED: Onerous. Pronounce ahn-er-uss, accent on first syllable.

OFTEN MISPELLED: Finesse (quality of being fine). Finesse (delicate skill).

SYNONYMS: Insignificant, immaterial, inferior, irrelevant, little, meaningless, small, trivial.

WORD STUDY: "Use a word three times and it is yours." among the stacks of dirty dishes in the kitchen this morning by mastering one word each day!

Today's word: de trope; too much or too many; superfluous. (Pronounce dee-troh, accent second syllable). "I felt decidedly de trope."

Brain Twisters

BY DON DOUGLAS

Prop Puzzler

You might need some PROPS to hold you up through this one. Each defined answer begins with PROP. Now, do you know what PROP is—

1. A lot of talk?
2. To give much push to?
3. To offer for consideration?
4. To offer as a toast?
5. Auspicious?
6. Seer?
7. An owner's?
8. To appease?
9. Decorous?
10. A natural inclination?
11. To multiply?
12. A share?

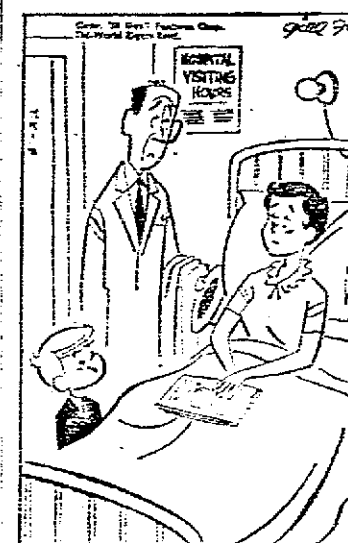

1. Propaganda. 2. Propel. 3. Propound. 4. Propose. 5. Propitious. 6. Prophet. 7. Property. 8. Propitiate. 9. Proper. 10. Propensity. 11. Propagate. 12. Proportion.

Look and Learn

BY A. C. GORDON

1. What is the modern name for each of these former places: (a) Mesopotamia; (b) Persia; (c) Hellespont; (d)

WILBERT

"... and I almost got lost three times and it is yours." among the stacks of dirty dishes in the kitchen this morning by mastering one word each day!

Peking; (e) Danish West Indies; (f) Siam?

2. What great river has no tributaries for 2,000 miles?

3. What great sacrifice was Abraham ordered to make as a test of his faith in God?

4. How many species of mosquito are there in North America?

5. Where in the human body are the "trapezium" and "trapezoid"?

Answers

1. (a) Iraq; (b) Iran; (c)

Dardanelles; (d) Peiping; (e)

Virgin Islands; (f) Thailand.

2. The Nile, in Egypt.

3. To offer his son, Isaac, as a sacrifice to God.

4. There are 138 species.

5. These are the names of bones in the wrist.

225 Students To Receive Bus Transportation

Public Schools Arrange Traveling For Coming Year

About 225 public school children will be transported to schools outside of districts in which they live, according to arrangements being made by J. P. Mann, superintendent of schools, and Rolland Nock, chairman of the transportation committee.

About 150 northside pupils in the Franklin school district will be transported to Jefferson and Washington schools—four classrooms to Jefferson and one to Washington—while the remainder, all from the southside, will be transported to Madison Junior High school.

Materials explaining the procedure are being sent to parents this week. Transportation is provided by the board of education when children are assigned to schools not in their district.

Space Shortage

Mann noted a shortage of classroom space, particularly on the northside, necessitates the move. He said Lincoln school also will be crowded when classes begin next September, but playrooms and other non-classroom space will be utilized. Mann also said two intermediate 3 classes from Edison will be assigned to Morgan, as has been done in the past.

On the south side, Richmond will have only primary grades, Foster school will have all primary levels except for one intermediate 1 class and McKinley will be all primary except for two intermediate 1 groups. All students in higher grade levels will attend Madison school.

The new building, still under construction but expected to be completed by the next school term, will have about 375 pupils when school opens next year. Mann estimated its capacity is about 600.

Bus routes have been arranged by Nock to offer the greatest amount of convenience to the greatest number of children.

Four From AHS Win Top Ranks In Math Contest

Four Appleton High school students earned top ranking in the state in the final examination in mathematics conducted on a nationwide basis by the Mathematical Association of America. About 920 participated in the final examination. They represented 171 schools. In the first examination, 9,500 students from 237 schools took part.

Linda Malmstrom ranked among the top 30 students and Janet Smedlund and Howard Hamann, among the top 10 per cent. Dennis Kuba was in the top one-fourth of the group.

Miss Malmstrom will receive \$5. She, together with Miss Smedlund and Hamann, also will receive certificates showing their rank in the state test. Miss Malmstrom also will receive a certificate, as will Karl Brummund, for ranking high in the preliminary test. They were the two highest of AHS students who took the first test here under supervision of Hubert Wetak, head of the mathematics department.

All students are fourth year math students in classes conducted by John Landis.

'Y' Graduates 14 Skin Divers

Fourteen graduates of the Appleton YMCA skin diving class have been awarded certificates. Mickey McGuire, physical director, reported today. Graduates are Wolcott Anderson, Thomas Schaefer, William Pedell, Edward Rescher, Charles Post, James Selig, Donag, Schroeder, Russell Smith, Earl Swick, Bruce Schommer, Darrel Griffith, Thomas Miron, Paul Gross, James Downs and Charles Sample.

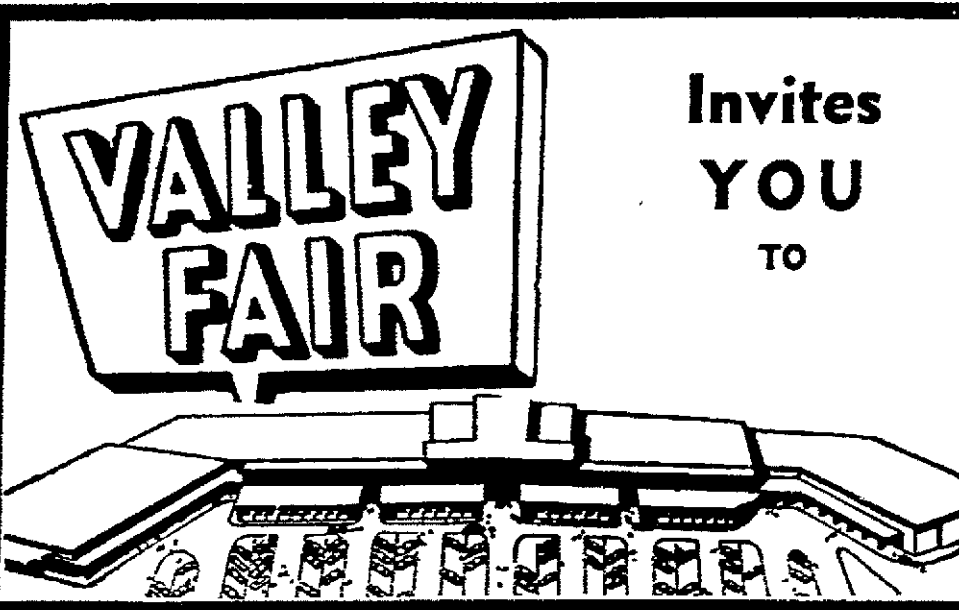

Graduates successfully completed instruction in survival swimming and use of underwater breathing apparatus. McGuire said final examination was given on save learned during the course.

Douglas Bulmer, Greer Bay, was instructor.

Women's Legion Post Will Elect Officers

Fox Valley A.L. - Women's American Legion post will meet at the Onay Johnston - Edward Blessman post club house in Appleton Tuesday to elect 1958-59 officers and name delegates to the Outagamie county council meeting in Buck Creek June 11.

The organization will discuss plans to participate in a Memorial day parade in Appleton May 30.

How to be a Perfectly Obnoxious hospital visitor is illustrated here in pictures posed by members of Post-Crescent editorial staff. The upper left photo shows the Gorgor, a hungry creature who eats everything in sight. Even though he's not finished with the banana, he's already reaching for a couple of the patient's oranges. In the upper right, two visitors conduct a joint phone conversation oblivious to the fact that the weakening patient wants to sleep. Many faults are indicated in the lower photo. There are too many visitors, for one thing, and they're being rowdy, for another. Several of them are smoking, they've thrown their coats on the bed, they're sitting on the bed reserved for the patient alone, and they've carried up cups of coffee from the lobby which they'll undoubtedly strew about the room before they leave. (Post - Crescent Photos)

The Unthinking Mob

Patients Have Many Woes, but Visitors Could be Worst of Them

BY BETTY KILICH
Post-Crescent Staff Writer

Pity the poor patient. Not only must he put forth all his efforts in attempts at recovery, he must cope with several varieties of wildlife which periodically gain entry to his room.

There are the nurses — those early-rising, white-garbed creatures who insist on the world to a comfortable sleep.

There are the doctors, smiling and preferring to exude large quantities of sentiment and sympathy with soulful sighs and knowing looks.

Too Hearty

At the other extreme, there are the jocular, over-hearty optimists who have jokes for every situation and funny stories to illustrate every point. Good intentioned though they may be, they forget it may not be advisable for the patient to laugh too much and too long.

There are the lingerers — the visitors who come for ex-

ing, charming fellows who usually come replete with anecdotes. Like the nurses, they, too, poke, probe and dig into ribs.

Then, woe upon woes, there are the visitors. Bearing great similarities to swarms of locusts, they descend upon patients, chomping their way through gifts of fruit and candy and finally leaving the ragged, ravaged rooms in a billow of cigaret, cigar and pipe smoke.

Many Varieties

There are many varieties of visitors, some of them beneficial, to be sure. They are the ones who stop in briefly, chat quietly for awhile, then leave before the patient becomes exhausted.

The dreaded ones, however, can be classified in several categories or, in some cases, are members of all classifications.

First, there are the harbingers of doom. They have known many people with the same ills as the person they're visiting but, unfortunately, the other acquaintances never fully recovered. They know of many cases, they chatter on, where the patient has suffered relapse after relapse and has been nothing but a burden after his initial sickness.

Furthermore, these gloom mongers seem incapable of smiling and prefer to exude large quantities of sentiment and sympathy with soulful sighs and knowing looks.

At the other extreme, there are the jocular, over-hearty optimists who have jokes for every situation and funny stories to illustrate every point. Good intentioned though they may be, they forget it may not be advisable for the patient to laugh too much and too long.

There are the lingerers — the visitors who come for ex-

tended stays and refuse to leave even after conversation has been exhausted. They forget the patient now is in a position of having to entertain rather than being entertained and the role of genial host may not be within his capacity at the moment.

The smokers leave waves of smelly fumes in their stead, unmindful of the fact that though the patient himself may be a smoker, he may find the odors disturbing when he is ailing.

Nearly three out of four non-even though ash trays off-resident fishermen who buy en are provided in hospital Wisconsin fishing licenses come rooms, it is best for visitors to from Illinois and particularly refrain from smoking unless the Chicago area, the depart- patient positively indicates the Chicago area, the depart- it isn't bothersome to him.

Other Smells

Nice though they are in small to get a line on the number of quantities, too many flowers al- muskellunge harvested from so can be disturbing to a sick Wisconsin lakes and streams. The department projected the results of the sampling and came up with the estimate that the muskellunge harvest amounts to about 47,000 each room long after the visitor has left.

The scavenger can be a particularly annoying species. He comes in, prods through fruit baskets and candy boxes until he finds a choice bit, devours it, then repeats the process again and again until the patient is left with the less desirable pieces or nothing.

Even though the patient may not wish to eat the goodies himself, he may wish to keep them at his bedside to offer to nurses, aides or other hospital personnel who administer to his needs.

Visiting Advice

Here's the most sensible visiting advice as offered by hospital personnel:

"Our whole concern is for the patient's welfare and most speedy recovery. He will not wish to hurt your feelings, nor seem unappreciative. Seldom will he acknowledge that his strength is being sapped, his nerves frayed. You, as a visitor, must anticipate that.

"Be calm, cheerful, optimistic. Avoid all exciting, disturbing subjects, even though fun-ny. Remember, too, that we have other patients, some of whom are very sick, most sen- sitive to sound and presence of people.

"Do not ramble about or lin-

Most State Tourists Come From Chicago

Post-Crescent Madison Bureau

Madison — The importance of Chicago and its environs as a source of tourist dollars for the people of Wisconsin is shown in a new conservation department study.

Nearly three out of four non-resident fishermen who buy Wisconsin fishing licenses come from Illinois and particularly from the Chicago area, the department concluded in a study of license holders of last season.

The study was undertaken to get a line on the number of muskellunge harvested from Wisconsin lakes and streams. The department projected the results of the sampling and came up with the estimate that the muskellunge harvest amounts to about 47,000 each year came from Minnesota. That proportion was higher than for Iowa and Indiana together.

The concentration of Wisconsin tourist business in the region immediately south of the state is shown in the fact that only five states contributed one per cent or more to the non-resident fishing population. They were Illinois, Minnesota, Iowa and Ohio, in that order.

False Alarm

Thomas, Okla. — Mrs. Vic Beck set the alarm for 6:30 a. m. Mr. Vic Beck came in later and re-set it for 2 a. m. so he could get up and take his influenza pills. When the alarm sounded, Mrs. Beck heard it, Mr. Beck didn't. She got up and prepared breakfast.

Restful peace and quiet are major contributors to health- recovery. Speak quietly, walk quietly, laugh quietly and do not jar the patient's bed. Be restrained.

Says Reds Change Economic Stand

Baltimore — A commerce department official said Tuesday "there are signs that the Russian government is changing its attitude toward the economic facts of life."

In reference to announced Soviet plans to produce more consumer goods, Deputy Assistant Secretary Marshall M. Smith said the Kremlin "is apparently beginning to realize that national wealth cannot forever be fed into the military machine without gradually weakening the nation's economic and stifling productive forces."

Smith told the Baltimore Rotary club that the Soviet developments promise "much hope if we ourselves are faithful to the true American spirit of free enterprise."

This Hubby With Booze Blues Scares Wife Away, Ann Hopes

BY ANN LANDERS

DEAR ANN: My husband says he's not an alcoholic. He claims he drinks only when things get him down. This is every night. Once in a blue moon, when things go right for him, he drinks to celebrate. So there you have it—a man who drinks when things are bad and when things are good. He's drunk all the time.

What worries me to death is that he has guns in the house and when he's plastered he gets like a wild animal. Once he shot a hole in the wall four inches above my head. I ran out of the house and spent the night with neighbors.

Please don't tell me to take him to A.A. Have YOU ever tried to take a man anyplace he didn't want to go? If people would quit pouring out their sympathy on the man who drinks and save a little for his wife it would be a great help. Thanks for listening. — JUST ONE IN MILLIONS

A.A. can't help anyone who is unwilling to admit he needs it. You can lead a horse to water but you can't make him drink it—if he prefers something a little stronger.

On the other hand, you don't have to stick around and let a man who is boiled to the eyeballs play William Tell with live ammunition.

In the interests of life and limb I suggest separate roofs. There is always the possibility that if you mean enough to this man, he may straighten around to get you back. If you decide to stay with him get yourself measured for a bullet-proof kimono with a matching hat.

DEAR ANN: I'm a junior in college. Several months ago I invited a girl from my home town to come up for some big LAURA WHEELER Needle doings. She wrote and said she couldn't afford it. (The round-trip would have run to \$50.) I've written to her several times about coming up for a items. Send 25 cents for your copy of this book today!

ed any reference to this invitation. I don't know for certain if it's the money, or if perhaps she isn't sufficiently interested to make the trip.

I can well afford to pay her expenses and I'd be happy to, but I hate to insult the girl. How shall I handle it?

There's another girl I know back home who isn't exactly repulsive to me. She can afford to go anyplace on her own, and would LOVE to come up for a weekend. Shall I invite the second girl and not take a chance on hurting the first gal's feelings? — B.C.

Why would you be hurting the girl's feelings if you offered to pay her expenses? This could only be a compliment.

If you invite candidate number two merely because she can afford to pay her own freight, you're settling for second best on a cut-rate basis and you know it. Take pen in hand and aim for the top, Boy.

DEAR ANN: I was relieved when I read the letter in your column from the wife who found men-only pictures and stag-films in her husband's tackle-box. For years I thought I was married to the only nit-wit of this type.

Two years ago my husband joined a "film-club". The movies he gets are too risqué to run on a projector, so he bought a pocket-viewer. Last night it was 4 a.m. before he stopped cranking.

I wish you'd tell me in simple language why men behave this way. I don't understand it. —MRS. EX-WHY-ZEE

Men don't behave this way—just little boys whose emotional development stopped at the 12-year-old level in terms of sex.

Lockheed Designs New Transport Capable of Cruising at 2,000 MPH

Los Angeles.—Lockheed Aircraft corporation says it has designed a new transport plane capable of cruising at 2,000 m. p. h. Hall L. Hibbard, a Lockheed vice president, described the craft Monday at the atmosphere and space travel symposium of the convention of the financial analysis societies. He said it will cruise at 70,000 to 80,000 feet, yet will land slowly enough to use present runways. It will be jet-powered and made mostly of steel and titanium. It will carry 90 to 100 passengers. Hibbard said wind tunnel tests have been completed and a prototype will be flying within three years.

Dress Pattern

Culbertson on Bridge

By Ely Culbertson

When the opponents are obviously on their way to a slam, it is usually best to let them alone, i. e., not to double the exploratory bids they may make. Of course this advice is subject to important exceptions, but it very definitely applies to such a case as the following.

South, dealer.
Both sides vulnerable.
NORTH
S-Q 7
H-8 5
D-A Q 10 8 4 3
C-7 3

WEST EAST
S-K J 8 S-9 6 5 3 2
H-Q 10 9 7 6 3 H-A 2
D-7 6 D-2
C-Q 4 C-J 10 9 8 6

SOUTH
S-A 10 4
H-A K J
D-K J 5
C-A K 5 2

The bidding (rubber bridge):

South West North East
2 N T Pass 4 D Pass
4 H D'ble 6 D Pass
7 N T Pass 6 D Pass

South's final bid was a dangerous speculation, but, at that, it was better than West's double of the four-heart call. That action by West had no logic whatsoever. If the enemy landed at a high diamond contract, played by North, there was no good reason for West to demand a heart lead by his partner—a spade or even a club lead might be superior, insofar as West could tell—and so the double could only serve to give information to the declarer. North or South, which might turn out to be extremely valuable to him.

In point of fact, it did just that. West made the neutral opening lead of a diamond against the grand slam at no trump, but when the dummy was spread, revealing that only 12 tricks were readymade, South was not tempted to re-gard the heart finesse as his possible salvation. West had doubled the four-heart bid with the sort of vehemence that there was no chance that South brooks no doubt, and so South could go wrong.

Take Your Time when you apply mascara for luxurious lash results, says a noted beauty authority.

Beauty Tricks on How to Apply Mascara

By Marian Matthews

Crema mascara is considered a sophisticated beauty tool by many. Max Factor, make-up expert, says it is and that it is needed to complement two other beauty aids—lipstick and make-up foundation. There's a trick or two that

could virtually see the heart queen in West's hand!

Nothing could be done in the club suit, but South saw a very interesting possibility in spades and hearts, assuming, as was more than likely, that West held the spade king along with his advertised hearts. So South cashed the ace and king of clubs and the ace of spades before running off the diamonds—and West was given a lesson on the mechanics of the last trump, but when the dummy diamond was cashed, South came down to the A-K-J of 12 tricks were readymade, hearts, and West was faced with the Hobson's choice of discarding the spade king or re-possible salvation. West had doubled the four-heart bid with the sort of vehemence that there was no chance that South brooks no doubt, and so South could go wrong.

amounts to art when you apply it correctly. The Hollywood expert points out that if you leave cream on lashes, mascara will not work well. Make sure lashes are absolutely clean and free from all other make-up materials. Your second step is to squeeze crema mascara from tube onto the tips of the brush. Work color through the brush itself, squeezing it onto the sides of the brush and stroking it back and forth across the nozzle of the mascara tube. Brush Down, Up. Third step is never use tips of brush alone for application. Instead, lay brush on its side dry—brush the hairs apart. Fourth step is knowing when es and work through in a slow to stop applying color—when zigzagging motion. The case with which this is done determines the successful transfer of mascara onto lashes, whether it's even and whether lashes are uniformly surrounded with color. Draw brush down through

lashes and then lay the other side of the brush under them—then draw it up through them. Just the right amount of mascara will be imparted to lashes in the wake of the brush. Continue adding mascara until Work color through the brush itself, squeezing it onto the sides of the brush and stroking it back and forth across the nozzle of the mascara tube. Then with an extra brush that comes with your crema mas- be sure it's clean and brush the hairs apart. Fourth step is knowing when they're more velvety looking and richly coated. Step five is a clean-up hint. After the application is finished, dampen it with water and clean off every speck of mascara that has strayed over lids.

Our Children Keep Watch Over Young To Prevent Accidents

BY ANGELO PATRI
Little children must be constantly guarded.

A mother bathing a child in the bathroom hears the kettle boiling over and just for an instant runs to shut it off — A dent it would seem they might mother getting breakfast for be called on to help prevent her small ones discovers there is not enough milk and just for a minute, leaves them to race to the store on the corner —

The neighbor next door says, "Come in tonight. We've invited a few friends." "I can't. There's the baby and I've no body to stay with him." "Oh, it's just for a minute or so and you can run over every so often and take a peek at him."

Better not. The things that can happen to children in just a minute are fearful and beyond human foresight. A fallen match, a runaway child, a draught from the window and catastrophe. A household machine and an electric current, an inquisitive child and disaster.

Accident Affinity
Accidents are happenings nobody expected and runaway children seem to have an affinity for them. They must not be left alone not even for a minute. Somebody must be in the house with them always. Just so that somebody is on hand in case of need, somewhere in the house or within sound, and the children are assured of help in time of need or of prevention in time of threatened trouble.

Older children should not be left alone in the house. Some of the responsible maturity should be within call and hearing. It is not safe to leave a group of youngsters alone. The group will do what one child would not think of doing.

All mothers find life with children difficult at times and they need help. Grandmothers are a gift of God, when it comes to looking after their grandchild.

dren. Aunts are wonderful and even uncles have been known to be useful. Inasmuch as the whole family connection would rise in sorrow in case of accident it would seem they might be called on to help prevent her small ones discovers there is not enough milk and just for a minute, leaves them to race to the store on the corner —

In Good Taste

Between Act Etiquet Is Discussed

BY EMILY POST

Dear Mrs. Post: Will you please say something in your column to the theatergoers who go out during intermission for a cigarette and return after the lights have gone out and the performance has resumed? I find this habit most annoying and lacking in consideration for others. Nine times out of 10 it is done by people who should know better. A word from you will help.

Answer: There is no act that is more inconsiderate than not going back to your seats when you are notified that the curtain is about to go up. It is not only very disagreeable to the people in the audience to have someone stand between them and the stage, but it is time of need or of prevention in time of threatened trouble.

Bride's Dress
Dear Mrs. Post: My wedding will take place in the church rectory in the presence of our immediate members of our families. Is this wedding too small for the bride to wear a very simple white dress and a plain tulle veil?

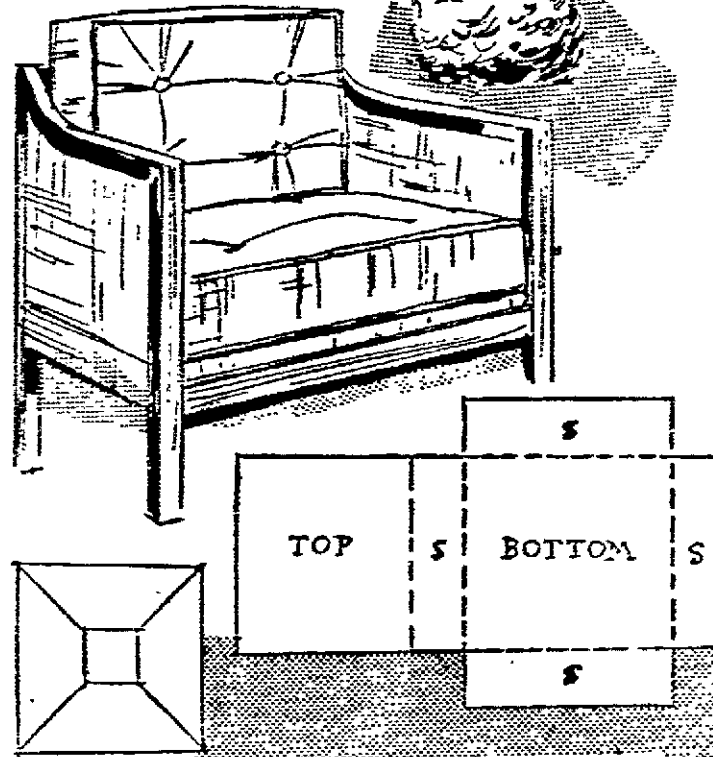

Answer: No, it is always proper than a bride wear a white dress and veil when she is married by a clergyman whether she is married in a church, a rectory or at home. In fact the only time when it's unsuitable to wear a veil is when she goes to city hall or the county clerk's office to be married.

Return Greeting
Dear Mrs. Post: The other day my son and I were walking down the street when a

New Inside Story on Upholstered Furniture

Dacron is also filling furniture now, soft fluffs of it that give the effect of down but are more resilient. The chair or sofa filled with dacron fiber fill has soft, luxurious look that's growing so popular again and the sitting on it's wonderfully comfortable. And one of the material's greatest recommendations is that it has less of the tendency to shift in the cushion than other soft fillings, and demands less plumping to keep the cushion looking trim.

The way top manufacturers

man I know came toward us. He tipped his hat in greeting, but did not stop. My son did not tip his hat in return. I told him that he should have, but he said that a man did not tip his hat to another man — only to a woman. Will you please tell me who is right?

Answer: You are completely right. It was very rude of your son not to tip his hat.

TB Germs, Like Gentlemen, May Prefer Blondes

Philadelphia — Do tuberculosis germs, like gentlemen, prefer blondes? That question was suggested Tuesday by a doctor summarizing research over the centuries on the elusiveness of tuberculosis.

The Greeks believed that tall, thin men and women with light skin and blonde hair were more susceptible to TB than short, dark persons, said Dr. Esmond R. Long of Pedlar Mills, Va.

Now some large scale studies of military personnel have supported this old idea—but no one knows why, Dr. Long told the annual meeting of the National Tuberculosis association. It could be, he suggested, that some body types are linked to other factors that produce or depress resistance to tuberculosis.

Pioneer Church

Grande Prairie, Alta. — Civic officials in this northwestern Alberta city are asking provincial aid to help restore McQueen's Presbyterian church, built of logs for a pioneer congregation in 1911.

Russian Movie Wins Award at Film Festival

Cannes, France — The new Soviet cultural offensive has won Russia her first top international film award. The Moscow offering, "When Storks Fly," took the golden palm at the Cannes festival. The film, a nonpolitical romance of war-separated lovers, won the unanimous nod of a jury headed by French Playwright Marcel Achard for its "artistic and humanitarian qualities." Director Charles Vidor was the American representative.

The only U.S. winner of a festival award was Paul Newman, named top actor for his performance in the American film version of Nobel prize winning William Faulkner's "Long Hot Summer." Newman is now in Hollywood. The female acting award was divided among women taking part in the Swedish entry "At the Threshold of Life" — a story of childbirth.

There was heated competition for the golden palm between "When Storks Fly" directed by former Soviet culture Minister Mikhail Kalatozov and a French entry "My Uncle." The latter won a special award for original comic qualities.

The jury stressed the exceptional performance given by Soviet Star Tatiana Samoilova in awarding the top prize to the Soviet film. Personal appearances of the beautiful young actress have been one of the high spots of the festival.

Gold Rush Days Over, Gun-Toting Man Told

Baltimore — The gold rush days are over, said the judge, and he ordered a California man convicted of totting a six-gun on the streets of Baltimore to get out of town — and not to wait for sundown.

Warren Van Meter, 64-year-old retired Arcadia, Calif., businessman, was brought to court on charges of pointing a loaded revolver out of his car window at a passing motorist and possessing a deadly weapon.

Carla Taylor of Bel Air, Md., testified Van Meter aimed the weapon at him as both were returning from the Preakness at Pimlico Saturday.

Van Meter said Taylor, a Negro, had tried to force him off the road and had seen the gun in his car's glove compartment.

Magistrate Henry L. Rogers fined Van Meter \$250 for keeping the gun in the compartment but suspended a 6-month sentence for pointing it at Taylor.

Speak With Care in Front of Very Ill; He May be Listening

By Joseph G. Molner, M. D.

Recently I commented on the care that we should take in our conversation in the presence of a person who has had a stroke, or for some other reason — so not knowing that he could hear. We think! — He adds, and this is worth noting: "Strangely enough I saw no one for several days, but did recognize people by their voices, including one consultant whom I had never known previously. He was somewhat taken aback when he came into the room during my convalescence and was immediately identified by his voice, and told what he had said."

Optimistic Report
In my own experience, I recall very vividly an operation about eight years ago. Presumably I was under the influence of the anesthetic and yet, like a dream, I could hear the doctors talking. I can imagine what a shock it would have been had I heard them say that it looked like curtains for me. Luckily they didn't; they were most optimistic.

Hopeless Feeling
"What's the use of all this?" He is going to die anyway, was one statement made by a nurse. My feelings were those of utter helplessness and hopelessness. "I don't know what they'll say at home when he dies, but we must make plans," aroused a bit of anger and instilled fight.

"Well, we've done everything we can. There is nothing left to do but pray. If he lasts until morning it will be a miracle, resulting in my resignation and the desire to tell the brain and emotions. Even as they that perhaps after all to when a patient seems to be in

die was not too terrible; that suffering could be far worse. The doctor, after his recovery, repeated these comments. He had a verified them, and, of course, observed the chagrin of those who had made the remarks. He adds, and this is worth noting: "Strangely enough I saw no one for several days, but did recognize people by their voices, including one consultant whom I had never known previously. He was somewhat taken aback when he came into the room during my convalescence and was immediately identified by his voice, and told what he had said."

Optimistic Report
In my own experience, I recall very vividly an operation about eight years ago. Presumably I was under the influence of the anesthetic and yet, like a dream, I could hear the doctors talking. I can imagine what a shock it would have been had I heard them say that it looked like curtains for me. Luckily they didn't; they were most optimistic.

Hopeless Feeling
"What's the use of all this?" He is going to die anyway, was one statement made by a nurse. My feelings were those of utter helplessness and hopelessness. "I don't know what they'll say at home when he dies, but we must make plans," aroused a bit of anger and instilled fight.

"Well, we've done everything we can. There is nothing left to do but pray. If he lasts until morning it will be a miracle, resulting in my resignation and the desire to tell the brain and emotions. Even as they that perhaps after all to when a patient seems to be in

a coma, we cannot safely presume that he cannot hear what is said. What is said in the presence of such a sick person must encourage the patient in case he hears it: Or in any event, it must not be something that will cause him to lose hope, or suffer in speechless, lonely misery and fear.

Offensive Breath
"Dear Dr. Molner: Can you give me any help to cure offensive breath? My dentist says it is not caused from my teeth. — E.M.L."

It's a mistake to think that unpleasant breath is necessarily from the mouth. Second to the teeth as a source of odor is infection of tonsils. Infections, "pockets" in the bronchial tubes (bronchiectasis), or some such condition in other areas, even in the upper nasal passages, can be responsible. That's why your dentist can't necessarily offer you the answer, and your own physician or a nose-throat specialist many times can.

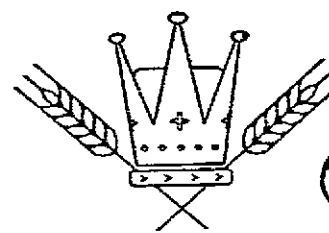

Pork Liver Nutritious
"Dear Dr. Molner: I am very fond of pork liver and eat it often but 'W' says I might just as well eat cardboard as there is no nutrition whatever in it, and that it has never even been served in a hospital. Is this true? — Mrs. M."

You might just as well stick the cardboard in your ears as listen to "W" because "W" doesn't know what she or he is talking about. Pork liver is no important difference because it is a source of protein, and the desire to tell the brain and emotions. Even as they that perhaps after all to when a patient seems to be in

It's Her Baby, Let Her Tend It

BY JOSEPH H. PECK, M.D.
(Condensed from the book, "All About Men." Copyright 1958 by Prentice-Hall, Inc.)

A baby doesn't smarten up until he is about six days old. At that time he will take advantage of your weakness and pretend he is fretful merely because he wants you to take him for a midnight stroll.

It's all right for you to take your turn walking your new son at night if he has a legitimate beef, but don't let him disturb your dreams simply because he isn't sleepy. I have seen many a baby quieted in hospital nur-

ness in resistance to streptococcus, and if there was much rheumatism or heart disease in your ancestry, watch that kid's throat.

It's Up to You

A red throat and above-normal temperature in a baby whose forebears suffered from heart trouble means it is time to call a doctor. Keep the kid in bed until he arrives, even if you have to use a club. We have drugs to cure almost everything, except the disease from which you happen to be suffering, but the most wonderful thing in medicine is prevention.

You will meet opposition when junior goes to school, but a perfect attendance record for a child with a family history of rheumatic or coronary condition is a disgrace to his parents.

We mentioned that as the male child develops, he turns from his mother to his father. Now it's your responsibility to start molding that little lump into a man.

But don't be overly protective or demand that he follow any prescribed course. Let him get into some trouble on his own, for only women are born with experience. It's your son's life, so let him live it in his own way, with proper guidance, but with no unnecessary interference either before or after he can lick you.

Don't tell your wife I said this, but there is nothing so conducive to a normal involution of the organs as scrubbing the kitchen floor on hands and knees.

Once, when a young couple visited us with a new baby, we were sitting around the fireplace when the baby began to fret. Papa got up and carried him to the bedroom to change him, and his wife kept gabbing. Poor guy, I thought at the time, he has lost his horns and will forever after be a muley.

Don't accept this chore without a fight, and if vanquished, use guile instead of force. Stick the kid with a pin, pinch him or do anything else to make him scream.

It's her baby. The time will come soon enough when he will transfer his allegiance to you.

Prescription: Scrub Floors

Look for Trouble

Meanwhile, remember your and your wife's hereditary characteristics, be on the lookout for any trouble.

One thing to watch for is allergy. If there is a lot of hay fever, rose colds and asthma in the picture, tell the doctor about them before he injects lockjaw or diphtheria serum or any other compound containing horse serum. Children have died because of neglect of this precaution.

Some persons can't take antibiotics, and there have been deaths from ingestion of a couple of aspirin tablets in sensitive patients.

Watch also for a family weakness in resistance to streptococcus, and if there was much rheumatism or heart disease in your ancestry, watch that kid's throat.

Short-Track Railway Asks Ferry Route For Door County Area

Washington—(AP)—The Ahnapee and Western Railway company, which has 34 miles of track, is asking for government authority to establish a new 222-mile ferry route to carry freight cars across Lake Michigan.

The Ahnapee operates on Wisconsin's Door county peninsula, which thrusts northeastward into Lake Michigan. The track runs south from Sturgeon Bay to Casco Junction, where the road connects with the Keweenaw, Green Bay and Western Railroad.

Man, Wife Have Tryst With Death

Bridgeton, N. J. — A young shoe clerk and his wife had a tryst with death Tuesday night.

Each in a separate car, they sped toward a quiet country crossroads called Harmony.

They met in a flaming broadside crash that swept the two autos against an empty house.

Police were able to pull Lester Wright, 19, from the pyre, but he was dead by the time they got him to Bridgeton hospital here.

His wife, Vera, also 19, was hurled from her borrowed car and is in serious condition at the hospital with a possible skull fracture.

What brought the couple, married a year and a half, to the lonely intersection at twilight?

Police can only hope to question the young widow, who is still in deep shock. They also seek Walter Robinson, who they say owned the car she drove on a learner's permit.

Mrs. Wright's auto hurtled into the left side of her husband's car, sent it slicing through a pole and into a porch. Her car smashed into the foundation. Both were alone.

Police theorize they might have intended to turn into the road which leads to Bridgeton, where they lived.

Less than a month ago, a similar crash—this one head-on—claimed a Wall Street lawyer's life near Pound Ridge, N. Y. Police there said the man missed a small curve and struck his wife's auto. She was driving to meet him.

College Girls Name Safe Driver First

South Hadley, Mass. — The man most likely to win the Mt. Holyoke College girls' popularity poll?

A poll of 485 girls defined him as a safe and sane driver who keeps both hands on the wheel, eyes glued to the road, who never leans on the horn and never takes "one for the road."

He's In for a Wonderful Surprise!

For many years, this man has had his heart set on some day owning a Cadillac—and he has decided to come in and see how close that happy day might be.

Well, he's walking in on a wonderful surprise!

He will learn what a modest investment it requires to take possession of a new Cadillac today—and how surprisingly close it is in cost to motor cars that make no pretension to Cadillac's quality or reputation.

He will find his Cadillac dealer wonderfully accommodating both in trading in his present car—and in obtaining prompt delivery.

And he will discover how eminently practical a

Cadillac car is to own and to operate—and how unusually free it is from the needs of service.

That's why we say—he's in for a wonderful surprise! Just as we know you will be, once you have the thrilling facts about Cadillac today.

For this latest "car of cars" is so rewarding, from every standpoint, that it has deepened the loyalty of even the most experienced Cadillac owners.

We suggest you visit your dealer soon—inspect Cadillac's exclusive Fleetwood coachcrafting—and learn about all the new models, including the distinguished Eldorado Brougham.

No Rehearing on Phone Rate Hike

Madison —P— Wisconsin's public service commission told the General Telephone company of Madison Tuesday there will be no rehearing on the firm's recent rate increase. The commission replied that the \$96 311 increase would provide a 6.26 per cent return on General's investment, and the had asked the commission for PSC said it thought that return a \$165,654 annual increase in was reasonable.

HYDROX COOKIES

at a party! as a party!

HYDROX loves parties, and you'll love HYDROX... richest chocolate wafers with creamiest vanilla filling in-between. Every bite's a celebration!

the ORIGINAL cream-filled chocolate cookie... for 50 years the finest made. Sunshine Biscuits, Inc.

One Imaginative Idea for the Bridal season is a wedding shower breakfast. This one is easily prepared and can be enjoyed as much by the hostess as her guests. It features wholesome dry cereal, fresh mixed fruit and spicy coffee cake, served attractively on a party decorated table.

Plan for Evacuation Of U. S. Civilians in Event of Emergency

Paris —P— "We've dusted off these plans a dozen times and we'll probably have to do it another dozen before we ever use them," the U. S. army officer said Wednesday. "Then, when the time comes we don't know if they will work. You never know with plans." The plans are for the evacuation of American civilians from France in an emergency. That emergency is not yet here but the army and its dependents are watching developments in the French political crisis more closely than many Frenchmen. Aside from advice to stay away from Paris unless the trip is absolutely necessary, no general orders have gone out to U. S. soldiers stationed in France. The soldiers in Germany have also been told to stay away from leaves in Paris until things cool down.

Honey-Date Candy Takes No Cooking, Healthful as Food

Candy doesn't always have to be a mere appetite-stopper. It can add needed nutrients to your diet if you choose it carefully. This is especially true if you make the candy yourself — and that is not as hard as it sounds. Consider the case of honey and dates, two of the most healthful foods your grocer has to offer. Separately these foods are sure to satisfy your sweet tooth; together they combine into a most delicious confection. Honey-Date Candies These Honey-Date candies take no cooking, eliminating the need for a candy thermometer. There is none of the risk of failure that attends the making of most candies, for the directions are simple and fool-proof. First, start with the dates and slit them on one side with a sharp knife. Remove the pit and fill with one of the following fillings: Put one half cup dried apricots and one-half cup walnuts through fine knife of a food chopper. Add one-fourth cup honey and blend well. PEANUT BUTTER — HONEY Combine one-fourth cup peanut butter and two tablespoons honey. Blend well. NUT-RAISIN-HONEY Put one-half cup seeded raisins, one-half cup brazil nuts through food chopper using fine knife. Add honey to moisten. Note that honey serves as the binding agent in all these recipes. It also points out the flavor of the ingredients it accompanies and keeps the candy moist and fresh for a long time. This is an all-season candy idea. Good in the summer as a quick-energy lift, good in the fall, and available during all the winter, honey-date candies can become your favorite party stand-by.

Boy Suffocates While Prisoner in Trunk

Schwabach, Germany —P— Jerry had just locked his German playmate into a big steam-trunk in which they were playing in the attic. There came the voice of his mother: "Jerry, it's dinner time." Jerry, a 5-year-old son of a U. S. army officer, scrambled. When his friend, Klaus, failed to appear at his dinner table his worried parents called the police. They searched the city park and a nearby pool. No trace of Klaus. When Jerry woke up next morning, he remembered his friend. His parents rushed up to the attic. Klaus had died in the airtight trunk. Police refused to identify the American boy because of his age.

Spicy Green Pea Soup

Especially good at lunchtime is spicy Green Pea Soup. It's quick and easy. Prepare a can of condensed green pea soup according to directions on the can. For added zip, put in a bit of Worcestershire sauce and allspice. Heat and serve topped with chopped hard cooked egg.

Man's Recipe

Discussion on Sugar With Recipe for Spicy Tea Bread

BY HAYDN S. PEARSON

If you have not learned your new fact for today, this may serve the purpose. World production of sugar and world consumption are now about equal at approximately 400 million tons. Historically, sugar has been in heavy over-production with the exception of international trouble times and wars. Over-production has meant low prices for consumers and hard going for the producers. That was the natural result of the law of supply and demand. Cuba is the world's largest producer, and Cuba now restricts production. Along with this controlled production, the use of sugar has increased substantially on a world-wide basis. When I was a boy on the farm in the 1910 era, we always

bought sugar in 100-pound bags. And we bought flour by the barrel! Tea Bread Today's recipe is an easy, sweet-spicy tea bread. Use one egg beaten, one half cup white sugar, two thirds cup light brown sugar, one cup rich milk, one half teaspoon almond extract, two cups flour, two teaspoons baking powder, three fourths teaspoon soda, three fourths teaspoon salt, one half teaspoon cinnamon, one half teaspoon allspice, one half cup chopped nuts, two thirds cup seedless raisins soaked and drained. In a bowl mix egg, sugars and milk and almond extract. In second bowl sift the flour, baking powder, soda, salt and spices. Mix this well. Mix nuts and raisins into the flour. Add

Plastic Surgery Might Help Insurance Rates

Detroit —P— Better plastic surgery might put a brake on auto insurance rates, says a Detroit surgeon. Dr. Claire L. Straith, plastic surgeon and chief of staff at Straith Memorial hospital, spoke Monday night to the Detroit Insurance Adjusters association. If auto accident victims had their injuries cared for to prevent or reduce scarring, Dr. Straith said, injuries would not return the high damage judgments which now help boost insurance rates.

egg mix to flour and blend thoroughly. Pour into a greased loaf pan. Bake at 350 degrees for about 35 minutes or until done. Cool on rack a few minutes before turning out.

In This Presentation of Fresh asparagus the vegetable's delicate flavor is complemented by Swiss cheese sauce zested with black pepper.

Harbinger of Season

Fresh Spring Asparagus Excellent With Sauces

As much a part of spring as the first robin's song and sunshine smiling after showers are the green lances of fresh asparagus that suddenly appear in the food markets. No other food so thrillingly spells the taste of spring.

This subtly flavored, delicately textured vegetable, described by a modern gourmet poet as "so tender, so young, so fair", is an aristocrat from way back. Gourmandizing Romans of Caesar's day started their banquets with asparagus appetizers and the ancient Greeks relished the vegetable in its wild state.

Like most aristocrats, asparagus has little need for embellishment. It emerges in all its spring-tasting glory when cooked to exquisite perfection and lightly laved with a gently piquant sauce.

In epicurean circles there are several schools of thought about asparagus sauces. One declares that Fresh Lemon Butter Sauce is the only perfect foil for asparagus' uniquely delicious flavor. Another prefers

a butter that contributes texture contrast as do Almond Butter and Bread Crumb Butter.

Asparagus is a good source of vitamins A, C and folic acid, and contains health helping minerals. Its calorie count is so low — only about 24 to a 5-stalk serving — that even the pound fighter can afford to splurge occasionally with his or her favorite gourmet sauce.

Prepare Stalks
To prepare fresh asparagus for cooking: Wash asparagus, break off and discard the lower part. The stalks break easily just below the tender part. Remove scales. Wash thoroughly. One pound of fresh asparagus yields approximately four servings.

To Cook Whole
Tie asparagus stalks in bundles (five to six stalks each) with strings. Stand them upright in the bottom part of a double boiler that contains one teaspoon salt and one and a half inches boiling water. If you wish to retain the bright

green color of the asparagus, boil 10 minutes without cover. Then, cover with the top part of the double boiler and cook until tips and stalks are tender.

The boiling water cooks the stalks while the rising steam cooks the tender tips. By this method the whole stalk is uniformly cooked.

To cook whole fresh asparagus stalks in a large bottom saucepan: Place asparagus in two layers in a 9-inch saucepan. Sprinkle with one teaspoon salt. Pour on boiling water to a depth of one inch. Cover and boil 15 minutes or until stalks are just crisp-tender. Serve with one of the following sauces:

Lemon-Butter Sauce
Melt one-fourth cup butter in a saucepan. Add one tablespoon sliced blanched almonds in one-fresh lemon juice, one-fourth teaspoon salt and one-eighth

teaspoon ground black pepper. Serve over cooked fresh asparagus.

Crumb-Butter Sauce
Melt six tablespoons butter in a saucepan. Add two-thirds cup soft bread crumbs. Heat thoroughly. Serve over cooked fresh asparagus.

Almond-Butter Sauce
Saute one-fourth cup finely sliced blanched almonds in one-fourth cup butter. Serve over cooked fresh asparagus.

Parish Pupils May Use Public School Buses

Trenton, N. Jersey — (AP) — The New Jersey Supreme court Monday ruled public school buses carrying children to junior and senior high schools may also carry children to parochial elementary schools.

The court voted 6-1 to reverse a ruling by the state board of education. The case involved a regional high school which opened a junior-senior high school in 1956 in Berkeley.

Before the regional school was set up, children going to parochial school in Toms River rode on buses which provided transportation to Toms River's public schools. For a while, the regional school buses continued the practice of carrying the parochial school children.

Then a taxpayer complained and the state education commissioner ruled the regional school buses could carry only these parochial school children in grades 7-12. The younger children could not ride on the buses. He was upheld by the state board of education.

In its opinion the court said state law permits regional school buses to carry parochial school children. Previous court rulings make no distinction between the grades involved, the opinion said, and the legislature has done nothing to make the law more restrictive.

He said everyone in the case agreed that carrying parochial school children at public expense was constitutional.

Keep on Hand

Mix a half cup of instant chocolate flavored beverage mix with a quart of milk, cover and refrigerate. Nice to have on hand for small-fry after-school snacks.

Look for this special bag of Big Jo Flour at your grocer's now. If you do not see it, ask your grocer for it.

BIG JO FLOUR

The Secret of Better Baking!

Consequences of Attacks on Nixon Disturb Reds

Actions Exposed Soviet Projects In South America

BY DAVID LAWRENCE

Washington — There is some evidence that the Moscow government is beginning to be disturbed over the consequences of the demonstrations against Vice President Nixon in Latin America. While steadily encouraging anti-Americanism in South America, the Kremlin, it is reliably reported, did not anticipate the kind of climax which now has brought a vigorous countermovement.

For today the communist projects of the last several years are in danger. There are more than 200,000 active communists in various Latin American countries, guided by daily communist newspapers. A number of trade missions have been aiding in the work of political infiltration. The publicity due to Nixon's experience and the exposure of communist intrigue have just given the communists unexpected worries. Their projects will come under fire now inside every country in Latin America.

Already the 4-party junta which rules Venezuela, in which the communist party is an equal member, is in trouble. Two civilian members of the junta have just resigned in protest against the inaction of the Venezuelan police. As for the strange behavior of the police — directed by a cabinet minister of communist sympathies — significant comment comes from Earl Mazo of the staff of the New York "Herald Tribune," who was an eyewitness to the incidents in which Nixon's life was threatened. He writes:

Killer Mob
"The Caracas killer mob of 300 screeching communist-led individuals, ranging from teenagers to aged derelicts, attacked Nixon's car as his motorcade was stalled in a mysterious traffic tieup. The Venezuelan police either vanished or froze where they stood. The tie-up occurred in a midtown area that is notorious for bloodshed in revolutions and riots."

"This reporter witnessed the attack on Nixon from a photographers' truck immediately in front of the vice president's car. The viciousness of the affair was compounded by the fact that the Venezuelan police did practically nothing to protect the vice president and his wife. The cool maneuvers of a half-dozen American secret service agents, several of whom were hurt, prevented injury to Nixon."

President Eisenhower naturally got reports by telephone about the incident. He decided to send marines to a near-by point in the Caribbean to be ready "just in case." Thoughtless critics promptly assailed him for doing so. But supposing Nixon had been trampled upon and taken prisoner, what would the critics have said? Of course they would have denounced the president for not having taken proper precautions.

Should Nixon have canceled the trip to Latin America? Secretary Dulles answers this way: Simpler to Judge

"These things, you know, are much simpler to judge after the event than before the event. I believe myself, in the light of what we knew before Vice President Nixon went there, it was a quite correct judgment on his part to go. I think if we had all known what was going to happen there and had been able to foresee the events, probably he would not have gone. But you know, if you don't go to places because of threats you will be locked up at home. I have never gone to any country in the world, hardly, but what I have had threats and there have been demonstrations of one sort or another. It is so with the vice president who has also visited a great many countries. If you allow yourself to be deterred by threats of that kind the result is that the communists will imprison you at home. I don't accept that at all."

"The miscalculation in the case of the visit to Caracas was primarily a miscalculation as to the adequacy and effec-

tiveness of the police force. It's how to cope with the type virtually melted away at the sight of trouble. That wasn't an- as the communist agitators put it. I don't know whether or not. But if there had been boomerang in favor of the United States and against communism, the anti-communists in South America will have an issue now which will grow into a son whatever to have concluded that the trip was unwise to have undertaken.

Police Inadequate
"Now we can see, in the light of the events, that that might be alienated. For, throughout perhaps have been foreseen. Latin America, they know that the police force that had been the maintained under Estrada had long run do more for all the been virtually liquidated, and people of this hemisphere than we see now that the substitute can the opportunistic communist police that had been created nist regime in Moscow. was inadequate and did not

(Copyright, 1958)

2 More Home Permits Push Total to 82

Permits for construction of two new homes in Appleton have pushed the total of such permits for the year to 82. Wayne Hanson will build a 5-room house, with bath, at 530 Harding drive for about \$10,000. Frank Eisch will build a 5-room house, with bath, breezeway and garage, at 905 W. Marquette street for about \$15,000. Other permits went to: Robert Goehler, for a porch at

302 S. Walter avenue, to cost about \$200. Dabbe Stern, for remodeling at 839 E. Franklin street, to cost about \$1,150. Forches F. K. Jahnke, for a screen porch at 812 S. Telulah avenue, to cost about \$350. Martin Worthin, for a 1-car garage at 1232 E. Marquette, to cost about \$500. L. E. Ellis, for a 2-car garage at 1731 S. Walden avenue, to cost about \$500. Franklin Ecke, for remodeling at 229 S. Telulah, to cost about \$120. William Meyer, for repairs to a porch at 909 N. Division street, to cost about \$25.

Kiwanis Official Assails 'Softness'

Trends leading to what he called "softness" in the American character were assailed by W. A. Griffiths, Sr., Appleton, Lt. Gov. of Kiwanis Division 3, in a talk to the North-side Kiwanis club. Symptoms of potential American weaknesses are permissive attitudes toward children and a tendency for people to become marginal traffic law violators, he said. Dependence on government for social welfare benefits also were labeled dangerous by Griffiths.

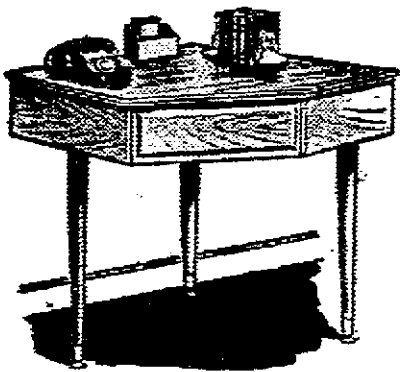

Edward F. Koch Named President Of Area Accountants

Edward F. Koch, Appleton, was named president of the Northern Wisconsin chapter of the National Association of Accountants when the group held its annual election in Green Bay. Other new officers are Roy E. Rickert, Appleton, and George J. Kalcik, Green Bay, vice presidents; Erwin H. Feldhahn, Appleton, secretary; Robert J. Rand, Manitowoc, treasurer. New directors include James Wrase and Wesley M. Kolbe, both of Appleton; Victor Schmidt, Menasha; and A. H. Spiegel, Shawano.

Reckless Driving Charge Dismissed
A charge of reckless driving against Larry Ingebreetsen, 18, route 2, West DePere, has been dismissed by Municipal Judge Oscar J. Schmiede, who ruled the state had not presented sufficient evidence. Ingebreetsen was arrested by county police after they saw his car and another driving at a high rate of speed in and near a parking lot at the Pine Castle ballroom April 6. A second youth involved was fined for reckless driving.
